WINNER OF THE NAACP IMAGE AWARD WINNER OF THE CORETTA SCOTT KING AUTHOR AWARD National Book Award winner Jacqueline Woodson's stirring novel-in-verse explores how a family moves forward when their glory days have passed and the cost of professional sports on Black bodies. For as long as ZJ can remember, his dad has been everyone's hero. As a charming, talented pro football star, he's as beloved to the neighborhood kids he plays with as he is to his millions of adoring sports fans. But lately life at ZJ's house is anything but charming. His dad is having trouble remembering things and seems to be angry all the time. ZJ's mom explains it's because of all the head injuries his dad sustained during his career. ZJ can understand that--but it doesn't make the sting any less real when his own father forgets his name. As ZJ contemplates his new reality, he has to figure out how to hold on tight to family traditions and recollections of the glory days, all the while wondering what their past amounts to if his father can't remember it. And most importantly, can those happy feelings ever be reclaimed when they are all so busy aching for the past?

The Noisy Paint Box: The Colors and Sounds of Kandinsky's Abstract Art

*I'll Get That Job!*

**A new picture book about the iconic artist Claude Monet, from the Caldecott-Award winning team that created *The Noisy Paint Box*. Claude Monet is one of the world's most beloved artists--and he became famous during his own lifetime. He rejected a traditional life laid out clean and smooth before him. Instead he chose a life of art. But not just any art: a new way of seeing that came to be called impressionism. Monet loved to paint what he saw around him, particularly the Seine River. He was initially rejected for using bright colors, tangled brushstrokes--condemned for his impressions. But soon art dealers and collectors were lining up each morning to see as Monet saw. Monet, however, waited only for the light. The changing**

**light...each morning he had a dozen canvases on hand to paint a dozen different moments. His brush moved back and forth, chasing sunlight--putting in the arduous work to create an image that seemed to contain no effort at all. The stellar team that brought you the Caldecott Honor book *The Noisy Paint Box* explores another influential painter, in a moving tribute to creativity, commitment, and new ways of seeing the world around you.**

**The great thing about being Canadian is simply this: we don't take ourselves too seriously, which works out pretty well because no one else on the planet takes us seriously, either. If you're reading this book, there's a good chance you're a Canadian. But what does that mean? There are the stereotypical nods, such as politeness and apologizing, but there's so much more! To be honest, you've probably taken part in (or at least talked about) hockey, poutine, curling, canoes, health care, snowshoes, parkas, camping, beer, road work, Canadian Tire, Slurpees, moose, maple syrup, and Tim Hortons in the last 24 hours. "A Hoser's Guide to Canadian History" is your ticket to even more things "Canadian" that you may have missed during your water-cooler discussions, online chats, or your seventeen-hour wait in the local emergency room. As you read this book, you'll discover new and exciting facts about Canada that simply weren't taught in school. As a History teacher, I found the need to spread the unvarnished truth of this great nation's past. People like Sir John "Eh" MacDonald, Tommy Douglas, and Pierre Trudeau all had a distinct impact on this great country of ours, and part of their stories are included in these pages. Even less-famous folks who helped to shape Canada got a mention: John Humphrey, Laura Secord, and Egerton Ryerson. (Yes, "Egerton" is a real name.) Canada has an exciting past, full of events that have brought us to where we are now. Like all countries, we have some things we'd like to forget, but most of those unpleasant moments happened because we had morons in Parliament, something that doesn't happen anymore. Canadians have no need to apologize for being nice, honest, and caring people. So, please enjoy this book, and if you don't, well, I'm sorry.**

A standards-based teacher's guide from the educator behind the #1 New York Times bestseller *The Freedom Writers Diary*, with innovative teaching techniques that will engage, empower, and enlighten. Don't miss the public television documentary *Freedom Writers: Stories from the Heart* In response to thousands of letters and e-mails from teachers across the country who learned about Erin Gruwell and her amazing students in *The Freedom Writers Diary* and the hit movie *Freedom Writers*, Gruwell and a team of teacher experts have written *The Freedom Writers Diary Teacher's Guide*, a book that will encourage teachers and students to expand the walls of their classrooms and think outside the box. Here Gruwell goes in depth and shares her unconventional but highly successful educational strategies and techniques (all 150 of her students, who had been deemed "unteachable," graduated from Wilson High School in Long Beach, California): from her very successful "toast for change" (an exercise in which Gruwell exhorted her students to leave the past behind and start fresh) to writing exercises that focus on the importance of journal writing, vocabulary, and more. In an easy-to-use format with black-and-white illustrations, this teacher's guide will become the essential go-to manual for teachers who want to make a difference in their pupils' lives.

