

Probate The Guide To Obtaining Grant Of Probate And Administering An Estate

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

A Step-by-Step Guide to Wills and Probate explains how to write a simple will, and how to deal with the affairs of someone who has died. This new edition is completely revised and updated, and is written in plain language by authors who have many years' experience in the probate offices. It explains when you can do things yourself and when you need a solicitor. The subjects covered include: • Making your will: why do it; how to do it; appointing executors, the different gifts that can be made; how to make sure the will is valid and will be put into effect; examples • Who may apply for probate: how to work out who, of the relatives and friends left behind, is the one to sort out a deceased person's affairs. Who inherits if there is no will! • The estate: making sure that all the property and debts are found • Inheritance Tax: working out if tax has to be paid, how much, and the arrangements for paying it • Filling in the forms: essential paperwork, with examples. Will drafting/tax law/court forms and precedents updated to January 2011 • Going to court: the procedure for visiting the probate registry to finalise paperwork • Administering the estate: collecting together the property; paying the debts; distributing the inheritances

What happens to your estate after you are gone is very much within your control. Estate planning is not only for the wealthy; it is for everyone. It is simply the process of deciding where your assets are to be distributed after your death. For those people who wish to preserve their assets for designated purposes — such as family or special charities — it becomes necessary to make special advance preparations. To ensure your assets are protected and final wishes are carried out, there are some common actions that should be taken now. Proper estate planning allows you to plan for yourself and your loved ones without giving up control of your affairs. Your estate plan should also allow for the possibility of your own disability. It should detail what you own and whom you want to leave it to at a time of your choosing and the way you want. Your estate plan should include fully disclosed, controlled costs for you and your loved ones. The last thing you want to worry about is having your estate drained of value through taxes and legal costs. The right plan can protect the value of your estate and spare your loved ones unnecessary hassles and legal conflicts. The Complete Guide to Planning Your Estate in Texas will help you glide through this complicated process. This new book has been adapted to offer Texas residents state-specific advice for estate planning. Author Linda C. Ashar, Attorney at Law, has crafted an estate planning primer, allowing Texas residents to become more informed and more involved during the process. Many books on estate planning indicate you do not need the services of an attorney, but this book highly recommends using an attorney versed in this area: You should not go through the process alone. This book is intended explain the complicated issues, terminology, and planning strategies of estate planning so when you do meet with a qualified attorney, you will be well prepared. You will understand the legal terms and be ready to discuss issues and strategies with familiarity, saving you time and legal fees and ensuring peace of mind. Texas - specific information is offered throughout this book, including: Texas' s probate code, Texas rules, regulations, and laws specific to estate planning; elements of a valid Texas will; planning your living will in Texas; explanations of Texas laws regarding durable health care power of attorneys, do not resuscitate (DNR) orders, and directives to withhold CPR. The book' s easy-to-understand context clarifies this complicated and sensitive subject and gives readers the power to take control of their future. This book also offers an overview of abatement rules, settlement costs, guardianship and minor children, executors and trustees, life insurance, potential long-term care needs, marital deductions, types of trusts, gift splitting, survivorship deeds, 529 plans, reducing or eliminating estate taxes, avoiding tax on life insurance, using insurance to pay estate taxes, gift tax issues, generation skipping transfer tax, and tax-deferred accounts. Estate planning should be a positive experience. It involves reviewing your situation and planning for your future. Although few people want to think about the possibility of disability or disease, advance planning is also a way to show your love and to reduce potential distress later. Other books offer a non-state-specific overview of estate planning, causing many readers to be misinformed about rules and regulations particular to their state, but, this new book provides information Texas residents need to know. Do not get outdated or wrong information that does not pertain to you specifically. Use this new book to craft an estate plan that is not only legally sound but also fully carries out your last wishes and protects your loved ones.

This book will help you get started in the probate world or if you have experience already, can take your business to the next level with proven strategies from a real estate investor.

Contrary to popular belief, the presence of a will does not mean there will be no need for the probate process. Estate planners know this and when you hire an experienced one, you can by-pass the probate process. When this is not the case, however, and probate becomes inevitable, you should know that the process does not need to be complicated. As long as the necessary forms are filed, required persons are notified and proper procedures are followed; it can be over in a few months.This DIY Probate Book informs you where all the legal practitioners and agents will prefer that you pay a consultancy fee before they speak to you. Armed with this book, you can choose how you want to go about the administration of an estate that must go through the probate process. While the State of Florida requires that you must hire an attorney because probate could become complex for the non-lawyer, it wouldn't hurt if you knew what goes on during probate before it starts.This book is written in the most layman terms because the author understands that law and its jargon can be hard to understand. The book has been divided into 4 sections dealing with specific aspects of probate. The structure of the Table of Contents allows you to skip to the section, chapter, or page that most addresses the questions you have.The information you need before you hire an attorney is right here and you can get started today!

A Practitioner's Guide to Probate and the Administration of Estates
The Complete Guide to Planning Your Estate in Texas

The majority of applications for probate that follow someone's death can be dealt with inexpensively by any reasonably intelligent person with time available and a little guidance. This easy-to-follow book clearly explains all the information you need to administer the deceased's estate, from dealing with the urgent practical matters to preparing and submitting the relevant forms, paying inheritance tax, and distributing the estate. You'll find specimen forms and letters and a list of useful addresses that will enable you to deal with it all yourself. Contents: Preface; 1. What is probate, when is it necessary and what is involved? 2. Who can and should wind up the estate; 3. Getting started; 4. Next steps; 5. From preparing and submitting the forms to distributing the estate; 6. Distributing the estate; Appendices: 1. Specimen forms and letter; 2. Useful addresses; 3. Glossary; Index

The fourth edition of A Practitioner's Guide to Probate and the Administration of Estates is a practical and comprehensive guide to all forms of non-contentious probate applications, completion of Inheritance Tax Accounts and the administration of estates. The book is packed with hints and tips and an accompanying CD-ROM contains a comprehensive set of precedent forms, enabling practitioners to adapt precedents for their own use. The authors provide careful explanations of every step in the procedure for winding up the estate of a deceased person, from taking initial instructions to the final distribution of the estate and closing the file. The book opens with advice on meeting the client and taking proper instructions; moving on to tracking down the assets and liabilities which comprise the estate; completing inheritance tax forms and obtaining any available reliefs and allowances; questions concerning wills and intestacies; applying to the probate registries; discretionary orders; obtaining grants of representation; collecting in the paying debts and liabilities; identifying the beneficiaries and paying the legacies; finalising the tax situation; and distributing the residue of the estate. This new edition has been completely revised with practice and procedure brought up-to-date.

A concise and informative guide to the processes that underpin the practice of the administration of estates. The book is designed for those people who are involved in obtaining probate and acting as executor and who wish to understand more about this complex area. The book is fully updated to 2011. It also covers in detail: the duties of the executor, valuing the estate, obtaining probate, distributing the estate, paying all debts and carrying out terms of the will, a guide to inheritance tax and standard forms used in probate.
