Many people have probably heard the word "psychic" and "psychic abilities." However, few know how these abilities can actually help you in your everyday life. Using psychic abilities allows you to open your mind and use more of your brain to try and connect to the outside world. But what are those things that allow you to open your mind and use more of your brain? The answer is Chakras. Chakras are centers of energy located inside the body that assists in regulating all of the processes in the human. When activating a chakra you will start to feel energy pushing you or making the hair on the back of your neck stand up. Each individual chakra has its own frequency that it vibrates to control the functioning of the body. Our ancestors knew that our spirituality is connected with our body thanks to pineal gland. The pineal gland, also referred to as the 'seat of the soul,' plays a very important role in the third eye chakra awakening. It is the physical location of the third eye. This book will explain the real role of the pineal gland and the reasons due to which science now acknowledges its importance in gaining higher consciousness. It is the most important gland when it comes to raising your levels of consciousness and gaining psychic powers. It doesn't require any special kind of person to activate the third eye. You can activate it if you prepare yourself well; this book will help you in that preparation.
