1970's Billericay Boy is the story of a boy growing to early manhood in the Seventies and transports the reader slap-bang into the middle of a world of 'bunking' off school, getting the 'whack', smoking Players' cigarettes at the top of the school field and 'getting off' with 'birds' at the back of the Archer Hall disco. The book is as hilarious, moody and sad as the lives of many teenagers of the time were and those who grew up in

Dripping with nostalgia and peppered with a host of unforgettable characters, the author remembers his first clumsy encounters with girls, the first vehicles he ever owned and the first time he ever got drunk, as well as reliving the pressures and uncertainties of growing up and starting work during one of Britain's worst economic

In Part 2 the learning opportunities around the twenty-six objects are laid out in detail to illustrate how they can be put into practice. While the book focuses on object-based pedagogy employed with the under-sevens age category, many of the principles can also be applied with older children.
