Updated in an all new 3rd edition, Pediatric Care Plans for the Hospitalized Child is an essential guide to

Access Free Pediatric Nursing Care Plans For

preparing individualized care plans tailored to meet the special needs of the non-critical, hospitalized child. This book provides a quick reference for correlating pediatric medical diagnoses with nursing diagnoses, and will serve as a valuable tool in the clinical setting. A unique thirteen-part format provides care

plans that are organized
by medical diagnoses
with six corresponding
nursing diagnoses for
each medical diagnosis.

In this new edition all of
the nursing care plans
are situated in tables
instead of text, making
it much easier for the
reader to understand and
access.

An outstanding resource
