

## Rent To Rent Getting Started Guide

Are you looking for one of the best investment options out there? Do you want to make a steady stream of income from your investment without all the risk and failures of other options? Then rental property investing may be the choice for you. This guidebook is going to take some time to look at why rental property investment is one of the best options for you. We will look at many of the exciting options that come with rental property investing including: -Why to get into rental properties -Some of the different properties that you can choose -How to find a new property and get your financing -How to fix up the property before the first tenant -Picking good tenants to protect your investment -How to come up with the terms of the lease and get the right rent price to cover your costs and provide income. -Some of your own responsibilities as the landlord When all of this comes together, you are going to enjoy the challenge of rental property investment and be so happy that you were able to get started. Now, if you think you're ready to earn your own income from rental properties, you owe it to yourself to read this book and learn everything that you need to know about rental properties and how they can grow your investment in no time !

This book will prepare you for all the expected and unexpected twists and turns of rental property investments. You will be equipped enough to get down to business and create a healthy and stable cash flow. More and more people are turning toward rental property investments as a monetary safety net for their future and retirement. Having a stable passive income gives you the freedom to do the things you love, and that's the kind of freedom we have helped you find. Many times, you want to just quit your job and start afresh with something new, but passion does not pay bills, but a healthy source of passive income, on the other hand, does. If you implement everything you will learn that you should have enough knowledge to get started on buying real estate properties that generate rental income. We have outlined all the information you could need to confidently speak to lenders, find properties that will offer the best value and how to stay in the driving seat at all times. From this point onward, you just need to stay on track and follow the footsteps of those who have successfully created thousands of dollars in positive cash flow through rental property investments. You have the information; you just need a plan now. Keep this book handy at all times and give each relevant chapter a read before you jump into the decision making process. The more you read through the information, the more sense it'll make. Know that each journey is different, and while this book has empowered you, it can only take you so far. You hold the reins to your success now... you just need to ride through it! Do you owe too much money? Are your debts crushing your spirit, embarrassing you, and stressing you out? You're not alone. The good news is that you can fix that. And this book will show you how. The debt trap is a serious problem. Who is in her, has a real problem. But most people react like rabbits to snakes: they just stand there paralyzed and do nothing until they are eaten. Keep a clear head and always tell yourself: There is nothing that can not be solved. You have to get out of your own rigidity and tackle the problem before it eats you. As usual in life, every problem also offers a chance to do better. You just have to analyze it clearly. When I have a mountain of debt, I have to part with things and habits that have become dear. Of course, it is difficult for those who have always sat only at the fleshpots, now only to be allowed to spoon the soup. But this is the way out of the debt trap, and you want to get out of it. You're about to learn time-tested strategies for winning your battles with debt. And I'm also going to share with you some strategies for increasing your income, as well as some important precautions you can take to minimize the risk of unforeseen events ruining your plans.

What if you could invest in something that all people need, rent it to someone for a profit, and later sell that item for more money? In addition, you can finance that investment with someone else paying off most of the debt and deduct any expenses on your U.S. Income Tax return plus get a tax shelter to boot. The investment is in AIR: Ocean air, Golf Course air, Mountain air, City air, Country air... Where can you find this air to invest in? It is located right between the inside walls in buildings-- called condominiums. Condominiums are just like apartments, except they are deeded property. Condos are located everywhere. They can be owned, rented, sold, uniquely located, and provide amenities no average homeowner can afford-- like swimming pools and golf courses. Condominiums fit today's family lifestyles better than single-family homes, yet, they provide the same tax breaks. Apartment living doesn't provide those tax breaks. In addition, owners can make their condos as unique as they want without worrying about landlord restrictions. What's so great about investing in condos for rent, is that everyone needs a place to live, so there is plenty of demand and investors can buy one instead of a whole apartment complex to get started in real estate investing. In many areas, condominiums typically cost less than the price of a single-family home, which also makes it easier to invest. Air For Rent is a step by step guide that provides you with business recommendations, sample computer tools to copy, and documented experiences for you to leverage to help make you successful in investing in condominiums. By reading this book, you will learn how to: Obtain seed money Select and use computer tools Find the right location and tenant Rent out your condominium, and keep it rented Assemble a team to run your properties Leverage years of business experiences Expand your portfolio This guide covers the basics of what you need to get started to build up your wealth and income through the purchasing of condos and renting them out. This book is not a get rich quick scheme but a proven method that anyone can execute to become wealthy. The techniques described have been successfully implemented by the author and his experiences are well documented for your benefit. It's now up to you to become wealthy!

