Proceedings of the annual meeting.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Model Rules of Professional Conduct

Step-by-step field guide for fiber optic cable installation. Bob Chomycz's put-it-in-your-pocket-and-go Fiber Optic Installer's Field Manual explains fiber optic cable installation via an extremely effective, heavily illustrated, step-by-step approach. This easy-look-up compendium gives you diagrams and procedures you can count on, whether you're installing fiber optic cable indoors or out. It also gives you comprehensive guidelines on testing, troubleshooting, and maintenance. All major optical fiber

types are included, along with: Full-scale treatment of Wave Division Multiplexing (WDM) and optical couplers; System integration for offices, industrial plants, and telcos...optical modern and multiplexer systems...Ethernet, FDDI and Sonet; Extensive coverage of SONET; LAN cabling standards; Design fundamentals, including bandwidth calculations and network, logical, and physical topologies; Much, much more.

The only one-stop resource of every medical supplier licensed to sell products in the US. This edition offers immediate access to over 13,000 companies-and more than 65,000 products - in two information-packed volumes. This comprehensive resource saves hours of time and trouble when searching for medical equipment and supplies and the manufacturers who provide them. Volume 1: The Product Directory, provides essential information for purchasing or specifying medical supplies for every medical device, supply, and diagnostic available in the US. Listings provide FDA codes & Federal Procurement Eligibility, Contact information for every manufacturer of the product along with Prices and Product Specifications. Volume 2: Supplier Profiles, offers the most complete and important data about Suppliers, Manufacturers and Distributors. Company Profiles detail the number of employees, ownership, method of distribution, sales volume, net income, key executives, detailed contact information, the medical products the company supplies, plus the medical specialties they cover. Four indexes provide immediate access to this wealth of information: Keyword Index,

Trade Name Index, Supplier Geographical Index and OEM (Original Equipment Manufacturer) Index. Medical Device Register is the only one-stop source for locating suppliers and products; looking for new manufacturers or hard-to-find medical devices; comparing products and companies; knowing who's selling what and who to buy from cost effectively. This directory has become the standard in its field and will be a welcome addition to the reference collection of any medical library, large public library, university library, along with the collections that serve the medical community.
