***The book pet lovers have been waiting for: professional advice on pet photography. Every pet parent knows how difficult it is to get that calendar-quality photo of a beloved cat or dog. This guide to pet photography is long overdue! Pet lovers will find terrific tips to help them capture their pets' personalities in photos, while professional photographers who want to extend their business opportunities will value advice on the unique challenges of working with animals and creating the portraits their clients want. With pet owners comprising more than 62 percent of Americans, there is an eager amateur market for a book that reveals how to get great photos of those furry family members. Zeroes in on pet photography as a growing specialty among professional photographers, and this book offers advice for creating great pet portraits as well as tips on working with animals and their owners. Explains how to capture expressions, avoid spooky eyes, edit for better images, work with multiple animals, and much more. As the first serious guide to pet photography on the market, Beautiful Beasties has what pet parents and professional photographers need to capture memorable pet photos.***

Advanced Photoshop Elements 4.0 for Digital Photographers

PC Magazine

Once you have mastered the basics, this is the book to further develop your skills to get professional results with this affordable software. Under Philip's expert guidance you will be taken to the next level, far beyond Element's basic concepts and skills so you can achieve the optimum results from this powerful package. Philip includes details on how to push Elements to its limits as well as how to manage the digital workflow in general, covering scanner and camera

capture techniques, advanced image changes, how to produce darkroom techniques digitally, as well as graphics capabilities and explaining how they all fit together. You will learn how to fix common scanning problems; make the most of dodging and burning-in techniques; adjust images for changes in color balance; set up a color managed workflow and much, much more!
