**Are you looking for an incredibly good manuscript for learning french? Are you frustrated because you want to leave for a trip to french, but you can't due to your lack of french language knowledge? Do you know what is the hardest thing to find in a language learning manuscript? If you want to know the answer, then keep reading... Probably you have already tried to learn french by watching your favorite movies and series, and maybe you could not see them until the end, giving up right away because they were talking too fast and you could not understand that much. If this happened to you, you probably thought that learning french is too difficult, if not impossible for you... Science helps you here. Did you know that we memorize and learn information more easily through stories? Because our brain likes it, it has been so used from an early age, with the stories they told us, cartoons etc. In this way it is more inclined to learn. As a result, it is easier to learn and memorize a new language by reading stories. There are several manuscripts similar to this one for learning french but they are not really optimal or suitable for beginners for different reasons: complicated terms are used, the stories are too long, lack of vocabulary, excessive amount of grammatical errors, lack of techniques and suggestions to help the reader to memorize effortless and other carelessness that you will not find in this manuscript. In this bundle of series 1, 2, 3 and 4 you'll find: - Tips and techniques about learning languages (and not just Italian) - The fundamentals of the Italian language - Some of the most complex issues of the Italian language - 50 lessons broken down into verb tenses - Core vocabulary which can be used in multiple situations - The present simple tense with the verb "essere" - The various ways in which verbs can be conjugated - The Present Continuous Tense - The Present Simple Tense with regular and irregular verbs - 5 empowering lessons with all the tenses together and much more! In fact, even if you have never spoken or written in french, no need to worry because this book was designed specifically for people like you... At the end of each story, there are 10 questions and suggested answers that will guide you in each of your answers. In addition to get the most out of this manuscript you'll find a parallel translation of the stories in English and at the beginning of each lesson, there is a glossary that contains the words of the story that will follow. This will help you to memorize the most important words of each story. In conclusion with all these advantages it will be scientifically impossible not to learn french. If you are ready to learn quickly and effortless french, just buy a copy now of this manuscript to start speaking french fluently.**

**Have you always admired the French language, culture, and people? Do you love to travel and really immerse yourself in the culture of your destination? Or does the idea of taking a language class make you start to sweat with feelings of stress, nervousness, and anxiety over taking on more work? There is a better way for you to learn the language you've always hoped to - and you have found it with this guide. There are so many things that stop us from tackling a new activity, such as learning a new language. Time, money, accessibility, and motivation are just some of the big things stopping us from doing the things we always hoped to, like learning French, the "Language of Love!" This guide tries to overcome a few of those obstacles by making it easy,**

manageable, and enjoyable because most of the time, the hardest part is just starting! And, did you ever realize that learning French can be a game-changer? As one of the most widely used languages in the world, the ability to speak French can offer new career opportunities as business becomes more global. While it is a common belief that children have an easier time learning languages than adults, Richard Roberts's 2015 study *Becoming Fluent: How Cognitive Science Can Help Adults Learn a Foreign Language*, published by The MIT Press, introduces how adults can actually master a new language through different learning techniques. He explains how adults can, unlike children, use the skills they have developed throughout their lives to learn a new language, and they can be just as successful. This book includes: **Daily French Lessons: The New And Proven Concept To Speak French In 36 Days Learn French In Your Car: How To Learn French Fast While Driving To Work In this guide, you'll discover: The most effective (i.e., simple and fast) method to learning the basics of everyday French, even if you think of yourself as a slow learner Detailed lessons to teach you what you need to know without overwhelming you and sending you into an anxiety attack An easy-to-use verb guide and how to use them - sometimes the most complicated part of learning a language, made easy How you can learn French at your own pace - without the stress of homework or tests, so you can truly learn the language Dozens of exercises (with answers) included, so you don't need to make them up yourself, providing everything you need in one, convenient place The worst pronunciations you are saying, and how to master the correct pronunciation to sound like a local How to win over the French people and immerse yourself into travel - wherever you go The most romantic French words and phrases that will heat up your love life, even if you're the least romantic person you know None of us - no matter our age - can learn a new language overnight. But when we decide we want to enrich our travel experiences and understanding of the world by learning a language, you have to have the right tool. This is the tool, as it will give you a method that is fast, easy, and accessible, because we are all busy and we are pulled in a million different directions. Have you always admired the French language, culture, and people? Do you dream of traveling to Paris someday, but you don't want to go when you're ready and can speak their language? Or does the idea of taking a language class make you sweat with feelings of stress, nervousness, and anxiety over taking on more work? There is a better way for you to learn the language you've always hoped to - and you have found it with this guide. There are so many things that stop us from starting a new activity, such as learning a new language. Time, money, accessibility, and motivation are just some of the big

