

Queen Of Song And Souls Bambum

When teen witch Ivy MacTavish changes a lizard into her date for a Halloween dance, everything turns to chaos. And when no one is powerful enough to transform him back except Ivy, it sparks the rumor: Like father, like daughter. Ivy has heard it all before - that her father, who left when she was seven - was involved with the darkest of magic. Making the rumors worse, someone uses an evil spell book to bring back two of history's most nefarious killers. Ivy's got a simple plan to set things right: find the real dark spell caster, steal the book, and reverse the spell. No problem! But she'll have to deal with something more dangerous than murderous spirits that want her and her friends dead: the school's resident bad boy and hotter-than-brimstone demon, Nick Marcelli. Nick's offering Ivy more than his help with recovering the missing book - he's offering her a way to ditch her scaly reputation as a lizard-lover. Demons are about as hard to handle as black magic, and as Ivy soon discovers, it's going to take more than a lot of luck and a little charm if she wants to survive long enough to clear her status as a dark witch, get a warm-blooded boyfriend, and have her former date back to eating meal worms before the week's end. Cinderella - The story is always the same: a girl - hated and abused by her step-family - meets her prince at a ball. There is involvement with a glass shoe, a bit of magic, and in the end, they all live happily ever after. You've heard it before - but you've never heard it like this: In early America, at a time when dealings with dead bodies is considered taboo, Cindy's father is a mortician. She, for one, is fascinated by the controversial work, until her mother dies and her father marries Anna van Burren, who brings two new sisters into the family. Cindy's misery only grows from there. Following her father's untimely death, Cindy's life spirals into darkness as she is forced to become a servant in her own home, to wait on her hated siblings and stepmother. She has become so sequestered that she can't even let the one man she continues to think about know that she is alive. She met him once in the mortuary years ago - a handsome, curious boy who had been a surprise to her - until she'd discovered who he was. Now a man, Christian is a perfect specimen, and also the object of her step-sisters' affections. According to a stipulation of his inheritance, he must marry before age twenty-one. That day is fast approaching. Any hope Cindy had of seeing him again - or of salvaging anything that should have been left of her life - seems lost. Cindy's world is filled with misfortune. She believes she must be cursed. It takes the appearance of a strange woman who brings a wicked prophecy before Cindy can see how blessed she could become - and to see what sacrifices were made to give her hope once again.

The joint ages of friends Joy Lennick and Jean Wilson may add up to one hundred and seventy one years, but there's nothing "old lace" about these two women writers; while the "arsenic" connection is questionable... Both adept at delving into the messy, murky world of murder, it is enlightening, and sometimes, a relief... to discover their added light, humorous touch. This makes for a diverse selection of highly entertaining short stories to tickle the fancy of readers of a variety of genres. Jean Wilson worked as a Queen's Nurse in the 1950s, and soon earned the affectionate nickname 'The Angel of Aldgate' for her cheerful, hard work among the sick of the East End of London; and Joy Lennick wore a few hats before becoming an author in 1984; adding many writing projects to her long list, including five books.

What thoughts crossed your mother's mind the first time she saw you? What dreams did your father hold in his heart? Told from the perspective of a baby in utero whose parents are seeing the ultrasound picture for the first time. A colorful and inspiring way to instill the message that we are each wonderfully treasured and made. Fun Fact: In early spring 2013, while putting socks on her newest daughter's feet, the author Ruth spoke out loud, "Look at those toes, where will they go?" In a moment of sheer inspiration, she grabbed her eldest daughter's Tinkerbell notebook, and between folding laundry and scrambling eggs, wrote the manuscript for this book. 5/5 No Compromise is an African centered perspective on solving the x factor in the human equation: 3/5 slave + x = 5/5 whole human beings, for Black Americans, specifically, and Black people world wide in general. The book written by Jeff Weaver, is inspired and driven by the divine wisdom of Almighty God, the African Forces (Lwa, Orisa, Obosum) / Holy Spirit and the ancestors. The premise of 5/5 No Compromise is to establish the fact that: 1) The United States Constitution codified the value of Black lives, in Article I. Section 2, Chapter 3 (more popularly known as the "3/5 Clause") as "3/5 of a person." A codification which has never been, expressly, amended or eradicated; and 2) in order for Black victims of the trans Atlantic slave trade, white supremacy and colonialism to establish their genuine human status they must embrace their own traditions, customs and culture, in an autonomous mutual respect based co-existence with their former slave masters and governors. Furthermore, in order to connect the various "splinters" of Black sub-cultures that exist in the US and globally, there must be an establishment of the one cultural thread that exist in common with the genetic heredity of the people in question. For Black Americans and Black people, worldwide, that common cultural thread is the drum pulse which originated in Africa. It is the one cultural element that is powerful and consistent, wherever Black people are heavily populated in the world. The author, Jeff Weaver calls that thread, "drum centered culture" and has identified it as the key element in sowing together the global cultural fabric that will restore Black people to a 5/5 autonomous culture of thriving human beings, with lives that matter. In the darkness beyond life, something stirs. Now a childless mother must decide how far she will go to protect her dead daughter. Behind the oppressive reality of abuse, depression and suicide, there is light on the edge of the darkness. "The Devourer" is a psychological horror novel that goes beyond the classic paranormal genre.

