"I feel it is one of the best approaches I have found to grasp the most jarring enigma humanity has ever faced." —George Noory, host of Coast to Coast AM “We cannot separate the earth from its greater cosmic environment. What is needed is a new story and Alan Steinfeld’s Making Contact is part of that story.” —Deepak Chopra, Author, Total Meditation How can we prepare for an event that is literally beyond anything humanity has ever faced? Making Contact presents multiple perspectives on what no longer can be denied: UFOs and their occupants are visiting our world. The book answers questions which remain in the wake of the recent Pentagon’s disclosures as to who and why these beings are here. The volume contains original writings by the leading experts of the phenomena such as: Linda Moulton Howe, Earthfiles reporter, Whitley Strieber best-selling author of Communion, Professor John E. Mack, former head of the Harvard Medical school of psychiatry and an alien abduction investigator, Darryl Anka internationally known for his communication with the extraterrestrial Bashar, Nick Pope, former UK Ministry of Defense UFO investigator, Grant Cameron expert on American presidents and UFOs, Drs. J.J. and Desiree Hurtak, globalists and founders of the worldwide organization, The Academy for Future Science, Caroline Cory, director of Superhuman and ET: Contact, Mary Rodwell, author of the New Human about star-seed children, Henrietta Weekes, actress and writer, expressing the poetic aspects of making contact. Alan Steinfeld, contributes and curates the collection with 30 years of experience with the subject. The Foreword by George Noory of Coast to Coast AM kicks off the volume with his veteran overview of the need to wake up to the “new realities of extraterrestrial existence.” At this critical juncture in the government’s official acknowledgement of the reality of UFOs/UAPs, scientists, politicians and mainstream news outlets have no idea what to make of these startling revelations or the outpouring of sightings and “contact” experiences currently being reported on a global scale. The book stands as the most comprehensive clarification to date on the intent and intelligence behind the phenomena. The variety of viewpoints expressed in the volume provide a solid foundation for the “preparation” of the greatest challenge to ever face humankind. Making Contact stands as the essential handbook for embracing the most exalted moment in history: Meeting the cosmic others. 'Life Can Be a Miracle' is possibly the most unexpected course in miracles (in a novel) you may encounter. The book comes from one of the enigmatic parts of the world: the Balkans, and particularly from the oldest and rather mysterious country there, Bulgaria. Like the unique asymmetric rhythms of Bulgarian music that astonish Western even temperament, the approach to reality this book offers may shake up your structured, algorithmic and perhaps boring or ineffective approach to life. 'Life Can Be a Miracle' brings an unusually optimistic breath of fresh air, as warm as a Balkan summer, to our way of perceiving reality. This is the right book for readers who want a fresh take on reality, who do not take themselves too seriously and who would like to explore new and different ways to relate to themselves and to the world -- not as alien and hostile subjects, but rather as allies who share and exchange extraordinary resources in surprising ways. How can a tiny piece of blue cheese lead you to your ultimate life purpose, removing all the barriers you have built against a joyful, fulfilled, miraculous life? This and many more incredibly fun and easy-to-apply techniques can be found in this fascinating, original and inspiring novel.

Not to invalidate your beliefs and the societal structure you comfortably reside in, but to support your return to the radical self-responsibility and vast open mindedness of a spiritually mature being. With all the presuppositions, "knowledge" and "facts" you have gathered about life, you will hardly be able to dive into the unknown and learn something new or experience the vivid freshness of Infinity. As is typical for the human condition, some of your ways of seeing things have become stale, to say the least. Even if your convictions and conclusions were useful at one time, doesn't it get incredibly dull to think the same things over and over and over, and to perceive things from the same vantage point again and again and again? But as nothing can be added or taken away from Infinity, the belief- systems we "shatter" will not be lost. You can pick them up and reassemble them later if you need some concepts to hold on to or if you get scared of the joyous enormity of it all. Nobody is forcing you to have too much fun. Expanding awareness in the original sense means: Seeing, Feeling, Perceiving, Noticing, Experiencing, Doing something you have not seen, felt, perceived, noticed, experienced, done before. It's as simple as that. If this is what is happening to you, then you are using this book the way it was meant to be used.On a quantum level, when you what it (whatever that is), it is created instantly, you don't receiver instantly only because you are surrounded by a layer of resistance, and so, when your world comes to deliver and knocks on your door, chances are you are not there. How to Make Our Mental Pictures Come True

