Reporting Guide

The perfect book for all student journalists, this young readers adaptation of the New York Times bestselling She Said by Pulitzer Prize winning reporters' Jodi Kantor and Megan Twohey will inspire a new generation of young journalists. Soon to be a major motion picture! Do you want to know how to bring secrets to light? How journalists can hold the powerful to account? And how to write stories that can make a difference? In Chasing the Truth, award-winning journalists Jodi Kantor and Megan Twohey share their thoughts from their early days writing their first stories to their time as award-winning investigative journalists, offering tips and advice along the way. Adapted from their New York Times bestselling book She Said, Chasing the Truth not only tells the story of the culture-shifting Harvey Weinstein investigation, but it also shares their best reporting practices with readers. This is the perfect book for aspiring journalists or anyone devoted to uncovering the truth. Praise for the New York Times bestseller She Said: " Exhilarating…Kantor and Twohey have crafted their news dispatches into a seamless and suspenseful account of their reportorial journey." — Susan Faludi, The New York Times " An instant classic of investigative journalism…' All the President' s Men' for the Me Too era." — Carlos Lozada, The Washington Post " A vibrant, cinematic read." —Jill Filipovic, CNN " Deeply suspenseful." —Annalisa Quinn, NPR

The Basic Reporting Guide provides instructions to get started with MicroStrategy Desktop and MicroStrategy Web, and how to analyze data in a report. It includes the basics for creating reports, metrics, filters, and prompts.

Chasing the Truth: A Young Journalist's Guide to Investigative Reporting

Guidelines for Reporting Health Research is a practical guide to choosing and correctly applying the appropriate guidelines when reporting health research to ensure clear, transparent, and useful reports. This new title begins with an introduction to reporting guidelines and an overview of the importance of transparent reporting, the characteristics of good guidelines, and how to use reporting guidelines effectively in reporting health research. This hands-on manual also describes over a dozen internationally recognised published guidelines such as CONSORT, STROBE, PRISMA and STARD in a clear and easy to understand format. It aims to help researchers choose and use the correct guidelines for reporting their research, and to produce more completely and transparently reported papers which will help to ensure reports are more useful and are not misleading. Written by the authors of health research reporting guidelines, in association with the EQUATOR (Enhancing the QUAlity and Transparency Of health Research) Network, Guidelines for Reporting Health Research is a helpful guide to producing publishable research. It will be a valuable resource for researchers in their role as authors and also an important reference for editors and peer reviewers.

This updated and improved guide is designed to help accountants effectively perform SOC 1® engagements under AT-C section 320, Reporting on an Examination of Controls at a Service Organization Relevant to User Entities' Internal Control Over Financial Reporting, of Statement on Standards for

Attestation Engagements (SSAE) No. 18, Attestation Standards: Clarification and Recodification. With the growth in business specialization, outsourcing tasks and functions to service organizations has become increasingly popular, increasing the demand for SOC 1 engagements. This guide will help: Gain a deeper understanding of the requirements and guidance in AT-C section 320 for performing SOC 1 engagements. Obtain guidance from top CPAs on how to implement AT-C section 320 and address common and practice issues. Provide best in class services related to planning, performing, and reporting on a SOC 1 engagement. Successfully implement changes in AT-C section 320 arising from the issuance of SSAE 18, which is effective for reports dated on or after May 1, 2017. Determine how to describe the matter giving rise to a modified opinion by providing over 20 illustrative paragraphs for different situations. Understand the kinds of information auditors of the financial statements of user entities need from a service auditor's report. Implement the requirement in SSAE No. 18 to obtain a written assertion from management of the service organization. Organize and draft relevant sections of a type 2 report by providing complete illustrative type 2 reports that include the service auditor's report, management's assertion, the description of the service organization's system, and the service auditor's description of tests of controls and results. Develop management representation letters for SOC 1 engagements.

