The experiences of an ordinary man on the pilgrim's path are charted in this narrative that walks along the Camino Francés to the shrine of Saint James at Santiago de Compostela and then on to Finisterre, the westernmost point of Spain. The history of the Camino is recounted, as well as several of the myths, legends, and miracle stories that have become attached--and given special meaning--to this itinerary. Emphasizing that personal myths are an essential part of this lore, this chronicle also includes stories from the confraternity of the pilgrims, people from all corners of the world who visit this walk for a great diversity of reasons, but all of whom leave having experienced the same miracle--that this pilgrimage will play a defining role in their lives. Describes the voyage of the Mayflower and the difficulties encountered by the Pilgrims during their first year in the New World, and recounts how they celebrated their first harvest.

We are Wampanoags, People of the Breaking Day. Nippa'uus the Sun, in his journey through the sky, warms us first as he rises over the rim of the sea. At his birth each new morning we say, "Thank you, Nippa'uus, for returning to us with your warmth and light and beauty." But it is Kiehtan, the Great Spirit, who made us all: we, the two-legged who stand tall, and the four-legged; those that swim and those that fly and the little people who crawl; and flowers and trees and rocks. He made us all, brothers sharing the earth. So begins the story of the Wampanoag people, the tribe that lived in southeastern Massachusetts at the time the Pilgrims landed. In this companion book to *The Pilgrims of Plimoth*, winner of the Boston Globe-Horn Book Award for nonfiction, Marcia Sewall recreates the world of the Wampanoags, the People of the Breaking Day. In a voice that evokes the pride and natural poetry of these native people and in paintings glowing with life and light, the distinguished author-illustrator presents another view of an important time in American history, a time before the meeting of two very different cultures.

Details the sixteenth-century Spanish explorer's travels in the Caribbean and his discoveries of Florida and Puerto Rico during his unsuccessful search for the fountain of youth.

Literary Non-Fiction: A Writers' & Artists' Companion is an essential guide to writing in a wide range of genres, from travel writing to feminist polemic and writing on nature, history, death, friendship and sexuality. Part 1 explores the full range of genres and asks the question: what is literary non-fiction? Part 2 includes tips by such bestselling literary non-fiction writers as: Lisa Appignanesi, Rosemary Bailey, Gillian Beer, Bidisha, Lizzie Collingham, William Dalrymple, Stevie Davies, Colin Grant, Rahila Gupta, Philip Hoare, Siri Hustvedt, Alice Kessler-Harris, Barry Lopez, Richard Mabey, Robert Macfarlane, Sara Maitland, Neil McKenna, Caroline Moorehead, Susie Orbach, Jennifer Potter, Susan Sellers, Dava Sobel, Diana Souhami, Dale Spender, Francis Spufford, Daniel Swift, Colin Thubron, Natasha Walter, Sara Wheeler and Simon Winchester. Part 3 offers practical advice - from planning and researching to writing a proposal and finding an agent or a publisher when your work is complete.

David Lindsay, researching old records to learn details of the life of his ancestor, Richard More, soon found himself in the position of the Sorcerer's Apprentice-wherever he looked for one item, ten more appeared. What he found illuminated not only More's own life but painted a clear and satisfying picture of the way the First Comers, Saints and Strangers alike, set off for the new land, suffered the voyage on the Mayflower, and put down their roots to thrive on our continent's northeastern shore. From the story, Richard emerges as a man of questionable morals, much enterprise, and a good deal of old-fashioned pluck, a combination that could get him into trouble-and often did. He lived to father several children, to see, near the end of his life, a friend executed as a witch in Salem, and to be read out of the church for unseemly behavior. Mayflower Bastard lets readers see history in a new light by turning an important episode into a personal experience.

Counts things associated with a harvest feast in colonial Plymouth Colony, including pilgrims, Wampanoags, nuts, squash, and, of course, turkeys.

"Vivid and remarkably fresh...Philbrick has recast the Pilgrims for the ages."--The New York Times Book Review Finalist for the Pulitzer Prize in History New York Times Book Review Top Ten books of the Year With a new preface marking the 400th anniversary of the landing of the Mayflower. How did America begin? That simple question launches the acclaimed author of In the Hurricane's Eye and Valiant Ambition on an extraordinary journey to understand the truth behind our most sacred national myth: the voyage of the Mayflower and the settlement of Plymouth Colony. As Philbrick reveals in this electrifying history of the Pilgrims, the story of Plymouth Colony was a fifty-five year epic that began in peril and ended in war. New England erupted into a bloody conflict that nearly wiped out the English colonists and natives alike. These events shaped the existing communities and the country that would grow from them.