A Caldecott Honor Book *Vasya Kandinsky* was a proper little boy: he studied math and history, he practiced the piano, he sat up straight and was perfectly polite. And when his family sent him to art classes, they expected him to paint pretty houses and flowers—like a proper artist. But as Vasya opened his paint box and began mixing the reds, the yellows, the blues, he heard a strange sound—the swirling colors trilled like an orchestra tuning up for a symphony! And as he grew older, he continued to hear brilliant colors singing and see vibrant sounds dancing. But was Vasya brave enough to put aside his proper still lifes and portraits and paint . . . music? In this exuberant celebration of creativity, Barb Rosenstock and Mary GrandPré tell the fascinating story of Vasily Kandinsky, one of the very first painters of abstract art. Throughout his life, Kandinsky experienced colors as sounds, and sounds as colors—and bold, groundbreaking works burst forth from his noisy paint box. Backmatter includes four paintings by Kandinsky, an author's note, sources, links to websites on synesthesia and abstract art.

The team behind the Newbery Medal winner and Caldecott Honor book *Last Stop on Market Street* and the award-winning New York Times bestseller *Carmela Full of Wishes* once again delivers a poignant and timely picture book that's sure to become an instant classic. Milo is on a long subway ride with his older sister. To pass the time, he studies the faces around him and makes pictures of their lives. There's the whiskered man with the crossword puzzle; Milo imagines him playing solitaire in a cluttered apartment full of pets. There's the wedding-dressed woman with a little dog peeking out of her

handbag; Milo imagines her in a grand cathedral ceremony. And then there's the boy in the suit with the bright white sneakers; Milo imagines him arriving home to a castle with a drawbridge and a butler. But when the boy in the suit gets off on the same stop as Milo--walking the same path, going to the exact same place--Milo realizes that you can't really know anyone just by looking at them.

\*Includes pictures \*Profiles the Alger Hiss case before Committee \*Includes testimony from various Hollywood actors before Committee \*Includes online resources and a bibliography for further reading \*Includes a table of contents "I've said many a time that I think the Un-American Activities Committee in the House of Representatives was the most un-American thing in America since Harry Truman, 1960 In 1947, at the start of the Cold War, President Truman tried to assure Americans who were worried about Communists in government that he was "not worried about the Communist Party taking over the Government of the United States but I am against a person, whose loyalty is not to the Government of the United States, holding a Government job. They are entirely different things. I am not worried about this country ever going Communist. We have too much sense for that." Nonetheless, shortly after World War II, Congress' House Committee on Un-American Activities (HUAC) began investigating Americans across the country for suspected ties to Communism. The most famous victims of these witch hunts were Hollywood actors, such as Charlie Chaplin, whose "Un-American activity" was being neutral at the beginning of World War II, but at the beginning of the Cold War, many Americans had the Red Scare. In a similar vein, Wisconsin Senator Joseph McCarthy would make waves in 1950 by telling the Republican Women's Club in Wheeling, West Virginia that he had a list of dozens of known Communists working in the State Department. Among the people called before HUAC, perhaps none are as controversial as Alger Hiss. Hiss had graduated from Harvard Law, after which he worked as a clerk for Supreme Court Justice Oliver Wendell Holmes and worked in the Roosevelt administration for the Agricultural Adjustment Association, and was Head of the Carnegie Endowment for International Peace. That background didn't exactly sound like one held by a Soviet spy, let alone a Communist, but Elizabeth Bentley, a former Communist, notified the Committee about a suspected spy ring and named several names, including Hiss. M

notably, Hiss was also accused of being a Communist and Soviet spy by an admitted Communist, Whittaker Chambers. With the Communist threat at the fore during the early '50s, HUAC became one of the most influential governmental bodies in America. When McCarthyism was discredited during the McCarthy-Army hearings in the middle of the decade, the anti-Communist crusaders fell into disrepute. In 1969, Thomas Geoghegan wrote in the Harvard Crimson, "In the fifties, the most effective sanction was terror. Almost any publicity from HUAC meant the 'blacklist.' Without a chance to clear his name, a witness would suddenly find himself without friends and without a job. But it is not easy to see how in 1969 a HUAC blacklist could terrorize an SDS activist. Witnesses like Jerry Rubin have openly boasted of their contempt for American institutions. A subpoena from HUAC would be unlikely to scandalize Abbie Hoffman or his friends." As Geoghegan's assertions suggest, HUAC was well in decline by the time the '60s dawned, a fact so obvious that HUAC actually tried to restore its reputation by changing its name to the Internal Security Committee in 1969. Nevertheless, a few years later, the committee's authority was rolled into the House Judiciary Committee's, bringing to an end one of Congress' most controversial chapters. The House Un-American Activities Committee: History and Legacy of Congress' Most Notorious Investigative Committee chronicles the origins of the Committee and its work during World War II and the Cold War. Along with pictures of important people, places, and events, you will learn about HUAC never before.

Thrivers are different: they flourish in our fast-paced, digital-driven, often uncertain world. Why? Through her in-depth research, Dr. Borba discovered that the difference comes down not to grades or test scores, but to seven character traits that set Thrivers apart—confidence, empathy, self-control, integrity, curiosity, perseverance, and optimism. The even better news: these traits can be taught to children at any age...in fact, parents and educators must do so. In Thrivers, Dr. Borba offers practical, actionable ways to develop these traits in children from preschool through high school, showing how to teach kids how to cope today so they can thrive tomorrow.**