Facing a volatile stock market, many people have turned to real estate as a way to invest their hard-earned money. While many investors opt to

buy property and then sell it quickly, other investors choose to hold onto their property for a longer period of time to realize a greater return on their investment. Real estate experts Scott Frank and Andy Heller have developed a proven and diversified program for real estate investing that incorporates both approaches and enables investors to take control of their financial futures and build wealth over time. Their new book, *Buy Low, Rent Smart, Sell High: Real Estate Investing for the Long Run* outlines a win-win-win program, one where average people can reap significant financial rewards by investing in real estate. \* Win One: Buying Low - The investors first win occurs by purchasing real estate at a 10-20 percent discount by seeking out motivated buyers and avoiding paying agent commissions. The book reveals the secret to buying foreclosed homes with clean titles from banks and mortgage companies. \* Win Two: Renting Smart - The property is rented through a lease/purchase agreement. Not only does the investor get a down payment from the lease/purchasee, but he or she also receives monthly rent that usually exceeds the monthly mortgage payment. Also, the lease/purchasee takes on the maintenance and repair responsibilities and tends to be a better tenant in return for their special lease/purchase terms. In addition, as the owner of the property, the investor is able to receive tax write-offs. \* Win Three: Selling High - The final win results when the lease/purchasee exercises his or her right to purchase the property. The owner has realized the benefits of owning the property and has sold it to the lease/purchasee without agent commissions. If the lease/purchasee decides not to exercise his or right, the investor still wins because he or she can either extend the lease purchase agreement and increase the purchase price (based on property appreciation) or enter into another lease/purchase agreement with a new tenant and begin the cycle of wins all over.

This guidebook is going to take some time to explain all of the things that you need to know to get started with your first rental property. We will discuss the importance of financial freedom and how real estate investing, especially with rental properties, will be able to help you to reach those goals of financial freedom. From there, we are going to dive right into the process of searching for and finding the perfect rental properties for your needs. We will look at how you can look for a property, how to get the right financing, the importance of doing an analysis on the property, and even how to determine your return on investment to determine if you are actually going to be able to earn an income on all of the work that you do. In the final section, we are going to discuss what you will need to do when you actually own the property. We will look at how to find the right tenants, how to maintain and fix up the home, how to collect rental payments, and even how you may work with a property manager to help you get the income, without having to be there and help your tenants all of the time. Getting started in rental properties is going to take some time, dedication, and so much more. But for those who are looking for a good way to increase their financial freedom, and who want to be able to own their own time, then this is one of the best investment opportunities for you to go with. When you are ready to get started with your own rental property investment, make sure to check out this guidebook to help you out!

An accessible introduction to GENERATING RENTAL INCOME FROM REALESTATE GETTING STARTED IN RENTAL INCOME Just as location is a critical component to the value of real estate, knowledge is a critical component to investing success. As with any type of new endeavor, gaining knowledge and experience is essential as you move forward toward success. If you're interested in generating rental income through an investment in real estate, but unsure of how to go about doing this, Getting Started in Rental Income will show you the way. Written in a straightforward and accessible manner, this book discusses the two major ways of entering the rental income market--the traditional purchase of rental properties or buying and selling fixer-upper properties--and reveals what you need to do once you're in. This easy-to-read guide clearly explains how to:

- \* Invest in the right properties
- \* Generate cash flow adequate to make insurance, tax, utility, and monthly mortgage payments as well as to allow for periodic vacancies
- \* Make a profit from flipping properties
- \* Take advantage of the tax benefits of real estate
- \* Implement specific strategies--beyond diversification--to mitigate real estate risk
- \* And much more

Furthermore, Getting Started in Rental Income also identifies the pitfalls and market risks of this field, as well as the personal aspects of becoming involved in rental income. If you're interested in generating income through real estate and want to learn how, this book has all the answers.

