The reimagined story of Anarcha, an enslaved Black woman, subjected to medical experiments by Dr. Marion Sims. Selected by Tyehimba Jess as a National Poetry Series winner. In this provocative collection by award-winning poet and artist Dominique Christina, the historical life of Anarcha is personally reenvisioned. Anarcha was an enslaved Black woman who endured experimentation and torture at the hands of Dr. Marion Sims, more commonly known as the father of modern gynecology. Christina enables Anarcha to tell her story without being relegated to the margins of history, as a footnote to Dr. Sims's life. These poems are a reckoning, a resurrection, and a proper way to remember Anarcha . . . and grieve her.

Seventeen original tales take readers into the secret worlds of cats where they will meet a strange cast of feline characters, such as a Seer who must take destiny into her own paws to defeat a dictatorial tomcat thug and a black cat who assembles a special army to wage war on evil. Original.

You live in any sprawl long enough, you ll find out that there s a lot more to it than businessmen and soykaf stalls. Any sprawl worth its mettle has its dark corners, its forgotten places, its spots that are just as wild and untamed as the deepest rainforest. Seattle, the prime metroplex in the world for shadowrunning, is filled with such places, and Sprawl Wilds gives shadowrunners a chance to tour them. From a fortress-like Barrens farm recovering from a mysterious attack to a dark secret hidden in a clinic, runners have a chance to see the sites most people never encounter, and uncover information that some people want to stay secret at any cost. They ll meet jaded smugglers, wary police officers, passionate activists, hardened criminals, wounded warriors, and at least one deranged killer. The questions are, will they survive long enough to collect a paycheck and how much of the sprawl will be nothing more than dust when they re done with it? Sprawl Wilds is a collection of Shadowrun Missions developed for major summer gaming conventions. These adventures have been adapted for both Shadowrun, Twentieth Anniversary Edition and Shadowrun, Fifth Edition, and they provide hours of shadowrunning goodness for experienced street veterans and new shadowrunners alike. With complete game information, including NPC stats, these adventures are poised to plunge players into urban chaos!

It is the wet season in the Australian outback. Drunk and delirious, an old ex-pilot known as “Pisspot Stevie” lies dying in a remote cabin in the Queensland bush. When a priest named Roger Hargreaves comes upon him, Stevie is smoking opium to relieve the pain of his last moments. The priest listens as Stevie, in an opium-fueled haze, begins to describe a very different life he once lived—not in the past, but decades in the future, as a mixed-race aviator who finds love and glory in service to the Queen. After Stevie’s death, as Hargreaves tries to sort dream from reality, he makes discoveries that cause him to wonder if he has been granted a glimpse beyond the veil.

New York Times bestselling author, Food Network star, and *The Pioneer Woman* herself, Ree Drummond brings us the first book in a brand-new picture book series! In Ree's own words: “I was all grown up when I moved out to the country. When I first arrived, I felt so out of place! But eventually, I looked around and discovered all the wonderful things about country life. So I decided to write a story about my experiences, as seen through the eyes of a little girl named Ree. Little Ree moves to the country and feels as scared and unsure as I was. But then she finds that if she sets her mind to it, being a country girl is a pretty cool thing. Come along on her adventures!” Little Ree trades in her city days for a country way of life when she moves with her family to her grandparents’ ranch. She’s excited to ride horses, swim in the pond, and help Grandma cook for everyone. But on her first day, she finds that living on a ranch can be tough. She

has to get up at the crack of dawn, learn to herd cows, and make sure her horse, Pepper, doesn't eat everything in sight. And that's all before breakfast! Will she ever get used to this new place? Luckily, the end of the day brings a big family barbecue...and the happy discovery that being a country girl isn't about the right pair of boots, it's all about the right attitude. With warmth, humor, and stories inspired by life on the ranch, Ree Drummond's new picture book introduces us to a spunky new picture book star and treats us to a special pancake recipe at the end!

Joyful Mending shows you how to fix old items of clothing, linens and household objects by turning tears and flaws into beautiful features. Simply by applying a few easy sewing, darning, felting, or crocheting techniques, as well as some sashiko and other favorite embroidery stitches, you can repair your favorite pieces in a transformative way. These techniques don't just save you money, but make your life more joyful, fulfilling and sustainable in an age of disposable "fast fashion." Author Noriko Misumi teaches you her philosophy of mending and reusing items based on the age-old Japanese concepts of mindfulness and Wabi Sabi (an appreciation of old and imperfect things). In her book, she shows you how to: Repair any kind of fabric that is torn, ripped or stained—whether knitted or woven Work with damaged flat or curved surfaces to make them aesthetically pleasing again Create repairs that blend in, as well as bold or whimsical visible repairs Darn your handmade or expensive gloves, sweaters and socks to make them look great again The joy to be found in working with your hands and the personal artistry you discover within yourself lie at the heart of this book. While nothing lasts forever, there's pleasure, as well as purpose, in appreciating age and imperfection. Joyful Mending allows you to surround yourself with the things that truly give you joy, whether they were given to you by a loved one, picked up in your travels or simply have a special place in your heart.

Britain, in the mid 21st century. A new prime minister, Lev Solokov is elected. In spite of his Russian surname, he is the charismatic politician who, on the surface, appears to be just what Britain needs. But he's not what Gavin needs. Gavin is a Pustoy, a human who, among countless others, Solokov's researchers has declared a soulless, subhuman race. Solokov joins a dark lineage of genocidal tyrants that have gone before him. In synthesizing his own race to persecute others, perhaps he has succeeded in a horror more insidious than any of his forebears, especially as he appears to have done so with both overwhelming public blessing and encouragement. Or at least he would have, if not for the increasing din of the Pustoy protesting outside his offices. Chosen at

random owing to his position as a forefront campaigner for the rights of the Pustoy, Gavin is framed for a crime he didn't commit and is forced to go on the run, and so Solokov in one fell swoop kills any budding sympathy the people may have had for the Pustoy, and would appear to have silenced one of his loudest protestors. Just who are the Pustoy of this world? The persecutors or the persecuted? Will Gavin remain a hunted scapegoat? Is Solokov acting for the greater good; are the Pustoy really devoid of a soul? More importantly, how far away is this future, really? Phillippe Blenkiron's conceptual poetry collection demands these questions of the reader, whilst offering an unflinching examination of the human psyche, exploring the clouded moral hues between black and white, between right and wrong, that exist inside all of us. For fans of "1984," "Brave New World," and other greats of dystopian fiction, Philippe Blenkiron's debut poetry collection is shocking, unsettling, and closer to real-life than we dare admit...