stopping us from doing the things we always hoped to, like learning French, the "Language of Love!" This guide tries to overcome a few of those obstacles by making it easy, manageable, and enjoyable because most of the time, the hardest part is just starting! And when you have made your way through this book and practice what you've learned, you will be ready for that trip to Paris so you can fully immerse yourself in the food, wine, landscapes, and pulse of French culture. Contrary to a common belief that children have an easier time learning languages than adults, Richard Roberts's 2015 study *Becoming Fluent: How Cognitive Science Can Help Adults Learn a Foreign Language*, published by The MIT Press, introduces how adults can actually master a new language through different learning techniques. He explains how adults can, unlike children, use the skills they have developed throughout their lives to learn a new language, and they can be just as successful. In this guide, you'll discover: The absolute best method for you to develop French-speaking skills - without requiring a ton of time you don't have Detailed lessons to teach you what you need to know without overwhelming you and sending you into an anxiety attack How you can learn French at your own pace - without the stress of homework or tests, so you can learn the language Daily lessons and exercises, already designed for you, so you don't have to plan or organize anything and you can just open your book The worst pronunciations you are saying, and how to master the correct pronunciation to sound like a native An easy breakdown of the French parts of speech, so you actually understand the rules, not just memorize the vocabulary The most common expressions you will need for your trip to France to fool them into thinking you speak fluently The most romantic French words and phrases that will heat up your love life, even if you're the least romantic person you know. Yes, all of us - no matter our age - can learn a new language overnight. But when we decide we want to enrich our travel experiences and understanding of the world by learning a language, you have to have the right tool. Now you can understand and appreciate about the language you love to listen to and have always admired. If you are ready to start your journey with the "Language of Love," click "Add to Cart" now!

Determine when to use different verb tenses? Master spelling and punctuate rules? Converse confidently in your new language? Build correct sentence structures

"A delightful and courageous tale and a romping good read. Voila!" —Mark Greenside, author of I'll Never Be French (No Matter What I Do) William Alexander is more than a Francophile. He wants to be French. There's one small obstacle though: he doesn't speak la langue française. In Flirting with French, Alexander sets out to conquer the language he loves. But will it love him back? Alexander eats, breathes, and sleeps French (even conjugating in his dreams). He travels to France where mistranslations send him bicycling off in all sorts of wrong directions, and he nearly drowns in an immersion in Provence, where, faced with the riddle of masculine breasts, feminine beards, and a turkey cutlet of uncertain gender, he starts to wonder whether he should've taken up golf instead of French. While playing hooky from grammar lessons and using memory techniques, Alexander reports on the riotous workings of the Académie française, the four-hundred-year-old institution charged with keeping the language pure; explores the science of human communication, learning why it's easier for fifty-year-olds to learn a second language than it is for five-year-olds; and, frustrated with his progress, explores a research lab, where he trades barbs with a futuristic hand-held translator. Does he succeed in becoming fluent? Readers will not be as surprised as Alexander is to discover that, in a fascinating twist, studying French may have had a far greater impact on his life than actually learning to speak it ever would. "A blend of passion and neuroscience, this literary love affair offers surprise insights into the human brain and the benefits of learning a second language. Reading William Alexander's book is akin to having an MRI of the soul." —Laura Shaine Cunningham, author of Sleeping Arrangements "Alexander proves that learning a new language is an adventure of its own--with all the unexpected obstacles, surprising breakthroughs and moments of sublime pleasure traveling brings." —Julie Barlow, author of Sixty Million Frenchmen Can't Be Wrong

**NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller Guitar Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.**

**It's true that some people spend years studying French before they finally get around to speaking**

**the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of French, #LanguageHacking shows you how to learn and speak French through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in French from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.**

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

Discover How to Learn French in a fast, easy, and fun way! Have you ever wanted to learn french but weren't sure where to start? This book is the perfect place to begin learning this beautiful and romantic language. Don't waste any more time and money with classes, textbooks, audio courses, computer programs and other materials until you have read this. Coming from 10 years of experience and having already shown thousands of language learners the right way to learn