This book will prepare you for all the expected and unexpected twists and turns of rental property investments. When I came to

America as a young man, my uncle mentored me in the ways of business. I learned under his watchful eye all about how to invest in and manage rental properties to create a steady and positive cash flow. You could say that I feel like I have been in this business my whole life. The goal of my book is to teach you how to go about getting started buying, fixing up, and renting residential properties for profit. I wrote the book to approach the absolute beginner to make the process as easy as possible for someone just starting out. This book should give you a firm grasp on the overall industry, processes, terminology, and best practices involved in the rental property business. Even if you have little seed money to get started, you can invest in real estate. Renting houses, apartments, duplexes, even single rooms, or storage space can be lucrative and does not take as much day-to-day management as you might think. You will learn all about making passive income with rental properties. This book will give you a starting point for beginning a profitable business. In my book, you will learn: Ways to buy houses as rental properties All about different methods of obtaining a loan to start: FHA, USDA, VA loans How to use your own starter funds with your IRA or 401K accounts Understanding the property rental business with terminology and how the process works Specific reasons why you should enter into the real estate rental business Specific tax deductions you can take with rental properties Other ways to make money with your rental house How to rent out the property by room How to rent storage space Answering frequently asked questions about property rental Calculating how much profit you can expect to make on a rental property Troubleshooting property issues including filling vacancies Marketing your rental property How to manage the property for ultimate financial gain All of this and so much more is yours when you purchase this book. I recommend buying this book in the Kindle format so that you can get the best reading experience. **Have you ever thought about investing in real estate but don't know where to begin? Are you wondering what you can do with a spare property that you may have inherited? Or perhaps you are just looking for a way to start pulling in income in a different way than you already are, diversifying your portfolio to ensure that no matter what happens, you've still got money working and growing for you. No matter the reason, if you are interested in investing in real estate, all you have to do is keep reading... This book will provide you with plenty of information that you will need to ensure that you can succeed in doing so. As you read through this book, you will see that we have two key points of focus-investing with short-term and long-term rentals. Short-term rentals are becoming common across the country as people chose to rent out their property to people just passing through. These people are not legal tenants of the property that they visit-they are simply there to provide the accommodations for a few days. The renters do not receive mail at that property and stay there usually during travel for a few days, weeks, or even a month or two for business trips and the like. Long-term rentals are more akin to renting a property to people to live in rather than stay in passing. The primary difference between the two is that long-term renters move into the property that they are renting; they are protected by certain tenant laws and regulations, and they will consider your property their primary residence. Investing in both of these types of real estate can be lucrative and easy to get started, and this book will help you with both. As you read, you will get the basics of both types of rentals that you can use to help yourself to successfully get through everything that you are doing. As you read, you will learn: - How to invest into real estate and understand the difference between a rental property and an Airbnb- How to start Airbnb investing and how you can expect the process to go- How to start renting out a property to someone else- How to determine whether to get**

**The landlord's essential guide to residential rental law Landlord's Legal Kit For Dummies is a comprehensive guide to the laws and legalities of renting property. This one-stop legal reference provides both guidance and the correct forms that help landlords avoid tenant issues, which could lead to legal ramifications. From screening potential tenants to handling your own insurance and taxes, you'll find expert insight in this easy-to-read style that simplifies complex legal matters into understandable terms. The book includes access to all the needed legal forms in both English and Spanish, and contains current information about applicable codes, ordinances, and policies across the country. Landlords have a responsibility to provide a safe, fully operational home for their tenants, and oversights can result in major court settlements. As a landlord, you need to know what the law requires of you. You also need to understand your rights, and the actions available to you when the tenant is in the wrong. This resource brings you up to speed, with the most current information about residential rental property law. The book covers privacy rights, domicile laws, paperwork, and more. Features up-to-date lease forms and contracts available for download online Provides information about applicant screening questionnaires and anti-discrimination policies Includes state and local building codes, health ordinances, and landlord-tenant laws Instructs you how to handle breach of lease situations and evictions There's even guidance on hiring a lawyer to protect your assets, property, and rights. Ignorance of the law is no excuse in court, and it frequently leads to misunderstandings that can hurt your wallet and your reputation. Before you lease another property, get all your ducks in a row with the essential instruction and tools in Landlord's Legal Kit For Dummies.**

With long-term, unconventional financing strategies, homeownership is within your reach. Rent to Own shows you how to turn your rent money into a new home, whether you're a single professional, young family, and or are living on a budget using lease options and other overlooked purchasing tactics.