The 2011 award-winning publication The Christian Faith garnered wide praise as a thorough, well-informed treatment of the philosophical foundations of Christian theology, the classical elements of systematic theology, and exegesis of relevant biblical texts. Pilgrim Theology distills the distinctive benefits of this approach into a more accessible introduction designed for classroom and group study. In this book, Michael Horton guides readers through a preliminary exploration of Christian theology in “a Reformed key.” Horton reviews the biblical passages that give rise to a particular doctrine in addition to surveying past and present interpretations. Also included are sidebars showing the key distinctions readers need to grasp on a particular subject, helpful charts and tables illuminating exegetical and historical topics, and questions at the end of each chapter for individual, classroom, and small group reflection. Pilgrim Theology will help undergraduate students of theology and educated laypersons gain an understanding of the Christian tradition’s biblical and historical foundations.

A Story of Courage, Community, and War Mayflower

Aye, Governor Bradford calls us pilgrims. We are English and England was our home...But our lives were ruled by King James, and for many years it seemed as though our very hearts were in prison in England... September, 1620, our lives changed. We were seventy menfolk and womenfolk, thirty-two good children, a handful of cocks and hens, and two dogs, gathered together on a dock in Plymouth, England, ready to set sail for America in a small ship

called the Mayflower... In a text that mirrors their language and thoughts, Marcia Sewall has masterfully recreated the coming of the pilgrims to the New World, and the daily flow of their days during the first years in the colony they called Plimoth. And in stunning, light-filled paintings, she brings to brilliant life that important era in American history.

*A Seattle Times selection for one of Best Non-Fiction Books of 2010 Winner of the New England Historical Association's 2010 James P. Hanlan Award Winner of the Outdoor Writers Association of America 2011 Excellence in Craft Award, Book Division, First Place "A compelling and well-annotated tale of greed, slaughter and geopolitics." —Los Angeles Times As Henry Hudson sailed up the broad river that would one day bear his name, he grew concerned that his Dutch patrons would be disappointed in his failure to find the fabled route to the Orient. What became immediately apparent, however, from the Indians clad in deer skins and "good furs" was that Hudson had discovered something just as tantalizing. The news of Hudson's 1609 voyage to America ignited a fierce competition to lay claim to this uncharted continent, teeming with untapped natural resources. The result was the creation of an American fur trade, which fostered economic rivalries and fueled wars among the European powers, and later between the United States and Great Britain, as North America became a battleground for colonization and imperial aspirations. In *Fur, Fortune, and Empire*, best-selling author Eric Jay Dolin chronicles the rise and fall of the fur trade of old, when the rallying cry was "get the furs while they last." Beavers, sea otters, and buffalos were slaughtered, used for their precious pelts that were tailored into extravagant hats, coats, and sleigh blankets. To read *Fur, Fortune, and Empire* then is to understand how North America was explored, exploited, and settled, while its native Indians were alternately enriched and exploited by the trade. As Dolin demonstrates, fur, both an economic elixir and an agent of destruction, became inextricably linked to many key events in American history, including the French and Indian War, the American Revolution, and the War of 1812, as well as to the relentless pull of Manifest Destiny and the opening of the West. This work provides an international cast beyond the scope of any Hollywood epic, including Thomas Morton, the rabble-rouser who infuriated the Pilgrims by trading guns with the Indians; British explorer Captain James Cook, whose discovery in the Pacific Northwest helped launch America's China trade; Thomas Jefferson who dreamed of expanding the fur trade beyond the Mississippi; America's first multimillionaire John Jacob Astor, who built a fortune on a foundation of fur; and intrepid mountain men such as Kit Carson and Jedediah Smith, who sliced their way through an awe inspiring and unforgiving landscape, leaving behind a mythic legacy still resonates today. Concluding with the virtual extinction of the buffalo in the late 1800s, *Fur, Fortune, and Empire* is an epic history that brings to vivid life three hundred years of the American experience, conclusively demonstrating that the fur trade played a seminal role in creating the nation we are today.*

*Lake Wobegon goes to Italy in Garrison Keillor's latest Twelve Wobegonians fly to Rome to decorate a war hero's grave, led by Marjorie Krebsbach, with radio host Gary Keillor along for the ride. The pilgrimage is inspired by a phone call from an Italian woman seeking her Lake Wobegon roots and by a memoir *O Paradiso* by a farm wife who found the secret of life and love in Italy. And by marjorie's longing to win back the love of her husband Carl. Far from home, sitting in the rain in the Piazza Navona, the pilgrims talk about themselves, as they never could do in the Chatterbox Café. "You're not going to write about this, I hope," says Irene Bunsen. "Of course I am. I invented this town," says Mr. Keillor. "Oh my, aren't you something," she replies.*