If you desire the lightning, you must also prepare for the storm. – Colonel Armon * * * Az-ca's Kings have never invaded the land of their enemy. Will a Queen be so bold? Sherra devises new ways to strike at the Supreme Leader of Ny-nes, only to discover that he is stronger and more devious than she and Kerok could ever imagine. Set against the backdrop of World War II, the novel begins in a most troublesome period of human history, where subjugated by the might of Nazi Germany, two women meet under extraordinary circumstances. This is the story of Eva Muller, the daughter of a German major in command of the occupying force in Larissa, Greece in 1944. Through the intervention of the village priest she meets Zoe Lambros, a young Greek woman with vengeance in her heart and a faith in God that has been shattered by the death of her family. They develop a friendship borne out of this dark time.

W. E. B. Du Bois's seminal treatise on the African American experience The problem of the Twentieth Century is the problem of the color line. W. E. B. Du Bois was arguably the most progressive African American leader of the early twentieth century, and this collection of essays is his masterpiece. An examination of the black experience in America following emancipation, and an introduction to the historic concept of "double-consciousness" as it pertains to that experience, The Souls of Black Folk is an extraordinary literary achievement—a provocative, profound, and courageous clarion call. This ebook has been professionally proofread to ensure accuracy and readability on all devices.

Lillian stared at the closed door through which both her father and Mrs. Bolstread had passed, and then looked at Dan, sitting somewhat disconsolately at the disordered dinner-table. She was a delicately pretty girl of a fair fragile type, not yet twenty years of age, and resembled a shepherdess of Dresden china in her dainty perfection. With her pale golden hair, and rose-leaf complexion; arrayed in a simple white silk frock with snowy pearls round her slender neck, she looked like a wreath of faint mist. At least Dan fancifully thought so, as he stole a glance at her frail beauty, or perhaps she was more like a silver-point drawing, exquisitely fine. But whatever image love might find to express her loveliness, Dan knew in his hot passion that she was the one girl in the world for him. Lillian Halliday was a much better name for her than Lillian Moon. Dan himself was tall and slim, dark and virile, with a clear-cut, clean-shaven face suggestive of strength and activity. His bronzed complexion suggested an open-air life, while the eagle look in his dark eyes was that new vast-distance expression rapidly being acquired by those who devote themselves to aviation. No one could deny Dan's good looks or clean life or daring nature, and he was all that a girl could desire in the way of a fairy prince. But fathers do not approve of fairy princes unless they come laden with jewels and gold. To bring such to Lillian was rather like taking coals to Newcastle since her father was so wealthy; but much desires more, and Sir Charles wanted a rich son-in-law. Dan could not supply this particular adjective, and therefore--as he would have put it in the newest slang of the newest profession--was out of the fly. Not that he intended to be, in spite of Sir Charles, since love can laugh at stern fathers as easily as at bolts and bars. And all this time Lillian stared at the door, and then at Dan, and then at her plate, putting two and two together. But in spite of her feminine intuition, she could not make four, and turned to her lover--for that Dan was, and a declared lover too--for an explanation.

Since its publication in 1842, Dead Souls has been celebrated as a supremely realistic portrait of provincial Russian life and as a splendidly exaggerated tale; as a paean to the Russian spirit and as a remorseless satire of imperial Russian venality, vulgarity, and pomp. As Gogol's wily antihero, Chichikov, combs the back country wheeling and dealing for "dead souls"---deceased serfs who still represent money to anyone sharp enough to trade in them--we are introduced to a Dickensian cast of peasants, landowners, and conniving petty officials, few of whom can resist the seductive illogic of Chichikov's proposition.

Well-researched and daring! A bomb waiting to explode! Revolutionary! THE BEATLES: EXTRAORDINARY PLAGIARISTS by EDGAR O. CRUZ cuts the Beatles? apple to reveal the core of the artistry: Where did all the pumping and smashing songs by John Lennon, Paul McCartney, George Harrison and Ringo Starr come from? Following their creative cycle, it presents the origination of the 213 officially released songs, the first it is ever attempted. The brief of two decades of extensive research and editorial work, this 172-page book in seven chapters details how African-Americans shaped the art of the Four Lads of Liverpool and made them the most viable rock act of all time. Based on the recollections of the Beatles and the group's constant insiders, past & present musicologists and pop culture historians, authoritative sources such as Time, Newsweek, The New York Times, Rolling Stone, NME, Playboy, and the author's own unique probing on the subject, here's the Beatles naked!