Are you a first-time landlord and need to know the basics quick so you can start renting out your property and make money? Cut through the fluff and get the information you need to know NOW so you can get started! In this short book you will learn: \*How to select the right tenants and avoid legal hassles. \*How to advertise your property to get potential tenants to notice your rental \*How to screen applicants to find great, reliable tenants that pay on time \*How to price rental property to get the maximum amount of money, while still being attractive to prospective tenants \*What you need to include in a lease agreement \*When you can manage your properties yourself, and when you need to hire outside help. \*The pros and cons of allowing a tenant to sublet \*Your duties and responsibilities as a landlord \*How making offhand statements about repairs and maintenance could cost you hundreds of dollars in court \*Easy steps every landlord needs to take to ensure their tenant's safety \*How to get unpaid rent from a tenant that breaks a lease agreement \*What you need to know about evictions

No matter how great you are at finding good rental property deals, you could lose everything if you don't manage your properties correctly! But being a landlord doesn't have to mean middle-of-the-night phone calls, costly evictions, or frustrations with ungrateful tenants. Being a landlord can actually be fun IF you do it right. That's why Brandon and

Heather Turner put together this comprehensive book that will change the way you think of being a landlord forever. Written with both new and experienced landlords in mind, *The Book on Managing Rental Properties* takes you on an insider tour of the Turners' management business, so you can discover exactly how they've been able to maximize profit, minimize their stress, and have a blast doing it! Inside, you'll discover:

- The subtle mindset shift that will increase your chance at success 100x!
- Low-cost strategies for attracting the best tenants who won't rip you off.
- 7 tenants we'll NEVER rent to--and that you shouldn't either!
- 19 provisions that your rental lease should have to protect YOU!
- Practical tips on training your tenant to pay on time and stay long term.
- How to take the pain and stress out of your bookkeeping and taxes.
- And much more!

If so, One Rental at a Time will transform your life, just as it has transformed my life and the lives of thousands of others. This book reveals how buying and holding rental properties will create a second income that can, in time, allow you to quit your day job. It worked for me and it can work for you too. What's stopping you? Read the book and learn how One Rental at a Time can lead to financial independence.

Before you put that FOR RENT sign in the yard, read this Hello there, future landlord. You've found what you're looking for—a complete package of information and resources to teach you what you need to know and make your life (and your tenants' lives) easier. With Property Management Kit For Dummies, you can learn how to manage single-family homes, large apartment buildings, treehouses, dollhouses... okay, there's not much info here on managing dollhouses, but everything else is definitely covered. Find good tenants, move them in, and keep them happy and paying rent on time. When it comes time for a change, learn how to move tenants out and turn over the property, easy as pie. This book makes it simple to understand tax and insurance requirements, building maintenance concerns, and financial record keeping. Plus, the updated edition reflects the current rental property boom, new technologies, changes to the law, and the inside scoop on the latest Fair Housing issues to keep you out of court. Emotional support animals? Rent control? Bed bugs? Eviction? It's all in here. Find out whether property management is right for you, learn what you need to get started, and be successful as your residential rental property portfolio grows. Get your ducks in a row—develop solid marketing and advertising strategies and resources, build up-to-date rental contracts, figure out the legal side of things, and minimize your income and property tax bills. Make sure you're renting to responsible people, and deal with the occasional problem tenant without major drama. Maximize your cash flow by keeping your rents at market prices, efficiently handling maintenance, and ensuring your property has great curb appeal with the features and benefits sought by today's tenants. Become a top-notch property manager with this one-and-done reference, plus online bonus materials. Do you have free space in your house or apartment? Do you feel miserable with your current financial status? Are you looking for an online business that does not require a big investment to get started? If you have a property available, some creativity, and a good taste, this business is for you. It's a profitable business with a low investment. I'm talking about Airbnb. Airbnb is an online marketplace that lets people rent out their properties or spare rooms to guests. You can put a room or your entire apartment for rent on it. Airbnb earns a small commission for that. Airbnb has over 60 million users. The website is running in over 192 countries, 57 thousand cities, it helps six million a year go on holiday, and has over 500 thousand stays per night. You can easily earn money through Airbnb, even if you have just a little money or

