September 11th, 2001 was America's wake up call to terrorism. Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is

there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now... A midnight ritual by a secret society in the English Countryside nearly costs Thomas Spell his life. He

Painting With Fabric is Jeanine Malaney's technique of creating artworks with fabric utilizing fabric collage, raw edge appliqué and free-motion quilting. This is a How-To book using this technique which will allow you to paint a

picture with fabric! It's not a typo...it is not painting on fabric, though Jeanine does utilize paints minimally for shading or highlighting; rather, this is creating a "painting" with the medium of fabric instead of paint! Soooooo fun and less threatening than using paints. Jeanine's technique is basically fabric collage, enhanced with sewing techniques (raw-edge appliqué and free-motion quilting). She cuts fabric pieces and compose a collage by gluing and rearranging pieces on a background fabric she call my

"canvas". After college, Jeanine may add shading and detail features with fabric paint. She then secures the image with clear or smoke monofilament thread. After squaring up she may add fabric borders, then she layers with backing and batting. With a quilting process you can then increase texture and highlight features creating a three-dimensional effect. You can then produce your own continuous binding to match or compliment borders. Each unique piece should be titled, signed, and framed. Fundamental to this technique

is a process of finding an inspiration, establishing a design based on the elements of artistic composition, selecting appropriate fabrics, collage layering, free-motion quilting, use of paint for detail and shading, and finishing touches for a professional look (borders, squaring, binding, labeling). All steps are explained and illustrated in detail in the book. Also included are design tips for skies and water, for mountains, rocks and cliffs, for foliage and trees, figures and buildings.