A complete and easy to understand guide to the fundamentals of how not-for-profit organizations are formed and run, as well as their structure and the unique accounting and reporting issues they face. Providing you with a comprehensive understanding of how to maintain the "books" of a typical nonprofit entity and comply with numerous reporting requirements, The Simplified Guide to Not-for-Profit Accounting, Formation & Reporting equips you with everything you need to know to form a Not-For-Profit, setup an accounting system, record financial transactions and report to donors and regulatory bodies. Topics include: Step-by-step guide to forming a Not-For-Profit and applying for tax exemption Becoming familiar with unique Not-For-Profit accounting rules such as classifying contributions/grants and recording restrictions, allocation of expenses to programs and supporting services and investment classification and reporting Budget development, payroll processing and accounting for personnel costs Shows how to prepare and understand required Not-For-Profit financial statement and their components Provides you with a broad understanding of the numerous filing requirement required by donors, grantors and government regulatory agencies Practical and comprehensive in scope, The Simplified Guide to Not-for-Profit Accounting, Formation & Reporting offers a wealth of practical information to accountants and non-accountants alike for understanding Not-For-Profit financial transactions, financial statements and the many internal and external reports they must prepare.

This straightforward and effective how-to guide provides the basics for any journalist or student beginning to use data for news stories. It has step-by-step instructions on how to do basic data analysis in journalism while addressing why these digital tools should be an integral part of reporting in the 21st century. The book pays particular attention to the need for accuracy in computer-assisted reporting and to both the potential and pitfalls in utilizing large datasets in journalism. An ideal core text for courses on data-driven journalism or computer-assisted reporting, Houston pushes back on current trends by helping current and future

journalists become more accountable for the accuracy and relevance of the data they acquire and share. This highly practical and concise book shows you how to undertake a
reporting process and produce a sustainability report in line with the
new standards and frameworks presented by the International Integrated
Reporting Council (IIRC) and the Global Reporting Initiative (GRI).
Fully updated to ensure compliance with the new standards, this second
edition shows how to actually produce a sustainability report as well
as the key processes in the planning: how to produce a business case;
the development of actions plans; process and team leadership; and
generating cross-functional buy-in. Templates are provided for certain
steps in order to simplify the tasks involved at each point in the
process. Anyone involved in delivering or developing a process to
embed sustainability reporting for an organisation will find this book
invaluable, for example, chief sustainability officers, chief
financial officers and company secretaries. It will also be of
interest to students in the field of sustainability.
Designing Data Reports that Work provides research-based best
practices for constructing effective data systems in schools and for
designing reports that are relevant, necessary, and easily understood.
Clear and coherent data systems and data reports significantly improve
educators' data use and save educators time and frustration. The
strategies in this book will help those responsible for designing
education data reports—including school leaders, administrators, and
educational technology vendors—to create productive data reports
individualized for each school or district. This book breaks down the
key concepts in creating and implementing data systems, ensuring that
you are a better partner with teachers and staff so they can work with
and use data correctly and improve teaching and learning.

*Reporting on violence is one of the most problematic features of journalistic practice-the area
most frequently criticized by the public and those on the receiving end of that coverage. Now in
its second edition, Covering Violence remains a crucial guide for becoming a sensitive and
responsible reporter. Discussing such topics as rape and the ethics of interviewing children, the
book gives students and journalists a detailed understanding of what is happening "on the
scene" of a violent event, including where a reporter can go safely and legally, how to obtain
the most useful information, and how best to interview and photograph victims and witnesses.
This second edition takes our turbulent postmillennium history into account and emphasizes the
consequences of frequent exposure to traumatic events. It offers new chapters on 9/11 and
terrorism, the Columbine school shootings, and the photographing of violent events, as well as*

additional profiles of Vietnamese American, Native American, and African American journalists. More essential than ever, Covering Violence connects journalistic practices to the rapidly expanding body of literature on trauma, post-traumatic stress disorder, and secondary traumatic stress, and pays close attention to current medical and political debates concerning victims' rights.