***Updated for 2015! The recession is over, house prices are heading steadily upwards again, and you're convinced that property could be your key to financial freedom. And it could. But where do you start? Do you invest near where you live, or wherever yields are best? Do you rent to families, or professionals, or students? Should you be trawling through Rightmove or lurking at property auctions? This short book covers the big questions you should be asking yourself before you so much as glance at an estate agent's window. It contains a jargon-free explanation of basic investment principles, summaries of the major post-crunch investment strategies, and advice on developing a mindset that will support your long-term success. The book also includes a curated "further reading" list of recommended books, magazines, forums, blogs and podcasts to help you confidently take your next steps in your property investment***

**journey. You'll learn... How to pick an investment strategy that matches your skills and goals  
The only three calculations you need to know to size up any deal An overview of every major  
investment approach, from the most safe and boring to the probably-not-a-good-idea-but-here-  
you-go-anyway How to (safely and sustainably) stretch a limited pot of cash to build whatever  
size portfolio you want ...although you will need to endure some pretty shocking jokes along  
the way. Sorry about that. Praise for "Property Investment For Beginners" ... "The book is very  
easy to read and the explanations are very clear, with some good humour to boot! With a good  
set of references and online links, this book is a must for anyone interested in property  
investment." - P Cowley "A property investment book that keeps it simple. I really enjoyed it,  
and will use it as my main point of reference. Unlike most of the other books, the reader  
doesn't have to endure the rags to riches rubbish and the inevitable sales pitch for further  
training." - Nesser "I stumbled across this book randomly on Amazon and I'm so pleased I did -  
it has given me an excellent overview of what it is to invest in property and has really helped  
me to focus on my specific goals. It has also opened my eyes to a world of useful tools and  
contacts which I may never have found without it. Other books may have been able to do this  
but I'm not sure they would've been so enjoyable to read. If you are thinking of investing in  
property, or perhaps already are but want to take it further, this is a must read book." -  
whatkatythinks "When you buy this book, you are not only getting a property wizard, you are  
also getting a warm-hearted guy. In his book, Rob mentions several times that you can contact  
him via email and he'll try to help you out. And HE DID! I tentatively emailed him with some  
questions and he replied right away! Of course, I know he's probably not able to do this for  
everybody, but even if he just replied to one question, he has proven that he's genuine and  
kind. And what he replied me with is thoughtful, honest and probably saved me a fortune in  
the end. Totally worth every penny. Get the book!" - kaitlinjj Scroll up and hit "Buy Now" to

From analyzing potential properties to effectively managing your listings, this book is your one-stop resource for making a profit with short-term rentals! Airbnb, Vrbo, and other listing services have become massively popular in recent years--why not tap into the goldmine? Whether you're new to real estate investing or you want to add a new strategy to your growing portfolio, vacation rentals can be an extremely lucrative way to add an extra income stream--but only if you acquire and manage your properties correctly. Traditional rental properties are a great way to create wealth, but short-term rentals can bring in five times more cash flow than their long-term rental counterparts. Avery Carl, CEO and Founder of the Short Term Shop, will show you how to identify, acquire, and manage a short-term rental from anywhere in the country, plus how to avoid common pitfalls and overcome limitations that keep many would-be investors from ever getting started! In this book, you'll learn how to: Identify the best markets for short-term rental investing Analyze the potential income and profitability of a short-term rental property Self-manage a short-term rental right from your smartphone Build a local boots-on-the-ground team for an out-of-state investment Automate your self-management systems Use the income from short-term rentals to scale your investment portfolio

Strategies for creating real estate wealth by starting small--and always making the right moves Nationally known real estate expert John Schaub learned his craft in the best way possible--on the job, and through every kind of market. Over three decades, he learned to bank consistent profits as he built an impressive real estate mini-empire. Building Wealth One House at a Time reveals how virtually anyone can accumulate one million dollars worth of houses debtfree and earn a steady cash flow for life. Unique in that it focuses on buying houses in good-quality neighborhoods, Schaub's nine-step program includes: Renting to long-term tenants, with financial incentives to pay on time Avoiding the temptation of bigger deals, which invariably include bigger problems A 10-year plan to pay off debt and own houses free and clear
