'Nations under God: The

disciplines such as political science, international relations theory, sociology, theology, anthropology, and geography. Utilising case studies, empirical investigations, and theoretical examinations, this book focuses

"This practical and helpful volume details how clinicians can work through various and common challenges inherent to psychotherapy, whether within the context of

Online Library Polaris Xpedition 425 Parts

individual, marital, or group settings. Chapters draw upon wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using

Online Library Polaris Xpedition 425 Parts

countertransference for
therapeutic purposes;
resistance, especially
when it needs to be the
focus of the therapy; and
a prioritization of
exploration over

explanation and favor working in the here-and-now. Along with theory and clinical observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight

Online Library Polaris Xpedition 425 Parts

different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt termination of therapy, treating a couple that's lost compassionate

Online Library Polaris Xpedition 425 Parts

neutrality, and more. In addition to offering advice and strategies for therapists, the book also addresses foundational concerns like the matter of fees in private

Online Library Polaris Xpedition 425 Parts

Using Lady Morgan's The Wild Irish Girl as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps the genealogy of this development in fiction, political

discourse, and the popular press, from Edgeworth's Castle Rackrent through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s.
