The new novel from the author of the Sunday Times bestseller, *The Silversmith's*. Stunning historical fiction, perfect for fans of Tracy Chevalier. Broadstairs, Kent, 1851. Once a sleepy fishing village, now a select sea-bathing resort, this is a place where people come to take the air, and where they come to hide... Delphine and her cousin Julia have come to the seaside with a secret, one they have been running for years. The clean air and quiet outlook of Broadstairs appeal to them and they see this as a place they can hide from the darkness for just a little longer. Even so, they become increasingly involved in the intrigues and relationships of other visitors to the town. But this is a place with its own secrets, and a dark past. And when the body of a young girl is found washed up on the beach, a mysterious message scrawled on the sand beside her, the past returns to haunt Broadstairs and its inhabitants. As the newcomers are drawn into the mystery and each others' lives, they realise they cannot escape what happened here years before... A compelling story of secrets, lies and innocence...

A new emotional and gritty drama from the bestselling author of *The Throwaway Children*. After her mother's death, twenty-year-old Sophie Ross is left orphaned with only her erstwhile nursemaid and faithful friend, Hannah for company. Penniless

little chance of an income, she looks for work as a governess in London to avoid destitution. But unbeknown to Sophie, her mother instructed Hannah to post a letter to Trescadinnick House in Cornwall upon her death. The letter will be the catalyst that changes Sophie's life forever as she learns of her mother's doomed romance and the family she left behind in Cornwall. The Penvarrow family welcomes Sophie into their fold, but the new life she's built is threatened by secrets and lies that soon come to light... What readers are saying about *Miss Mary's Daughter*: 'Diney Costeloe's books are always first on my list, she writes such wonderful stories' 'I loved everything about this novel. It's an intriguing plot with a well-rounded group of characters and a beautifully written setting'.

At the heart of this vibrant saga is a vast ship, the *Ibis*. Its destiny is a tumultuous voyage across the Indian Ocean; its purpose, to fight China's vicious nineteenth-century Opium Wars. As for the crew, they are a motley array of sailors and stowaways, coolies and convicts. In a time of colonial upheaval, fate has thrown together a diverse cast of Indians and Westerners, from a bankrupt raja to a widowed tribeswoman, from a mulatto American freedman to a freespirited French orphan. As their old family ties are washed away, they, like their historical counterparts, come to view themselves as jahaj-bhais, or ship-brothers. An unlikely dynasty is born, which will span continents, races, and generations. The vast sweep of this historical ac-

spans the lush poppy fields of the Ganges, the rolling high seas, the exotic back of Canton. But it is the panorama of characters, whose diaspora encapsulates the colonial history of the East itself, that makes *Sea of Poppies* so breathtakingly a masterpiece from one of the world's finest novelists.

Essays are included from every major Western period, including Classical, Middle Ages, Renaissance, and so on, right up to the contemporary. This collection provides a telling demonstration of the myriad ways that humanity has learned to live with the inevitability of death, where "live with" itself might mean any number of things: from consoling, to memorializing, to rationalizing, to fending off, to evading, and, perhaps most compellingly of all, to escaping. Engagingly written and drawing on examples from around the world, this volume is indispensable to both students and scholars working in the fields of medical humanities, thanatology (death studies), life writing, Victorian studies, modernist studies, narrative, contemporary fiction, popular culture, and more.*

This is a first-hand account of theatre in apartheid society. Exploring the forces which led to the foundation and development of "New South African Theatre", the financial backing provided by the South African business world, the black majority's point of view and the influence of cultural boycotts and problems of tours abroad, it provides specialist information on the Market Theatre. It also considers black consciousness and trade union and state-funded theatre in South Africa.

An analytic and historical perspective of literary texts to understand the position of domestic workers in South Africa More than a million black South African women are domestic workers. Precariously situated between urban and rural areas, rich and poor, white and black, these women are at once intimately connected and at a distant remove from the families they serve. Ena Jansen shows that domestic worker relations in South Africa were shaped by the institution of slavery, establishing social hierarchies and patterns of behavior that persist today. Tragedy strikes, the horror of war rages on, and Ginnie will do whatever she must to protect everything she holds dear.

Elsa Joubert's The Long Journey of Poppie Nongena

The past three decades have seen a global shift in disaster management from an event driven response to a 'could-be' risk management approach. Disaster risk reduction (DRR) has become entrenched as a dominant paradigm within the field of disaster management. More than a decade after adopting DRR legislation in South Africa there remains a dearth of evidence that this has translated into substantive action.

This book examines the institutionalisation of DRR in South Africa, conceived of as a political economy of knowledge production. Using a critical theory approach, the book does not consider why DRR is failing but instead asks 'why DRR?' As such, it explores possibilities beyond DRR's narrow optic and offers new insights into disaster management through the lens of South Africa. This is valuable reading for graduate students and academics working in disaster studies, geography, public policy and development/post-development studies, as well as policy makers.

This is how a family keeps a secret...and how that secret ends up keeping them. This is how a family lives happily ever after...until happily ever after becomes complicated.

This is how children change...and then change the world.

When Rosie and Penn and their four boys welcome the newest member of their family, no one is surprised it's another baby boy. At least their large, loving, chaotic family knows what to expect. But Claude is not like his brothers. One day he puts on a dress and refuses to take it off. He wants to

bring a purse to kindergarten. He wants hair long enough to sit on. When he grows up, Claude says, he wants to be a girl. Rosie and Penn aren't panicked at first. Kids go through phases, after all, and make-believe is fun. But soon the entire family is keeping Claude's secret. Until one day it explodes. Laurie Frankel's *This Is How It Always Is* is a novel about revelations, transformations, fairy tales, and family. And it's about the ways this is how it always is: Change is always hard and miraculous and hard again; parenting is always a leap into the unknown with crossed fingers and full hearts; children grow but not always according to plan. And families with secrets don't get to keep them forever.
