Sexbeat's self-titled song is definitive of the postpunk scene. It describes the originality, the freedom and the communal spirit of a subculture: old, young, poor, and

accepted it all.

Released in 1983,
the song is a
generation s

more complexity

postpunk

prosperity because
of its atmosphere

movement in its
inception was
nameless. It, as
we found, has

many definitions and associations. Some original members of the scene referred to themselves as punks, others new romantics, new wavers, the bats, or the morbids, for example. Goth often did not
