edited by Władysław Czapliński and Agata Kleczkowska The book discusses a variety of issues related to two important international law institutions: international legal personality and recognition. Respective studies concern the legal situation and classification of various categories of non-recognised entities, the obligation to recognise and not to recognise specific subjects, rights and obligations of those entities (including, for example, state immunity and obligations in respect of human rights), and international liability for unlawful recognition. The authors of the texts are both eminent scientists, recognised specialists in the field of international law, as well as young lawyers, just starting their adventure with research work. The authors come from various parts of the world and represent a diverse approach to research methodology. ***The effects of globalization on poverty and inequality are a key issue in contemporary international politics, yet they have been neglected in international relations and comparative politics literatures. Arie M. Kacowicz explores the complex relationships between globalization and the distribution of wealth as a political problem in international relations, analyzing them through the prism of poverty and inequality. He develops a political framework (an 'intermestic model') which captures the interaction between the international and the domestic domains and explains those effects with a particular emphasis upon the state and its relations with society. He also specifies the different hypotheses about the possible links between globalization and the distribution of wealth and tests them in the***

Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances-because Mama's life, and her own, depend on it.***