"A donkey?" blurted my family as one. For a moment it didn't seem they'd ever be able to list all the reasons that made this so entertainingly ludicrous. . . . Yes, I'd never ridden a donkey on a beach or petted one at a city farm, never even pinned a cardboard tail to one's throat after the cake and ice cream....A donkey would be my hairy-coated hair shirt, making my pilgrimage to Santiago de Compostela a truer test of the will, a trial." With these words, having no knowledge of Spanish and even less about the care and feeding of donkeys, Tim Moore, Britain's indefatigable traveling Everyman, sets out on a pilgrimage to the cathedral at Santiago de Compostela with a donkey named Shinto as his companion. Armed only with the Codex Calixtinus, a twelfth-century handbook to the route, and expert advice on donkey management from Robert Louis Stevenson, Moore and his four-legged companion travel the ancient

*five-hundred-mile route from St. Jean Pied-de-Port, on the French side of the Pyrenees, to the cathedral at Santiago de Compostela, which houses the remains of Spain's patron saint, St. James. Over sun-scorched highways, precipitous bridges, dirt paths shaded by leafy trees, and vineyards occasionally lashed by downpours, Moore and Shinto pass through some of the oldest towns and cities in northern Spain in colorful company, both past and present. Pilgrims real and imagined have traveled this route throughout the ages, a diverse cast of wayfarers spanning Charlemagne, St. Francis of Assisi, Chaucer's Wife of Bath, and New Age diva, Shirley MacLaine. Moore's present-day companions are no less florid or poignant. Clearly more interested in Shinto than in Moore, their fellow walkers are an assortment of devout Christian pilgrims, New Age spirituality seekers, travelers grieving over a lost love affair, Baby Boomers contemplating the advent of middle age, and John Q. Public just out for a cheap, boozy sun-drenched outdoor holiday. As Moore pushes, pulls, wheedles, cajoles, and threatens Shinto across Spain toward the crypt of St. James in a quest to find the spiritual pilgrim within, the duo overnights in the bedrooms, dormitories, and--for Shinto--adjacent grassy fields of northern Spain's hostels, inns, convents, seminaries, and farmhouses. Shinto, a donkey with a finely honed talent for relieving himself at the most inopportune moments, has better luck in the search for his next meal than Moore does in finding his inner St. Francis. Undaunted, however, Man and Beast finally arrive at the cathedral and a successful end to their journey. For readers who delighted in his earlier books, *Travels with My Donkey* is the next hilarious chapter in the travels of Tim Moore, a book that keeps the bones of St. James rattling till this day.*

What have a deaf nun, the mother of the first baby born to Europeans in North America, and a condemned heretic to do with one another? They are among the virtuous virgins, marvelous maidens, and fierce feminists of the Middle Ages who trail-blazed paths for women today. Without those first courageous souls who worked in fields dominated by men, women might not have the presence they currently do in professions such as education, the law, and literature. Focusing on women from Western Europe between c. 300 and 1500 CE in the medieval period and richly carpeted with detail, *A Medieval Woman's Companion* offers a wealth of information about real medieval women who are now considered vital for understanding the Middle Ages in a full and nuanced way. Short biographies of 20 medieval women illustrate how they have anticipated and shaped current concerns, including access to education; creative emotional outlets such as art, theater, romantic fiction, and music; marriage and marital rights; fertility, pregnancy, childbirth, contraception and gynecology; sex trafficking and sexual violence; the balance of work and family; faith; and disability. Their legacy abides until today in attitudes to contemporary women that have their roots in the medieval period. The final chapter suggests how 20th and 21st century feminist and gender theories can be applied to and

complicated by medieval women's lives and writings. Doubly marginalized due to gender and the remoteness of the time period, medieval women's accomplishments are acknowledged and presented in a way that readers can appreciate and find inspiring. Ideal for high school and college classroom use in courses ranging from history and literature to women's and gender studies, an accompanying website with educational links, images, downloadable curriculum guide, and interactive blog will be made available at the time of publication. For use in schools and libraries only. First published in 1935, *Pilgrims of the Wild* is Grey Owl's autobiographical account of his transition from successful trapper to preservationist. With his Iroquois wife, Anahereo, Grey Owl set out to protect the environment and the endangered beaver. Powerful in its simplicity, *Pilgrims of the Wild* tells the story of Grey Owl's life of happy cohabitation with the wild creatures of nature and the healing powers of what he referred to as "the great Northland" of "Over the Hills and Far Away." A bestseller at the time, *Pilgrims of the Wild* helped establish Grey Owl's international reputation as a conservationist. His legacy of warnings against the degradations of nature and the dangers of industry live on, despite the posthumous revelation that he wasn't, in fact, the First Nations man he claimed to be.

Divided into three sections - "Early Paths," "Medieval Roads," and "Modern Ways" - the book describes every aspect of pilgrimage past and present, from the practicalities of setting out, to the difficult conditions of travel, to the great sites such as Rome, Jerusalem, Santiago de Compostela, and Canterbury. The book looks at the pilgrims themselves, from St. Brendan, who is said to have cast himself adrift, letting God guide his search for a paradisaic holy island, to the penitents, cure-seekers, and adventurers who in the Middle Ages set out for the unknown in their millions."