In essence, this story is about how a certain person was searching his bookshelf for something to read and in the end found a book, which turned out to be the source, from which it is possible to obtain absolutely any kind of information about absolutely any person. Meaning, information to the smallest particulars and details about what his or her qualities of personality are, how he or she lives, what he or she really wants to achieve, what he or she hides, and much more. And, it does not matter, if the subject is some person, who lived in the distant past or lives in the present or someone, who will live in the future. Since, as it turned out later on, this literary monument is nothing other than the Catalog of human population. In other words, the encyclopedia of Homo sapiens; in essence, the same as encyclopedias, reference books for specialists, which contain complete information about representatives of a particular subspecies of animals, plants, etc. Although at some point, the course of this story turned banal: "bad guys" from security services, intelligence services, politics decided to not only use this source of knowledge for their dirty deeds, but also to appropriate it solely for their personal use. And, the way they tried to do this is also banal: by physically destroying the author of discovery of the Catalog of human population and all of his colleagues. However, the ending of this story makes it stand out from the category of ordinary spy stories. At least because the main characters of this story managed to survive not due to favorable concatenation of circumstances or someone's help, but thanks to that knowledge, which they discovered in the ancient text, which turned out to be the Catalog of human population. Of course, such an outcome upset and continues to upset not only the Russian special services, but also all those people in whose way developers of the Catalog of human population got. And, in this civilization, there are countless numbers of such people: from psychologists (who become no longer needed by anyone) to organizers of this civilization themselves. Since from the standpoint of the Catalog of human population—technogenic civilization without a human, which they lovingly built for many centuries, is simply trash, to put it mildly, and beneath all criticism. And, they themselves are also trash. However, regular people, who (thanks to the scientific discovery made by Andrey Davydov) got the source with answers to all of their questions and individual recipes, now no longer need to pay "experts on the human soul" for being shamelessly fooled. Therefore, whoever tries to kill developers of the Catalog of human population in the future must know that it is no longer possible, as they already became part of history of humanity. After all, at the current stage of development, a Homo sapiens has only one possibility to continue to live after death, to live through the ages: in the product that he/she created. And, those, who tried and continue to try to kill them, were nobodies and will remain nobodies, who one day will cease to exist without leaving a trace. As for organizers of this "civilization"—maybe instead of trying to find new recipes to destroy "excess billions" and trying to examine human potential using Neanderthal methods, it would be more reasonable not only to find out the recipe of how to make Homo sapiens a 100% controllable producer and consumer from the source (which, by the way, seems to have been left to humanity by creators of nature and a human on this planet), but also how to build a civilization without quotes? After all, it only seems to them that they are the main deceivers, while in reality they were fooled, and fooled majorly.

Leon I earned my reputation among magicians for a reason: one wrong move and you're dead. Killer, they called me, and killing is what I'm best at. Except her. The one I was supposed to take, the one I should have killed - I didn't. The cult that once controlled me wants her, and I'm not about to lose my new toy to them. Rae I've always believed in the supernatural. Hunting for ghosts is my passion, but summoning a demon was never part of the plan. Monsters are roaming the woods, and something ancient - something evil - is waking up and calling my name. I don't know who I can trust, or how deep this darkness goes. All I know is my one shot at survival is the demon stalking me, and he doesn't just want my body - he wants my soul. Her Soul to Take is book 1 in the Souls Trilogy. Where am I? I am lost. Suddenly I hear the Voice, I see the Light. In the deepest throes of confusion and headache comes the Light that reunites one with the universe. From the death of a loved one emerges a newfound acceptance and the ultimate freedom of the soul. In a swirl of injustice and hypocrisy, the soul valiantly fights back. These healing lessons and many more are the topics of The Battle and Victory of the Soul, South African poet Nozipho Zubane's inspiring and mystical collection that draws from her own painful experiences and spiritual growth. Anyone who is seeking words of comfort and encouragement to turn their own lives around will find much solace and support in these thought-provoking, healing meditations. Written for seekers of all ages and walks of life, this stirring collection represents an authentic and true expression of the raw emotions Nozipho confronted when she found herself at a crucial crossroads in her own life. Initially longing for intellectual stimulation, human contact, and material comfort, she endured many dark nights of the soul, to ultimately be saved by the grace of God. Whether gently illustrating the redemptive power of the soul or reconsidering the complexity of love, each poem furthers the book's abiding goal to help other people heal their wounds in order to reach their full potential.
