Captivated readers have
followed Jessica through
every step and misstep:
from her life as a**

tormented, tart-tongued teenager to her years as a college grad stumbling toward adulthood. Now a young professional in her mid-twenties, Jess is off to a Caribbean

wedding. As she rushes to her gate at the airport, she literally runs into her former boyfriend, Marcus Flutie. It's the first time she's seen him

since she reluctantly turned down his marriage proposal three years earlier—and emotions run high. Marcus and Jessica have both changed dramatically, yet their

connection feels as familiar as ever. Is their reunion just a fluke or has fate orchestrated this collision of their lives once again? Told partly

clinically relevant context appropriate for the first two years of the medical student course. One of the seven volumes in the Systems of the Body series. Concise text covers the core anatomy, physiology and biochemistry in an integrated manner as required by system- and problem-based medical

courses. The basic science is presented in the clinical context in a way appropriate for the early part of the medical course. There is a linked website providing self-assessment material ideal for examination preparation.

Dalit literature particularly fiction,

autobiography and poetry has emerged as a vital modern literary force in India. The scope and richness of this literature is brilliantly exemplified by novels like Fakira which is the landmark novel in the foundation of Dalit literature in India. Authors like Anna Bhau Sathe illustrate experiences of caste

discrimination, untouchability, and Dalit subjugation. The undaunted and ceaseless battle of the protagonist Fakira for the collective welfare of his community forms the core of the narrative. He revolts against the rural orthodox caste system and the British Raj to save his village from utter
