Python is a powerful, expressive programming language that's easy to learn and fun to use! But books about learning to program in Python can be kind of dull, gray, and boring, and that's no fun for anyone. Python for Kids brings Python to life and brings you (and your parents) into the world of programming. The ever-patient Jason R. Briggs will guide you through the basics as you experiment with unique (and often hilarious) example programs that feature ravenous monsters, secret agents, thieving ravens, and more. New terms are defined; code is colored, dissected, and explained; and quirky, full-color illustrations keep things on the lighter side. Chapters end with programming puzzles designed to stretch your brain and strengthen your understanding. By the end of the book you'll have programmed two complete games: a clone of the famous Pong and "Mr. Stick Man Races for the Exit"—a platform game with jumps, animation, and much more. As you strike out on your programming adventure, you'll learn how to: -Use fundamental data structures like lists, tuples, and maps -Organize and reuse your code with functions and modules -Use control structures like loops and conditional statements -Draw shapes and patterns with Python's turtle module -Create games, animations, and other graphical wonders with tkinter Why should serious adults have all the fun? Python for Kids is your ticket into the amazing world of computer programming. For kids ages 10+ (and their parents) The code in this book runs on almost anything: Windows, Mac, Linux, even an OLPC laptop or Raspberry Pi! This is as much the story of Indian advertising as it is about India. Ad veteran Ambhi Paraneswaran looks at how advertising has evolved, reflecting the country's culture, politics and economy in the last fifty years. From sartorial taste and food habits to marriage and old age, music and language to celebrities and censorship, Ambi examines over a hundred ads to study how the Indian consumer has changed in the past five decades and how advertising and society have shaped each other. Combining anecdote and analyses to give us a slice of modern history, Ambi evaluates the relationship between affluence, aspiration and desire in India. Exploring trends and impacts, he covers the ads that captured the imagination of the entire country. From 'Only Vimal' and 'Jai Jawan Jai Kisan' to 'Jo bivi se kare pyaar' and the controversial Tuff's shoes campaign, the book is a memorable journey through brands, consumers and the world of advertising.

The revival of traditional printing methods has been afoot for the last decade, and the tactile charm of letterpress has ensured that its popularity is on the rise. Ladies of Letterpress is an organization that champions the craft, and in particular seeks to showcase and promote the work of women printers. A gallery of art by its members, the work in Ladies of Letterpress ranges from greetings cards to broadsides and posters, and is offered in a cornucopia of type and illustration styles. What comes through clearly, though, is the quality of the work: every one of these pieces is worthy of display on your wall, and with 80 detachable pages, you can create an instant and beautiful gallery of your own.

*Guru Dutt's filmography has some names which have long been considered as some of the best films to have ever been made in India. His masterpiece Pyaasa (1957) was featured in TIME magazine's All-Time 100 Movies list in 2005. His films are still celebrated and revered by viewers, critics and students of cinema the world over, not only for their technical brilliance but also for the eternal romanticism and their profound take on the emptiness of life and the shallowness of material success. He was Indian cinema's Don Juan and Nietzsche rolled into one. But while much has been said and written on the film-maker and his art, little is known about his life behind the screens. This richly layered account takes a deep dive into the journey of a lonesome, troubled genius who was endlessly being pulled in contrary directions throughout his life. A child prodigy, who actually began as a dancer learning from the great Uday Shankar, an unconventional film-maker who desired commercial success without ever compromising on artistic satisfaction, a self-made entrepreneur who hated numbers yet single-handedly ran a film studio juggling the roles of a producer, director, actor, financier — all this while struggling silently with a deeply troubled personal life, at the centre of which was his tumultuous marriage with Geeta Dutt. Guru had it all — love, family, money, fame and validation from his audience. His untimely death by suicide, that too after multiple failed attempts, had shocked the entire film industry. But what led to that fateful night when he tipped his hat and said his final goodbye? Best-selling Bollywood biographer Yasser Usman explores the man and the myth Guru Dutt in this definitive biography of a nonconformist star, uncovering the extraordinary lives of the rich and the famous as well as the incredible toll it takes on the emotional and mental health of a human being. With cameos from close friends and colleagues Dev Anand, Waheeda Rehman, Johnny Walker, S.D. Burman and most significantly Dutt's sister, noted painter Lalitha Lajmi, a short but compassionate, ambitious and ultimately tragic life reveals itself in the pages of this book. This is a gripping, meticulously researched and moving portrait of an unfinished life — a tale of unrequited love, unresolved relationships and unmatched cinematic talent.*

*-Padma Shri and late Hindi author Shivani's memoirs of studying at the experimental school set up by Rabindranath Tagore. -A rare view and stories of life inside the Ashram, of how the students' intimate relationships and interactions with Tagore and other towering personalities shaped them. -Includes tributes to other iconic personalities who called Shantiniketan their home, such as Satyajit Ray and Pandit Hajari Prasad Dwivedi. -Written with such warmth and filled with laughter, this book can be enjoyed by both adults and children. -Translated into English for the first time by Ira Pande, the author's daughter and Sahitya Akademi winner for her translation of Manohar Shyam Joshi's T'ta Professor This charming memoir is a loving homage to a grand institution and its legendary gurus. Written from the perspective of a child and young girl, it retains the freshness and innocence of an age when experimental education was not merely a trendy movement. Shivani's vivid pictures of the Ashram and portraits of her teachers and fellow students remain as alive as they seemed when she first wrote this memoir nearly fifty years ago. Along with the moving tributes she wrote when some of her beloved contemporaries passed away, this slim memoir is a sort of diptych that captures the spirit of the Ashram and the liveliness of its inmates, many of whom went on to become iconic Indians. Shivani's recall of her time there takes the reader into an enchanted garden that remains as inspirational to her as it was when she went there all the way from Kumaon a lifetime ago. The 10th-anniversary edition of this landmark investigation into how the Internet is dramatically changing how we think, remember and interact, with a new afterword.

'In those terrible days of the lockdown during the pandemic, we were all waiting. We were waiting for things to be all right. And one day, they will indeed be all right. But the dead will never come back. The businesses that have closed and will not reopen; the dreams dashed; the families and relationships that could not withstand the strain. This is why it is important to note down all the changes in our lives. Write them down in a journal. When we do that, we are recording our own history.' - Drawing as a way of keeping a diary, writing down thoughts in a journal as a way of maintaining a historical record - in watercolours and also in words. These were resources that Amitava Kumar had been using even before the pandemic arrived. But the task gained urgency just when he felt most isolated and afraid. The Blue Book is a writer's artistic response to our present world: one that has bestowed upon us countless deaths from a virus, a flood of fake news, but also love in the face of loss, travels through diverse landscapes, and - if we care to notice - visions of blazing beauty. From one of the acclaimed and accomplished authors of our time, this writer's journal is a panoramic portrait of the experience, both individual and collective, of the pandemic. - To mull over a beautiful line while looking upon a beautiful painting is the sublime pleasure offered by Amitava Kumar's The Blue Book. This painted diary is a collage of the personal and the political, of terrifying news, the fleeting seasons, everyday pleasures, precious conversations, families and friendships-and on every page, the solace of art.' -- KIRAN DESAI 'A lovely homage to--and extension of--the tradition of writer-artists such as John Berger.' -- GEOFF DYER 'It's not good to read another person's diary. But Amitava Kumar makes the experience so intimate in The Blue Book that you don't feel guilty. You feel like it is your own.' -- GULZAR