Transurfing Reality was one of the top non-fiction bestsellers in the world in 2005 and 2006. Unknown till now in the West, the series has sold over 1,300,000 copies in Russia in three years. This translation (by Natasha Micharina) describes a new way of looking at reality, indeed of creating it. It provides a scientific explanation of the laws that help you do this, building up a scientific model, speaking in detail about particular rules to follow and giving important how-to tips, illustrated with examples. The author introduces a system of specific terms, notions, and metaphors, which together make a truly convincing, thought-provoking theory of creating your own life. “You are ruled by circumstances and it will always be like that until you learn how to manage your reality,” says the author. Bringing together the cutting edge of modern science and philosophical teaching, the book’s style is popular-scientific, metaphorical and conversational. Books in the series: Reality Transurfing 1: The Space of Variations; Reality Transurfing 2: A Rustle of Morning Stars; Reality Transurfing 3: Forward to the Past; Reality Transurfing 4: Ruling Reality; Reality Transurfing 5: Apples Fall to the Sky Transurfing is a powerful tool for managing reality. Apply it and life will begin to change according to YOUR order. When you use Transurfing goals are not reached, so much as realised for the most part of themselves. It seems impossible to believe but only at first. The ideas presented in the book have already received practical confirmation. Those who have tried Transurfing, experience surprise bordering on delight as the world of the Transurfer inexplicably changes before their very eyes. What is the book about? Transurfing is the art of controlling reality using our freedom of choice. The world always reflects our perception of it. People can choose any variant of the development of current reality and thereby find themselves in circumstances they find desirable . To learn how to do this, you have to learn how to establish mutual understanding between the soul and mind, formulate intention and avoid the influence of destructive pendulums. Why should you read this book? Most people who have read "Transurfing," note that from the very e first pages, the book completely reverses their view of the world and the role of the individual in their own life. A fresh look at reality encourages the reader to consciously relate to the choices they make in any moment, and this really changes their life in the direction they would like. "It works!" is the phrase found in almost all reviews of Vadim Zeland's book. Who is this book for? The book has aroused great interest among the young and middle-aged, those who are interested equally in philosophy, psychology and physics and the mysteries of human consciousness. Why we decided to publish it The idea of " Transurfing Reality" quickly gained popularity when the author posted the text on the Internet. Numerous readers' reviews, saying that it really works, and the author's original take on the structure of reality prompted the publishers decide to publish Vadim Zeland's manuscript. We had no doubt that "Transurfing" would be popular among a huge audience About the author Vadim Zeland: "I'm over forty. Before the collapse of the Soviet Union I was engaged in research in the field of quantum physics, then computer technology, and now books. I live in Russia. My nationality is Russian, or more precisely, a quarter Estonian. The rest is irrelevant, as is all the above. Regarding my own success, all I can say is that Transurfing works perfectly. I don't however want to advertise my personal life, as then it would cease to be personal. Fame turns against you, if you give in to temptation and climb up on a pedestal for all to see. Among some people, the American Indians, for example, there is a belief that if someone copies your portrait (photographs you), they steal part of your soul. Of course, this is just superstition, but tthere is no smoke without fire. You can distribute a product of personal creativity; but release your personality for mass circulation - never. To the question of intrigued readers: "Who are you, Vadim Zeland?," I usually just say: "Nobody." My biography can not and should not be a matter of interest, since I am not thecreator of Transurfing, only a "retranslator." It is essential that we be nothing - an empty vessel, so that we do not impose our personal distortions onto this ancient Knowledge, that opens the door to a world, where the impossible becomes possible. Reality ceases to exist as something external and independent. and becomes manageable if you follow certain rules. The secret itself that is hidden only in as much as it lies on the surface, is so great that the personality of its bearer ceases to be relevant. Perhaps the guardians who passed on this knowledge to me are of genuine interest but they too prefer to remain in the wings."

10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

A highly original approach from best selling author Thomas Moore, restoring sex to its rightful place in the human psyche as an experience of the soul. In The Soul of Sex, Thomas Moore at last restores sex to its rightful place in the human psyche. Describing sex as an experience of the soul, Thomas Moore here brings out the fully human side of sex – the roles of fantasy, desire, meaning, and morality – and draws on religion, mythology art, literature, and film to show how sex is one of the most profound mysteries of life. While finding spirituality inherent in sex, Moore also explores how spiritual values can sometimes wound our sexuality. Blending rather than opposing spirituality and sexuality, The Soul of Sex offers a fresh, livable way of becoming more deeply sexual and loving in all areas of life. An anthology of the greatest writings of modern mystic, Neville Goddard, who has enthralled a new generation of readers with his simple but radical principle that your imagination is God. This broad-ranging anthology assembles the greatest works of Neville Goddard, who, writing under the sole name Neville, became one of the most quietly seismic spiritual philosophers of the modern age. From the late 1930s until his death in 1972, Neville promulgated one basic, extraordinary idea, which he restated with freshness and verve in more than ten books and hundreds of lectures: The human imagination is the Jesus Christ of Scripture, and the world around you is the out-picturing of your emotionalized thoughts. Here is an unparalleled journey into the ideas and methods of a profoundly practical spiritual thinker whose vision of life can challenge your concept of what it means to be human. This volume features a rare personal portrait of Neville by journalist and philosopher Israel Regardie. Includes these classic works: Introduction: Neville: A Portrait by Israel Regardie (1947) Your Faith Is Your Fortune (1941) Freedom for All: A Practical Application of the Bible (1942) Feeling is the Secret (1944) Prayer: The Art of Believing (1945) The Search (1946) Out of this World: Thinking Fourth-Dimensionally (1949) The Power of Awareness (1952) Awakened Imagination (1954) Seedtime and Harvest: A Mystical View of the Scriptures (1956) The Law and the Promise (1961)

