illustrated and provide clear, step-by-step instructions for practicing safe nursing care. Unexpected Outcomes and Related Interventions for skills alert you to possible problems and appropriate action. Procedural Guidelines boxes provide streamlined, step-by-step instructions for performing very basic skills. More than 20 care plans demonstrate the application of the 5-step nursing process to individual patient problems to help you understand how a plan is developed and how to evaluate care. Over 20 concept maps visually demonstrate planning care for clients with multiple nursing diagnoses. Planning sections include sections on Goals and Outcomes, Setting Priorities, and Collaborative Care to help you plan and prioritize comprehensive client care. Implementation sections include health promotion, acute care, and continuing care to prepare you for all levels of care in all settings. UNIQUE! Safety Alerts provide information and techniques to ensure client and nurse safety based on The Joint Commission's list of National Patient Safety Goals. Cultural Aspects of Care boxes summarize cultural considerations related to the chapter topic and provide practical guidelines for how to meet clients' cultural needs and preferences. Client Teaching boxes help you plan effective teaching by first identifying outcomes, then developing strategies on how to teach, and, finally, implementing measures to evaluate learning. Focus on Older Adults boxes highlight key aspects of nursing assessment and care for this population. FREE Clinical Companion pocket guide includes everything from definitions and abbreviations to dosage calculations and lab values to give you quick, convenient access to all of the information you'll need to know in your clinicals. NEW multi-media DVD features additional resources to help improve your nursing skills and examination scores: Over 55 updated skills prepare you for today's clinical practice.
