The Pink Dress is based on the true experience of the author's mother in a Japanese American Internment

Camp during World War II. With her junior high graduation approaching, Tsuki, a young internee, is enchanted by her older sister's pink dress, especially as she wrestles with her anger at their barbed-wire surroundings. The school administrators, however, have decided that green will be the official color of the graduation. But everyone is not the same, and Tsuki decides to wear the pink dress to prove that she is not an ant, but a human being. This poignant story about individuality in the face of racism has powerful lessons for all age groups and brings to life an important event in American History.
