Commons of Great Britain as a member of the Whig party. He is mainly remembered for his support of the cause of the American Revolutionaries, and for his later opposition to the French Revolution. The latter led to his becoming the leading figure within the conservative faction of the Whig party, which he dubbed the "Old Whigs", in opposition to the pro-French Revolution "New Whigs", led by Charles James Fox. Burke was praised by both conservatives and liberals in the 19th century. Since the 20th century, he has generally been viewed as the philosophical founder of modern conservatism,

Using Self-Assessment to Improve Student Learning

Using Self-Assessment to Improve Student

Learning synthesizes research on self-assessment and translates it into actionable guidelines and principles for pre-service and in-service teachers and for school leaders, teacher educators, and researchers. Situated beyond the simple how-to frameworks currently available for teachers and graduate students, this volume illuminates self-assessment's complexities and substantial promise to strategically move students toward self-regulated learning and internalized goals. Addressing theory, empirical evidence, and

common implementation issues, the book's developmental approach to quality self-assessment practices will help teachers, leaders, and scholars maximize their impact on student self-regulation and learning.

The Model Rules of Professional Conduct provides an up-to-date resource for

information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a

variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
