*I make my living off of being spanked. I love how my butt is almost always warm and marked. I also have a lovely, though sadist mistress who I play with as all this spanking sure makes me horny. My butt can take a lot of spanking and good thing because folks who pay to spank me, really like to get their money's worth. Often they spank me as hard and as long as they physically can. These spankings almost always make me cry. Sometimes I'm stripped naked and tied down to a wooden platform for a long hard strapping and/or paddling. Often however that's only after they've first given me a good over the knee spanking. Yes it hurts a lot but it pays the bills and gets me so excited. I'll now tell you in full detail about all my spankings and playtime sessions with Mistress. This publication contains 3 ebooks which are normally sold separately. *My husband got me involved in the life of slavery and we were happy until my submissive needs got to be too much for him. I started seeing other people but he couldn't handle it and divorced me. I need someone who doesn't worry about my happiness or comfort and knows how to use and punish a slave. I need someone who will turn me into his property and take me at will. I am a sweet slave that craves service. I love the look on my Dom's face when he is happy. I like being called a good girl and know he means it. I love sitting at his feet with my head in his lap and knowing there is no other place I would rather be. But now let's talk about my first major spanking party. This very memorable and extreme spanking party occurred in 2006. For three days and nights, the sound of pretty ladies getting spanked OTK and strapped to spanking apparatuses, was the norm. Informal reports put the number of substantial spankings at the three day event to be around 300. Us girls left with very raw butts, a great memory and many thousands of dollars for our trouble. These exclusive spanking and sex parties occur several times a year in many countries. I go to as many as I can. Read in detail all about the spankings and sex at this exclusive multiple day spanking party. Two free bonus books are also included, (making this book a \$20.85 value!) The Bible has long served as the standard for Christian practice, yet believers still disagree on how biblical passages should be interpreted and applied. Only when readers fully understand the constructs that inform their process of moving from Scripture to theology—and those of others—can Christians fully evaluate teachings that claim to be “ biblical. ” Here, scholars who affirm an inspired Bible, relevant and authoritative for every era, present models they consider most faithful to Scripture: - Walter C. Kaiser, Jr.: A Principlizing Model - Daniel M. Doriani: A Redemptive-Historical Model - Kevin J. Vanhoozer: A Drama-of-Redemption Model - William J. Webb: A Redemptive-Movement Model Each position also receives critiques from the proponents of the other views. Moreover, due to the far-reaching implications this topic holds for biblical studies, theology, and church teaching, this book includes three additional reflections by Christopher J. H. Wright, Mark L. Strauss, and Al Wolters on the theological and practical interpretation of biblical texts. Four Views on Moving beyond the Bible to Theology empowers readers to identify, evaluate, and refine their own approach to moving from the Bible to theology.

William J. Webb defuses misguided readings of biblical passages that call for the corporal punishment of children, slaves and wrongdoers. Setting these passages in their ancient cultural context, Webb reaffirms the importance of reading Scripture with God's redemptive movement in mind.

This collection of focused essays is directed at several levels of students of social problems. It is accessible to the uninitiated, who are not familiar with the constructionist literature, and aimed at those who are not particularly interested in subtle theoretical and empirical issues of concern to academics studying social problems from constructionist perspectives. Some readings focus on the construction of problems by scientists and other professionals; others examine the work of social activists, mass

media, and social service personnel. Among the topics included are studies of social inequalities and individual deviance; a comparison of the images of social problems in the United States with those in other countries; and an examination of the importance of politics and power in constructing public images of social problems. Constructionist perspectives have become the leading theoretical approach for sociology and allied fields in studying social problems. Yet constructionists' impact on the teaching of social problems has been far less dramatic. Undergraduate courses on social problems are often subject to a theoretical barrage of eclectic perspectives. Just as the first social problems textbooks did almost a century ago, textbooks continue to present a series of unrelated chapters, each devoted to a particular social problem. Social Problems is an effort at systematic analysis rather than random thought on the subject. Social Problems presents detailed case studies demonstrating how constructionist perspectives can actually be applied to understand particular social problems. While these articles can be read alone, the editors have organized these selections to correspond with the chapter topics in the second edition of Donileen Loseke's Thinking about Social Problems, an accessible introduction to constructionist approaches. At the same time, some instructors who use this edited collection might wish to provide their own mix to the selection process. Many of the contributions make multiple points and so reasonably could be used to illustrate other basic texts or classic studies in the field of social problems. Donileen R. Loseke is professor of sociology at the University of South Florida. Joel Best is professor and chair, Department of Sociology and Criminal Justice, University of Delaware. He has also served as an advisory editor for Aldine in the area of social problems.

Spanked: How Hitting Our Children is Harming Ourselves is a historical and cultural analysis of the long accepted practice of hitting children for learning and obedience. The book begins with understanding who spansks and how the practice of using a hand to hit the buttocks of children evolved. Erickson explores the cultural factors from historical magazine articles and parenting books to contemporary beliefs that support this type of discipline. Spanking's connections to a variety of topics are clarified, including the feelings of parents, perceptions of children, potential child abuse, school corporal punishment, attachment and bonding, the legal language that allows hitting of one's children but not others, and international perspectives on physical punishment. The book invites an exploration of who we are as parents, and as a society, and what family leadership really means. Book group questions for families, professionals, and organizations lend the book useful for conversation and dialogue in libraries, living rooms, offices, and classrooms. Erickson gives readers an open platform to discuss respectfully what we are really communicating when we spank children.

