A diverse set of contributions to the expanding field of ecocritical studies Seeking a broad reexamination of visual culture through the lenses of ecocriticism, environmental justice, and animal studies, this compendium offers a diverse range of art-historical criticism formulated within an ecological context. *Picture Ecology* brings together scholars whose contributions extend chronologically and geographically from eleventh-century Chinese painting to contemporary photography of California wildfires. The book's fifteen interdisciplinary essays provide a dynamic, cross-cultural approach to an increasingly vital area of study, emphasizing the environmental dimensions inherent in the content and materials of aesthetic objects. *Picture Ecology* provides valuable new approaches for considering works of art in ways that are timely, intellectually stimulating, and universally significant. With contributions by Alan C. Braddock, Maura Coughlin, Rachael Z. DeLue, T. J. Demos, Mónica Domínguez Torres, Finis Dunaway, Stephen F. Eisenman, Emily Gephart, De-nin D. Lee, Gregory Levine, Anne McClintock, James Nisbet, Andrew Patrizio, Sugata Ray, and Greg M. Thomas.

You ' re already establishing a track record with your kid by how you listen, by what you say when you ' re angry, and by how you treat your spouse. We like to surprise parents who ask us, " When do I start talking about sex? " The answer is, you ' ve already started. As difficult as talking with your child about sex, peer pressure, and self-image may seem, you can do it—and you must. Your child ' s future depends on it. Fortunately, you ' ve got plenty of guidance and insight available in *A Chicken ' s Guide to Talking Turkey with Your Kids about Sex*. Family psychologist Dr. Kevin Leman and sexuality educator Kathy Flores Bell guide you safely along the sometimes rocky road of pubescence as your child heads toward adolescence. This practical and engaging book covers his or her development not just from the waist down, but also from the neck up, where the important decisions about sex are made. Illustrated with real life scenarios, this book is filled with practical knowledge and biblical wisdom. It is a book of firsts: first bra, first shave, first period, first nocturnal emission, first school dance, first discussion about relating to the opposite sex. *A Chicken ' s Guide* takes on the difficult things parents face with their kids today, such as dating relationships, sexual activity and " rite of passage " attitudes, STDs, molestation, and more. Leman and Bell take you beyond sex education and frank conversations to cultivating a relationship with your child. Get ready to acquire some unanticipated life skills in the process. Moms, discover how to buy that first athletic supporter for your son in Little League. Dads, learn how to navigate the feminine hygiene aisle at the supermarket for your daughter. You ' ll do more than meet your child ' s physical needs. You ' ll create the trust, support, and security he or she needs in your relationship. And in turn, you ' ll gain a credible voice on such intimate topics as what sexual intercourse is and why to abstain from sex until marriage. With Bell ' s expert yet

simple knowledge of the dynamics of human sexuality and Dr. Leman ' s winsome, lighthearted approach, you ' ll gain confidence for those difficult but essential talks. Here are the tools you need to help your kids not only understand their growing bodies, but cope with the temptations and social pressures that go with them.

In this book, art historian Sabine Eiche has assembled a delightful collection of art to illustrate the turkey's adventures in Europe. The idea for Presenting the Turkey came to the author by reading a letter dated in 1531, written by an agent of Duke Francesco Maria della Rovere of Urbino, who recounted having seen something

"The Renaissance is celebrated for the belief that individuals could fashion themselves to greatness, but, as Mackenzie Cooley uncovers in this timely book, there is a dark parallel to this fāeted era. Those same men and women who were offering profound advancements in our understanding of the human condition-and laying the foundations of the Scientific Revolution-were also obsessed with controlling that condition and the wider natural world. Cooley traces how the Renaissance world, from the Mediterranean to Mexico City to the high mountains of the Andes, was marked by a lingering fascination with breeding. While one strand of the Renaissance celebrated a liberal view of human potential, another limited it by biology, reducing man to beast and prince to stud. 'Race,' Cooley explains, first referred to animal stock honed through breeding. And, to those who invented the concept, race was not inflexible but the fragile result of reproductive work. She follows these early modern breeders' work with Italian horses, Mesoamerican dogs, Andean camelids, and other creatures, discussing it in tandem with natural philosophers' efforts to make sense of inheritance, modification, and the new concept of race. In doing so, she shows how, as the Spanish empire expanded, the concept of race moved from nonhuman to human animals" Over the river Mama, Papa, and Baby Turkey embark for their vegetarian Thanksgiving Feast. But when a hungry boy and his dog start sniffing around, the turkeys have got to think fast before they become the main course! Acclaimed artist Derek Anderson's glorious autumn artwork adds heaps of holiday humor to Lydia Maria Child's classic Thanksgiving song. And readers of all ages will be wondering who gobbles up whom until the dessert finale.

A Chicken's Guide to Talking Turkey with Your Kids About Sex

This book offers a comprehensive account of Turkey's foreign policy narratives in a period of global power shifts. By examining international and national historical processes, the author highlights narrative processes and traditions that describe Turkey and its position in world politics. He also analyzes how global power shifts, such as the rise of China, affect Turkey's increasingly active and confusing foreign policy and the narratives associated with it. The book covers topics such as Kemalist modernization, Islamic conservative views of the New World Order, Turkey's relations with non-Western countries such as Russia and China, and Turkish narratives of the Syrian war and the COVID-19-pandemic. It is intended for scholars of international relations and European and Middle Eastern politics, and appeals to anyone interested in Turkish history and politics.

Feast is written to stand alongside Nigella's classic and best loved book, How to Eat. Comprehensive and informed, this stunning new book will be equally at home in the kitchen or on the bedside table. A feast for both the eyes and the senses, written with Nigella Lawson's characteristic flair and passion, Feast: Food that Celebrates Life is a major book in the style of her classic How to Eat, applying Nigella's "Pleasures and Principles of Good Food" to the celebrations and special occasions of life. Essentially about families and food, about public holidays and private passions, about how to celebrate the big occasions and the small everyday pleasures – those times when food is more than just fuel – Feast takes us through Christmas, Thanksgiving and birthdays, to Passover and a special Sardinian Easter; from that first breakfast together to a meal fit for the in-laws; from seasonal banquets of strawberries or chestnuts to the ultimate chocolate cake; from food for cheering up the "Unhappy Hour" to funeral baked-meats; from a Georgian feast to a love-fest; from Nigella's all-time favourite dish to a final New Year fast. Evocative, gorgeous, refreshingly uncomplicated and full of ideas, Feast proclaims Nigella's love of life and great food with which to celebrate it. Packed with over 200 recipes from all over the world – and from near home – with helpful menus for whole meals, and more than 120 colour photographs, Feast is destined to become a classic.
