

Raymond Feist Magician

Here starts an adventure that will span lifetimes and worlds. Discover where the story begins. Raymond E. Feist is an internationally best-selling author. My name is Pug. I was once an orphaned kitchen boy, with no family and no prospects, but I am destined to become a master magician...War is coming to the Kingdom of the Isles from another world, bringing with it chaos and destruction. Pug yearns to train as a warrior and fight for his kingdom alongside his foster-brother, Tomas, but instead he is forced to follow a different path: a path that will lead him right into the heart of the enemy. And one that will change the course of the war - and two worlds - forever. So begins the most epic series in fantasy fiction, a tale that will cross worlds and generations. Magician is the first book in the Riftwar Saga. The trilogy continues with book two, Silverthorn.

The New York Times bestselling author revisits his signature world of Midkemia in this first book in a new trilogy that ushers in the third, and most dramatic, Riftwar yet: the Darkwar Flight of Nighthawks picks up two years after Exile's Return as Pug, the powerful sorcerer, awakens from a nightmare that portends destruction for all of Midkemia. Disturbed by his dream, Pug calls for a convening of the Conclave of Shadows. Meanwhile, in a small town on the other side of Midkemia, two young brothers are coming of age. As they travel away from home, towards apprenticeships and adulthood, the boys are attacked by bandits and mistakenly transported to Sorcerer's Isle, the home of the Conclave of Shadows. Though they are untrained and unready, the brothers will join the powerful, mysterious Conclave to confront Midkemia's most looming evil yet—the Nighthawks, assassins feared throughout the centuries. And Pug will face his old nemesis, the evil wizard formerly known as Sidi, now Leso Varen, in a confrontation with everything at stake: his honor, his life, and the future of Midkemia.

Available in the U.S. for the first time, ehre is the second volume in the exceptional Legends of the Riftwar series from "a master storyteller who weaves exciting, sweeping epic tales" (SF Site) Durine, Kethold, and Pirojil are mercenaries who have spent 20 years fighting other people's battles, defeating the Tsurani and the Bugs and the goblins. Yet now it seems, there are no more enemies to vanquish, leaving them with a few months of welcomed garrison duty as the Riftwar rages on west in Crydee. When the trio are ordered to accompany a lady and her husband safely to the city of LaMut, it looks like an easy—even cushy—assignment. But in Midkemia, nothing is that simple. . . .

The Chaoswar Saga is the master fantasist working at the peak of his powers, and further proof why Raymond E. Feist, like Terry Goodkind, George R. R. Martin, and Terry Brooks, is one of the true giants of epic fantasy fiction. The debut novel from the acclaimed illustrator--a high fantasy adventure featuring dragons and deadly politics. But the war goes badly, and the needs of the Dragonry dash her hopes. Her peaceful life is shattered when the Summer Dragon—one of the rare and mythical High Dragons—makes an appearance in her quiet valley. The Summer Dragon is an omen of change, but no one knows for certain what kind of change he augurs. Political factions vie to control the implied message, each to further their own agendas. And so Maia is swept into an adventure that pits her against the deathless Horrors—thralls of the enemy—and a faceless creature drawn from her fears. In her fight to preserve everything she knows and loves, she uncovers secrets that challenge her understanding of her world and of herself.*

The last remnants of an ancient advanced race, the Clan of the Seven Stars, are returning at long last to their lost homeworld, Midkemia-not as friends, but as would-be conquerors. Led by the conjurer Laromendis, they are fleeing the relentless demon hordes that are sweeping through their galaxy and destroying the elves' vast empire planet by planet. Only by escaping to Midkemia and brutally overtaking the war-weary world can the last remnants of a mighty civilization hope to survive . . . if the Dread Legion does not pursue them through the rift. The magician Pug, Midkemia's brave and constant defender, is all too familiar with the Demon King Maarg and his minions and their foul capacity for savagery and horror, and he recognizes the even graver threat that is following on the heels of the elven invasion. The onslaught to come will dwarf every dire catastrophe his imperiled world has previously withstood, and there is no magical champion in all of Midkemia powerful enough to prevent it. Only one path remains for Pug and Midkemia's clandestine protectors, the Conclave of Shadows: forging an alliance of formidable magical talents, from the demon-dealing warlock Amirantha, brother of Pug's hated foe, and the demon-taming cleric Sandreena, to the elven Queen Miranda, to the warrior Tomas. However, uniting enemies and bitter, vengeful former lovers will be no easy task, and even together they may ultimately be unable to turn the death tide. But a failure to do so will most certainly ensure Midkemia's doom.