This updated, second edition of Köstenberger and Jones's landmark work tackles the latest debates and cultural challenges to God's plan for marriage and the family and urges a return to a biblical foundation.

Over 500 non-fiction BDSM related webpages, as well as numerous nonfiction sex webpages and BDSM journals, were analyzed to make this ebook. Hello, thank you for stopping by. I am a female sex slave that likes it rough. The qualities in a man that I like include spanking, biting, rough sex, mental dominance, bondage and discipline. I want someone to intimidate me by using his looks, by his actions, gestures, playing mind games and making me feel guilty. I want someone to make all the decisions for me, to be the king of the castle :) I can be bratty at times but I can take the punishments I earn and expect to be punished often! I know what I want and what I like. My man takes a weak woman unable to face the world and teaches her to be a strong woman, weak only to him. I love the sadistic side to a man and enjoy his having total control over me. I like to be taken forcibly and to be forced to serve in general. I am also a lady that makes her living off of being spanked. I love how my butt is almost always warm and marked. I also have a wonderful, though sexually sadist Master who I play with as all this spanking sure makes me horny. My butt can take a lot of abuse and good thing because folks who pay to spank me, really want to get their money's worth. Often they spank me as hard and as long as they physically can. These spankings can make me cry. Often I'm stripped naked and tied down to a wooden platform for a long, hard strapping and/or paddling. That may be after they've first given me a good over the knee spanking. Yes it hurts but it pays the bills and gets me so excited. I'll now tell you in full detail about all my spankings. A CHOICE Outstanding Academic Title 2014! Why do parents hit those they love? What effect does it have on children? What can be done to end this pattern? These are some of the questions explored in The Primordial Violence. Featuring longitudinal data from over 7,000 U.S. families as well as results from a 32 nation study, the book presents the latest research on the extent to which spanking is used in different cultures and the subsequent effects of its use on children and on society. Evidence that shows the relationship between spanking and the subsequent slowing of cognitive development and increase in antisocial and criminal behavior is shown. Both cross-sectional and longitudinal studies are explored in an accessible fashion. An abundance of high quality research has produced findings that are highly consistent from study to study which show that spanking is a risk factor for aggressive behavior and other social and psychological problems. Because of these findings, the authors argue for policy changes and recommend a drastic reduction in the use of spanking. Policy and practical implications are explored in most chapters. The Primordial Violence highlights: The benefits of avoiding spanking such as the development of better

interpersonal skills and higher academic achievement; The link between spanking and behavioral problems and crime; The extent to which spanking is declining and why despite the unusually high level of agreement between numerous studies which found harmful effects from spanking, most parents continue to spank. Part 1 documents the worldwide use of spanking and why parents spank. The possible adverse effects of spanking on children's behavior and academic achievement, and the potential for violence and criminal behavior in later life, are explored in Parts 2, 3, and 4. Part 5 examines trends in spanking, and suggests what can be done to lower the percent of parents who spank. Contradictory opinions about whether to spank are explored. The book concludes with a call for change in this aspect of parenting which will have profound benefits, for the children and families involved, and society as a whole. Intended for a general audience of readers who are interested in child development and parenting and for advanced undergraduate and/or graduate courses in child abuse, family violence, juvenile delinquency, criminal behavior, social development, sociology of the family, or parenting and family relations taught in psychology, human development, family studies, criminology, education, social work, sociology, and social policy. Increasingly, sociologists have turned their attention to the social problems of children— in particular, of younger children. This collection reflects those recent interest. While most researchers have focused on social problems involving adolescents, this volume offers instead original case studies of problems concerning preadolescent children. The papers that Best has gathered here represent different theoretical and methodological approaches. They report on social issues in Albania, Kenya, and Japan as well as in the United States. The range of social problems they address is a wide one, from broad societal crises to decision-making within families. Topics include the effects of economic and social crises in Africa and Eastern Europe; concerns about crack use and other forms of fetal endangerment; parental decisions about spanking, toy choices, and letting children listen to rock music; schooling in day care and elementary and junior high schools; and children's perceptions of environmental crises. Troubling Children adds a new dimension to courses in social problems. It also offers a different set of perspectives for those concerned with sociology of preadolescent children and their discontents.

