Elisabeth Elliot was a young missionary in Ecuador when members of a violent Amazonian tribe savagely speared her husband Jim and his four colleagues. Incredibly, prayerfully, Elisabeth took her toddler daughter, snakebite kit, Bible, and journal . . . and lived in the jungle with the Stone-Age people who killed her husband. Compelled by her faith, she came to faith in Jesus. This courageous, no-nonsense Christian went on to write dozens of books, host a long-running radio show, and speak at conferences all over the world. She was a pillar of coherent, committed faith; a beloved and sometimes controversial icon. In this authorized biography, Becoming Elisabeth Elliot, bestselling author and journalist Laura Hillenbrand interviews the author, publishes her unpublished journals, and candid interviews with her family and friends, to paint the adventures and misadventures God used to shape one of the most influential women in modern church history. It's the story of a hilarious, sensual, brilliant, witty, self-deprecating, sensitive, radical, and surprisingly relatable person utterly submitted to doing God's will, no matter the cost. For Elisabeth, the central question was not, "How does this make me feel?" but, simply, "is this true?" If so, then the next question was, "what do I need to do about it to obey God?" "My life is on Thy Altar, Lord—for Thee to consume. Set the fire, Father! Bind me with cords of love to the Altar. Hold me there. Let me remember the cost."

NEW YORK TIMES BESTSELLER • The knockdown, drag-out, untold story of the other scandal that rocked Nixon's White House, and reset the rules for crooked presidents to come—with new reporting that expands on Rachel Maddow's Peabody Award-nominated podcast "Both a thriller and a history book, Bag Man is a triumph of

storytelling."—Preet Bharara, New York Times bestselling author of Doing Justice and host of the podcast Stay Tuned with Preet Is it possible for a sitting vice president to direct a vast criminal enterprise within the halls of the White House? To have one of the most brazen corruption scandals in American history play out while nobody's paying attention? And for that scandal to be all but forgotten decades later? The year was 1973, and Spiro T. Agnew, the former governor of Maryland, was Richard Nixon's second-in-command. Long on firebrand rhetoric and short on political experience, Agnew had carried out a bribery and extortion ring in office for years, when—at the height of Watergate—three young federal prosecutors discovered his crimes and launched a mission to take him down before it was too late, before Nixon's impending downfall elevated Agnew to the presidency. The self-described "counterpuncher" vice president did everything he could to bury their investigation: dismissing it as a "witch hunt," filing up his partisan base, making the press the enemy, and, with a crumbling circle of loyalists, scheming to obstruct justice in order to survive. In this blockbuster account, Rachel Maddow and Michael Yarvitz detail the investigation that exposed Agnew's crimes, the attempts at a cover-up—which involved future president George H. W. Bush—and the backroom bargain that forced Agnew's resignation but also spared him years in federal prison. Based on the award-winning hit podcast, Bag Man expands and deepens the story of Spiro Agnew's scandal and its lasting influence on our politics, our media, and our understanding of what it takes to confront a criminal in the White House.

The Journals of Jim Elliot

From New York Times bestselling author Rachel Held Evans: a must-read for anyone on the journey of doubt, deconstruction, and ultimately faith reborn. Eighty years after the Scopes Monkey Trial made a spectacle of Christian fundamentalism and brought national attention to her hometown, Rachel Held Evans faced a trial of her own when she began to have doubts about her faith. In Faith Unraveled, Rachel recounts growing up in a culture obsessed with apologetics, struggling as her own faith unraveled one unexpected question at a time. In order for her faith to survive, Rachel realizes, it must adapt to change and evolve. Using as an illustration her own spiritual journey from certainty to doubt to faith, Evans challenges you to disentangle your faith from false fundamentals and to trust in a God who is big enough to handle your tough questions. In a changing cultural environment where new ideas seem to threaten the safety and security of the faith, Faith Unraveled is a profoundly moving, fearlessly honest, and relentlessly hopeful story of survival. This book was previously titled Evolving in Monkey Town.

A biography of the twentieth-century American missionary doctor to India who pioneered rural health care and the training of Indian women as doctors and nurses, and who founded Vellore Christian Medical College and Hospital.

