those teachers who teach English as a foreign language in countries where a language other than English is the official language. This range of educators teaches English to children, adolescents, and adults in primary, secondary, post-secondary, popular education, and language academies or tutoring centers. The diversity of learners and contexts within the TESOL field presents a unique opportunity for educators to address varied educational and societal needs. This opportunity calls for TESOL educators who can support the whole learner in a range of contexts for the greater social good. There is an urgent need for readily reproducible and step-by-step research-based practices and current standards in TESOL that

bridge the gap between critical scholarship and equitable teaching practices. This book would serve as a critical addition to current literature in TESOL. TESOL Guide for Critical Praxis in Teaching, Inquiry, and Advocacy is an essential reference that provides practical and equitable step-by-step guides for TESOL educators through the current best practices and methods for effective and equity-minded teaching, critical inquiry, and transformative advocacy. This book is of particular value as it bridges theories to practices with a critical look at racial and social justice in English language teaching, which will lead to the integration of social justice-focused practice across the new curriculum. Covering topics such

as integrated language instruction, equity and inclusivity, critical consciousness, and online learning, this text is essential for in-service and pre-service TESOL educators, education students, researchers, administrators, teacher educators, and academicians.