Constantly Spanked: Confessions of a Professional Female Spankee

Reclaim Your Family with Your Own Family Constitution Both manifesto and handbook, DESPERATELY SEEKING PARENTS: Why Your Child Needs a Parent in Charge and How to Become One calls all parents to reclaim their position of authority in the home. Emphasizing that today's children need (and ultimately want) parents to assert their sovereignty and control in a loving and consistent manner, Dr. Paterno illustrates how to become a Parent in Charge by using simple, proven methods. The first parenting book to utilize the Family Constitution, Dr. Paterno explicitly champions parents' rights, simplifies parental expectations and rewards children can earn, and rejects the current

trend of reducing expectations because of so-called diseases, disorders, and disabilities. Provocative, but proven and practical, Dr. Paterno will help you reclaim your family by becoming the vital, valid source of love and authority you were meant to be for your children. In June 2015, Canada's Truth and Reconciliation Commission released 94 Calls to Action that urged reform of policies and programs to repair the harms caused by the Indian Residential Schools. "Decolonizing Discipline" is a response to Call to Action 6--the call to repeal Section 43 of Canada's Criminal Code, which justifies the corporal punishment of children. Editors Valerie Michaelson and Joan Durrant have brought together diverse voices to respond to this call and to consider the ways that colonial Western interpretations of Christian theologies have been used over centuries to normalize violence and rationalize the physical discipline of children. Theologians, clergy, social scientists, and First Nations, Inuit, and Métis leaders and community members explore the risks that corporal punishment poses to children and examine practical, non-violent approaches to discipline. The authors invite readers to participate in shaping this country into one that does not sanction violence against children. The result is a multifaceted exploration of theological debates, scientific evidence, and personal journeys of the violence that permeated Canada's Residential Schools and continues in Canadian homes today. Together, they compel us to decolonize discipline in Canada.

*It's another night in San Francisco, and Miranda (aka Randy, when she's not dressed like a boy) has hit the streets looking for trouble. She has an eye for gay men in leather, and most nights she's too much of a girl for them. But tonight she meets her match: Jack, who thinks she's hot no matter who she is. This is San Francisco's notorious SOMA of the 1990s - home to dark alleys, tastefully appointed dungeons, hotel penthouses, clubs where gender dissolves and reshapes. In this bygone sexual utopia, Randy/Miranda embraces desires beyond gender and orientation, beyond what she ever thought she could contain... I make my living off of being spanked. I love how my butt is almost always warm and marked. I also have a lovely, though sadist mistress who I play with as all this spanking sure makes me horny. My butt can take a lot of spanking and good thing because folks who pay to spank me, really like to get their money's worth. Often they spank me as hard and as long as they physically can. These spankings almost always make me cry. Sometimes I'm stripped naked and tied down to a wooden platform for a long hard strapping and/or paddling. Often however that's only after they've first given me a good over the knee spanking. Yes it hurts a lot but it pays the bills and gets me so excited. I'll now tell you in full detail about all my

spankings and playtime sessions with Mistress. Two free bonus \$6.95 books are also included (making this book a \$20.85 value!) The statistics are startling. Since 1973, America's imprisonment rate has multiplied over five times to become the highest in the world. More than two million inmates reside in state and federal prisons. What does this say about our attitudes toward criminals and punishment? What does it say about us? This book explores the cultural evolution of punishment practices in the United States. Anne-Marie Cusac first looks at punishment in the nation's early days, when Americans repudiated Old World cruelty toward criminals and emphasized rehabilitation over retribution. This attitude persisted for some 200 years, but in recent decades we have abandoned it, Cusac shows. She discusses the dramatic rise in the use of torture and restraint, corporal and capital punishment, and punitive physical pain. And she links this new climate of punishment to shifts in other aspects of American culture, including

changes in dominant religious beliefs, child-rearing practices, politics, television shows, movies, and more. America now punishes harder and longer and with methods we would have rejected as cruel and unusual not long ago. These changes are profound, their impact affects all our lives, and we have yet to understand the full consequences.

*"A stern discipline pervades all nature, which is a little cruel that it may be very kind." -- HERBERT SPENCER "For relationships too, must be like islands... surrounded and interrupted by the sea, and continually visited and abandoned by the tides." -- ANNE MORROW LINDBERG, in A Gift from the Sea. Once again, the young narrators of this steamy, romantic tale, Walter (W.) and Gretchen (G.), are taking a break from the bustle of their real lives in a far-off Texas city to enjoy the rustic, vacationland splendor of Little Black Fly Island, Maine. Here the saucy duo, and the women of the island "book" club, indulge their erotic obsession: spanking -- erotic, recreational, wicked good and hard, adult spanking. To celebrate the Summer Solstice, the spanking club heads for the out-of-doors, where the week's 'Chosen One' is subjected to the Ten Torments, culminating in a ritual whipping tied to a rock altar as the sisters dance naked around a blazing bonfire. The club's secret rites and rituals--and Walter's fiendish penances imposed on his naughty wife's bare bottom--continue through to summer's end. At a party hosted in their island home, Gretchen assumes the position of 'Chosen One' and he gets to view the club in action and learn the full truth about his mate's summer-long F/F spanking games. The two volumes of Our Spanking Island are packed with bantering humor, evocative description of the fogbound coastal Maine setting, and all the red hot, M/F, F/M, and F/F bottom-blistering scenes that a bookish spanko could lust for. Come, take a trip out to Little Black Fly Island and explore how naughty fantasies get acted upon, dark secrets get kept, and wicked/good behaviors get dealt with in one loving couple's egalitarian, he-spanks-her/she-spanks-him marriage. * * * * **
