Computer coding sounds intimidating to many people, but what if there was an easy-to-use, affordable device that could help teach this skill in a fun, innovative way? There is! Raspberry Pi is a tiny computer that kids (and adults) can program to create a wearable

camera, a game console, and much, much more. Learn about the development of Raspberry Pi and how it is used in homes and schools. Grab your magical sword and take the place of your favorite fantasy character with this fun and historically accurate how-to guide to solving epic quests. What should you ask a magic mirror? How do you outwit a genie? Where should you dig for buried treasure? Fantasy media's favorite clichés get new life from How to Slay a Dragon: A Fantasy Hero's Guide to the Real Middle Ages, a historically accurate romp through the medieval world. Each entry presents a trope from video games, books, movies, or TV—such as saving the princess or training a wizard—as a problem for you to solve, as if you were the hero of your own fantasy quest. Through facts sourced from a rich foundation of medieval sources, you will learn how your magical problems were solved by people in the actual Middle Ages. Divided into thematic subsections based on typical stages in a fantastical epic, and inclusive of race, gender, and continent, How to Slay a Dragon is perfect if you're curious to learn more about the time period that inspired some of your favorite magical worlds or longing to know what it would be like to be the hero of your own mythical

adventure.

Say goodbye to the crippling stress and anxiety that come with dating in the 2020s with the dating advice all single people need. Have you ever convinced yourself that your crush is definitely not into you because they didn't watch your Instagram story? Have you ever pretended that you didn't want anything serious because you assumed your potential partner didn't want anything serious with you? Have you ever spent hours figuring out the "perfect" response to your date's text? Well Candice Jalili, senior sex and dating writer at Elite Daily, has done all of those things and she's here to tell you to stop. Stop giving in to your anxieties and insecurities. Stop replaying and rehashing every interaction. Stop thinking that you're not

good enough exactly the way you are. Instead, take a deep breath and just send the text. In today's society, dating can be stressful. And Candice gets it: between social media, dating apps, the hookup culture, and just, you know, the patriarchy—there's no denying it; dating is hard. But there's no reason for dating to transform you into a ball of stress. Laid out in seven easy-to-follow steps, *Just Send the Text* will help you to let go of any dating-related stress and anxiety by accepting that, for the right person, just being yourself is more than enough. The book is filled with helpful tips including: -Don't be afraid to block someone on social media -Embrace dating apps as one of the many ways to meet a potential partner -Stop wasting your time trying to convince someone you're worthy of theirs -Being vulnerable might hurt in the short-term, but it will benefit you in the long-run Featuring first-person interviews with real women, visual aids, and compelling statistics, *Just Send the Text* will give you the courage to put yourself back out there, embrace dating once again, and find a real, authentic kind of love in today's world.

In high school, Michael Crider was the jokester, the drummer in a band, the Howie Mandel impersonator. Fast-forward ten years and the funny man has married and become the family man. *The Guy's Guide to Surviving Pregnancy, Childbirth, and the First Year of Fatherhood*—Crider's candid, down-to-earth account of his transformation—proves that even without much sleep, he has kept his sense of humor completely intact. From the moment he hears the unexpected news that the pregnancy test is positive to the end of his son's first year of life, Michael Crider is awed, anxious, and all-too-human. In between these milestones, he endures the aches and pains of his wife's pregnancy (which had a clear impact on his own bodily comfort), swallows his pride when bunny wallpaper replaces his beloved Budweiser

File Type PDF Pokemon Fire Red Guide

mirror, has a short and only partially-appreciated stint as her labor coach on the Big Day, and experiences every one of his son's "firsts" as though they were his own. Honest, informative, hilarious, and heartwarming, *The Guy's Guide to Surviving Pregnancy, Childbirth, and the First Year of Fatherhood* is a must-read for all new parents.

Just as Green is about to meet her long-lost parents, they are sucked into a vortex created by a mysterious Pokémon! Red and Blue want to help, but first they must improve their battle skills. Then, the Three Beasts of Team Rocket are up to their old tricks again! Which former enemy will unexpectedly come to our friends' aid...? -- VIZ Media

An Instant New York Times Bestseller! From the beloved host of Good Morning America and New York Times bestselling author Robin Roberts, a guide to instilling hope and optimism into readers' lives, infusing their days with positivity and encouragement. Over the last 16 years as the esteemed anchor of Good Morning America, Robin Roberts has helped millions of people across the country greet each new morning, gracing our screens with heart and humility. She has sought to bring a bit of positivity into each day, even in the most trying of times. Now, she shares with readers the guidance she's received, her own hard-won wisdom, and eye-opening experiences that have helped her find the good in the world and usher in light—even on the darkest days. Drawing on advice and knowledge she gleaned from conversations with loved ones, spiritual practices, and life experiences, Robin offers a window into how she feeds her own mind, spirit, and soul and invites readers to do the same. With a deeply personal touch, she explains that just like any skill, optimism requires practice and demonstrates how we can shift our mindsets and give ourselves permission to let our best intentions take root and be true. Full of profound insight and the compassion to meet readers wherever they are on their journey, this contemplative and uplifting read is a breath of fresh air that will bring a dose of joy into your daily life.

Firered official game guidePrima Lifestyles

Pokemon Unite is a MOBA technique game in which players can battle against one another with the title animals. The game puts accentuation on online multiplayer mode and collaboration between colleagues. The game was created by The Pokemon Company and TiMi Studios. The distributor is Tencent. Pokemon Unite is like other versatile technique games like MOBA. The move of the game makes put on a regular guide with bases having a place with the two sides at two ends. We notice the universe of the game according to an isometric viewpoint, and the fundamental objective of the game is to overcome the contrary group. Collaboration between colleagues assumes a key part. This game acquaints two curiosities with the notable equation - first and foremost, the great starts with getting the pokemons present on the guide, which we then, at that point use in the battle against our opponents. Besides, we accomplish triumph not by obliterating the foe's base, yet by acquiring focuses from them (we get them for overcoming pokemons). Customarily for Pokemon series (and MOBA games), as the game advances our animals create and acquire new abilities. We can just play Pokemon Unite with others. The center of the game is an online multiplayer mode intended for ten players (5 versus 5). It is important that the game backings cross-stage interactivity - clients of various gaming frameworks can play together. Pokemon Unite has a significant decent, three-dimensional visual computerization. In this regard, creation isn't altogether unique in relation to different games dependent on the Pokemon permit. The game offers an unmistakable shading plan and exemplary, manga style. The models of the individual pokemons are especially imperative.

The BBC's "face of space" explores all things lunar in this comprehensive guide to the folklore, facts, and possible futures of our only natural satellite. Have you ever wondered if there are seasons on the moon or if space tourism will ever become widely accessible? So has Dr. Maggie Aderin-Pocock, astronomer and host of the BBC's docuseries, The Sky at Night. In this lucidly written guide, Aderin-Pocock takes readers on a

fascinating lunar journey. Aderin-Pocock begins with a basic overview—unpacking everything from the moon’s topography and composition to its formation and orbit around the Earth. She examines beliefs held by ancient civilizations, the technology that allowed for the first moon landing, a brief history of moongazing, and how the moon has influenced culture throughout the years. Looking to the future, she delves into the pros and cons of continued space travel and exploration. Throughout the book are sidebars, graphs, and charts to enhance the facts as well as black-and-white illustrations of the moon and stars.