languages... Read on to learn the secrets they don't give you in class. Life is good for me. I am fluent in several languages and conversational in many more. I have friends I speak to on a daily basis who don't speak a word of English. My language ability has opened career doors and made immediate friends out of strangers. Better yet, I receive enjoyment out of using my languages daily in meeting people, watching movies and reading my favorite books. How was I able to learn a foreign language so fluently in such a short period of time? Let me give you a hint: it's not because I'm a genius, spend 10 hours a day studying or have some "gift" for learning languages. It's because I developed a METHOD that will allow you to IMMEDIATELY: Learn new words and phrases quicker than you ever have before and not worry about forgetting them! Speak without a single error. Natives will be scratching their heads wondering why you speak so much better than the other foreigners. Be able to "study" the language without getting bored ever! No more painful language learning. Become fluent quicker than anyone you know. I'm sure you know of people who have studied a language for a couple or more years. Now you can be fluent well within that time. Surprisingly, the best, easiest and quickest way to learn a language is not written in those textbooks, audio programs, computer programs or other materials. In fact, most of the time, they advocate a painful, hard way to get to fluency. What I've learned in the past 10 years is, it doesn't have to be painful or long! This isn't to say those materials are completely useless but if you want to gain from them as quickly and efficiently as possible, you need to incorporate them into a larger plan. I wrote this book to stop others from making the same mistakes I did when I started to learn languages. I wrote it to show the fastest, quickest and most efficient way to learn languages so that you don't waste a single minute or dollar. I've read a lot of material about language learning and used a lot of different methods. I've discovered what works and what doesn't. Everything I've written in my book is the tips, secrets and method that I've found to actually work to get me to fluency in the shortest period of time. You won't find any ridiculous ideas here like subliminal learning while you sleep. Everything here has been tested by me from scratch and is from real world experience. I have personally invested 10 years and thousands of dollars on learning the best, most efficient way to learn languages. I wish that I could have been able to buy the knowledge and information presented in this book when I first started out. It could have saved me a lot of trouble, time and money. Many people spend thousands of dollars or more on audio programs, textbooks, classes and other language learning materials. What if this book saved you from wasting money on even one of those? If this book saved you even just one hundred hours of studying, what would that be worth to you? Probably a lot more than the cost of this book. A lot of people start out learning a language and then give up somewhere in the middle, never reaching fluency and wasting all the energy, time and money they spent getting somewhere in the middle. Make sure you are not one of those people and invest today to discover what really works and how you can get to fluency quickly and efficiently.

You Are About To Discover The Little Known Secrets To Learning French Within Just 7 Days! As one of the most spoken languages in the world, one of the most used for international communication and one of the most learned second languages in the world, it makes sense that you've set your eyes on learning French, either as a second, third or fourth language; it really doesn't matter. But if you've ever tried to study a foreign language in school, you are probably aware of how difficult it can be. Indeed, learning a new language is a complex, time-consuming task that requires hard work, persistence, and dedication. But sometimes the biggest setback to learning new languages is our own fears: The fear of saying the wrong thing The fear of making a mistake The fear of being unable to find the right word The fear of embarrassing yourself And so forth It is perfectly okay to have these fears; they are a normal part of the learning process. What you need is to take a new approach and effective strategies to learning French to ensure that the time and energy you put to the task does not go to waste. What are these strategies? How do you apply them in your everyday life to start speaking French in as little as 7 days? How do you approach the learning process in a way that you really can grasp what you learn, apply it and master it to be able to speak French in such a record time? Are there any rules you should follow as you learn to speak French so that you can speak it well in a short time? If you have these and other related questions, this book is for you so keep reading, as it covers the process of speaking French in a record 7 days, using an approach that will see you constructing simple and intermediate French sentences with confidence. The book explains the key principles that lead to effective language learning, and provides activities that will help you practice these principles. More precisely, this book will teach you: How to make basic conversation in French How to ask questions in French Everything you need to know about the French syntax How to converse about sports and music in French How to master stress and accents in French How to make comparisons in French without sounding like a 2 year old Common myths about learning a new language you ought to disregard Powerful tips that will make the learning process a lot easier How to ask or give directions in French without having to resort to using hand signals, single word syllables and or pointing images How to describe food, drinks, and clothes in French And much more! Indeed, learning French does not have to be hard work. You can say goodbye to the old days of forcing yourself to recite verb conjugations in a never-ending loop, only to come out the other side barely being able to speak a single word. Thanks to some significant breakthroughs over the last few years that have enabled us to understand how the human mind learns languages, studying a new language has never been easier. So if you are struggling in your French classes, this book will provide practical, proven methods to help you ace the language within no time! And it is written in simple, easy to follow steps to help anyone learning French for the first time understand it without too much effort. Do not waste any time! [Click Buy Now With 1-Click](#) or [Buy Now](#) to get started!

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our fingertips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: [www.thelinguist.com](http://www.thelinguist.com).