Meet the new world sensation. It's Tufti.Why is it that nothing seems to work out the way you want it to, despitethe fact that you act according to your own free will? You might think thatthe reason why nothing is working out the way you want, is because that'sjust how life is. But the real reason things don't work out the way you want because you aren't acting according to your own free will -you are being directed by a script. Another reason things don't work outthe way people want them to, is because they don't know how to take theiright action to shape events the way they want. Rather than composing thereality of the upcoming fi lm roll, they tend to battle with reality theyface in the current frame. Reality exists only in the here and now, and whatis real is real only to the extent that it has taken place in the material world.You cannot change what has already happened. Yet when you fi ght withyour current reality, that is exactly what you are doing, because everythingthat surrounds you consists something that has already happened. Ifyou want to change the script, you have to wake up and come alive insidethe movie.Translation from the Russian language by Joanna Dobson

Transurfing is simple, yet powerful Reality Management Technique, developed by the Russian quantum physics researcher Vadim Zeland. Zeland's main goal is to present a set of techniques (which he calls Transurfing of Realities) for the attainment of practical goals. These techniques are of mental and metaphysical nature. Zeeland supports these techniques by presenting a model of the universe that combines the elements of quantum physics with the idea of parallel worlds. As Zeland states, the use of the techniques is not dependant on the acceptance of his theoretical model. Some Transurfing techniques are very simple and practical. Zeland says: " You can not hide from inevitable reality. Your life is determined by curcumstances and your place in society. Reality develops for the most part regardless of your own will. For every "I want" there is its own "You can't." In response to "Give it to me" you hear "You can't get it." There is little you can you do in such circumstances.... As a rule, human beings behave unambiguously. In their attempts to get what they want, they try to influence this world straight on, by the principle "Give it back to me." Direct impact, based on direct contact, is one of the ways of controlling something, but it is certainly not the most effective method of controlling reality. Transurfing is ..."

With the appearance of low-cost devices, it is expected a number of new applications, including for the general audience. This book aims at making a statement about those novelties as well as distinguishing them from the complexes challenges they raise by proposing real use cases, replacing those recent evolutions through the VR/AR dynamic and by providing some perspective for the years to come.

He shares his experiences and his research on the energy of prana and the multiple benefits of becoming a breatharian. After years of spiritual development and in search of higher knowledge, Ray took the ultimate breatharian initiation challenge of eliminating food and living on prana. Then he volunteered to be tested in a televised medical experiment where he went 8 days without food or water, during which his blood composition remained stable, proving with scientific testing and research the viability of the breatharian lifestyle. His increasingly popular Pranic Living Group Initiation retreats are grounded in practical techniques and methods for safely living on light and demonstrating that indeed, our bodies and our spirits have capabilities extending far beyond our current understanding.

The Shamanic Plant Medicine series acts as an introduction to specific teacher plants used by shamans in a variety of cultures to facilitate spirit communion, healing, divination and personal discovery, and which are increasingly known, used and respected in Western society by modern shamans as a means of connecting to spirit. Salvia is the shamanic plant of Mexico. It is known particularly for its divinatory powers but it also has the ability to heal and, more extraordinarily, in modern usage it provides access to inter-dimensional travel and the ability to move through time. The shamanic applications of Salvia are currently little known outside of Mexico but, along with Ketamine and Ecstasy, it has become one of the most popular "drugs" on the planet among teenagers who have little or no understanding of how to use its powers in a positive and effective way or the potential dangers of using it recreationally. This book therefore serves as a much-needed introduction to this powerful plant.

An internationally recognized clairvoyant empath introduces the concept of "vibrational beings" to explain how a person's thoughts, emotions, and natural frequencies affect the self and one's surrounding world, in a guide that reveals how to calm the mind in order to achieve a natural and more peaceful state of existence. 35,000 first printing.