Looks at the life of Betty Greene, a World War II WASP pilot who helped create the Mission Aviation Fellowship, an organization that provides aviation services and humanitarian aid to missionaries and villages around the world.

The author offers a dark, serpentine, riveting tour of the unimaginably lucrative and corrupt oil-and-gas industry. With her trademark black humor, Maddow exposes the greed and incompetence of Big Oil and Gas.

"Extraordinarily affecting...A very important book...To read and remember the stories in this book, to take them to heart, is to be called as a witness." AND HER CHILDREN is an unforgettable record for humanity, of the desperate voices of the men, women, and especially children, and their hourly struggle for survival, homeless in America.

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance. Frank felt his heart beat fast. At that moment he was certain God was calling him, asking him to give up his ties to his homeland and set out across the Atlantic Ocean. He did not hesitate to stand when John Wesley asked preachers to walk forward if they felt God was calling them to the American colonies. One of the first Methodist bishops in America, English-born Francis Asbury devoted his life to ministry, traveling on horseback to preach and teach to those living on the vastly isolated American frontier. Alone in a new country, with no home of his own, Asbury rode over 300,000 miles-across rivers and through rocky, overgrown roads-shining God's light on the fledgling colonies. When many Methodist clergy left America during the Revolutionary War, Asbury stayed. His tireless leadership sawthe movement grow from 5,000 members in 1776 to 214,000 at the time of his death in 1816, fulfilling the great destiny of his call and inspiring future generations.

Rachel Winters had nothing, won it all, and then lost everything. After the death of her daughter, grief-spawned delusions cause Rachel to lose her husband, her home, and custody of her son. No one could fathom how a vessel equipped with satellite communications, a sophisticated navigation system, and cutting-edge weather forecasting could suddenly vanish—until now. Relying on hundreds of exclusive interviews with family members and maritime experts, as well as the words of the crew members themselves—whose conversations were captured by the ship’s data recorder—journalist Rachel Slade unravels the mystery of the sinking of El Faro. As she recounts the final twenty-four hours onboard, Slade vividly depicts the officers’ anguish and fear as they struggled to carry out Captain Michael Davidson’s increasingly bizarre commands, which, they knew, would steer them straight into the eye of the storm. Taking a hard look at America’s aging merchant marine fleet, Slade also reveals the truth about modern shipping—a cut-throat industry plagued by razor-thin profits and ever more violent hurricanes fueled by global warming. A richly reported account of a singular tragedy, Into the Raging Sea takes us into the heart of an age-old American industry, casting new light on the hardworking men and women who paid the ultimate price in the name of profit.

This book showcases all of Whiteread’s major works over the past thirty years, from her early Ghost--in which she virtually turned a small London flat inside out--to her recent Cabin--a similarly constructed concrete cabin on New York City’s Governor’s Island. Essays explore a range of themes in Whiteread’s practice, from the personal to the public. Beautifully designed and filled with full-color illustrations of the artist’s works, this is a comprehensive overview of an artist who has single-handedly expanded the boundaries of contemporary sculpture. In January of 1956, five young evangelical missionaries were speared to death by a band of the Waorani people in the Ecuadorian Amazon. Two years later, two missionary women--the widow of one of the slain men and the sister of another--with the help of a Wao woman were able to establish peaceful relations with the same people who had killed their loved ones. The highly publicized deaths of the five men and the subsequent efforts to Christianize the Waorani quickly became the defining missionary narrative for American evangelicals during the second half of the twentieth century. God in the Rainforest traces the formation of this story and shows how Protestant missionary work among the Waorani came to be one of the missions most celebrated by Evangelicals and most severely criticized by anthropologists and others who accused missionaries of destroying the indigenous culture. Kathryn T. Long offers a study of the complexities of world Christianity at the ground level for indigenous peoples and for missionaries, anthropologists, environmentalists, and other outsiders. For the first time, Long brings together these competing actors and agendas to reveal one example of an indigenous people caught in the cross-hairs of globalization.