Updated as of January 1, 2018, this guide includes relevant guidance contained in applicable standards and other technical sources. It explains the relationship between a service organization and its user entities, provides examples of service organizations, describes the description criteria to be used to prepare the description of the service organization's system, identifies the trust services criteria as the criteria to be used to evaluate the design and operating effectiveness of controls, explains the difference between a type 1 and type 2 SOC 2 report, and provides illustrative reports for CPAs engaged to examine and report on system and organization controls at a service organization. It also describes the matters to be considered and procedures to be performed by the service auditor in planning, performing, and reporting on SOC 2 and SOC 3 engagements. New to this edition are: Updated for SSAE No. 18 (clarified attestation standards), this guide has been fully conformed to reflect lessons learned in practice Contains insight from expert authors on the SOC 2 working group composed of CPAs who perform SOC 2 and SOC 3 engagements Includes illustrative report paragraphs describing the matter that gave rise to the report modification for a large variety of situations Includes a new appendix for performing and reporting on a SOC 2 examination in accordance with International Standards on Assurance Engagements (ISAEs) or in accordance with both the AICPA's attestation standards and the ISAEs

The MDX Cube Reporting Guide provides information to integrate MicroStrategy with MDX cube sources. You can integrate data from MDX cube sources such as SAP BW, Microsoft Analysis Services, and Hyperion Essbase into your MicroStrategy projects and applications. Perhaps you've always wondered how public radio gets that smooth, well-crafted sound. Maybe you're thinking about starting a podcast, and want some tips from the pros. Or maybe storytelling has always been a passion of yours, and you want to learn to do it more effectively. Whatever the case—whether you're an avid NPR listener or you aspire to create your own audio, or both—Sound Reporting: The NPR Guide to Audio Journalism and Production will give you a rare tour of the world of a professional broadcaster. Jonathan Kern, who has trained NPR's on-air staff for years, is a gifted guide, able to narrate a day in the life of a host and lay out the nuts and bolts of production with equal wit and warmth. Along the way, he explains the

importance of writing the way you speak, reveals how NPR books guests ranging from world leaders to neighborhood newsmakers, and gives sage advice on everything from proposing stories to editors to maintaining balance and objectivity. Best of all—because NPR wouldn't be NPR without its array of distinctive voices—lively examples from popular shows and colorful anecdotes from favorite personalities animate each chapter. As public radio's audience of millions can attest, NPR's unique guiding principles and technical expertise combine to connect with listeners like no other medium can. With today's technologies allowing more people to turn their home computers into broadcast studios, Sound Reporting couldn't have arrived at a better moment to reveal the secrets behind the story of NPR's success.

A Practical Guide to Digital Reporting and Publishing

This timely handbook provides a current and comprehensive examination of integrated reporting, both practical and research-based. It offers insights and different perspectives from more than 60 authors, including representatives of the International Integrated Reporting Council, Integrated Reporting Committee of South Africa, professional bodies and audit firms, as well as leading academics in the fields of integrated reporting, sustainability reporting and corporate social responsibility. This collected work provides an in-depth review of the development of integrated reporting, with a focus on the interpretation and guidance provided by the International Integrated Reporting Council. It encourages the development of new thinking and research topics in the area of integrated reporting (such as links between integrated reporting and reports focused on financial and corporate social responsibility matters), as well as showcasing how integrated reporting issues are seen and practiced in different parts of the world. The chapters include reviews of the most recent research, practitioner viewpoints, conceptual pieces, case studies and disclosure analyses. Accessible and engaging, this handbook will be an invaluable overview for those new to the field or those who are interested in ensuring they are up to date with its developments, as well as those who are concerned with how to construct an integrated report.

Synthesizing the literature from the survey and measurement fields, this book explains how to develop closed-response survey scales that will accurately capture such constructs as attitudes, beliefs, or behaviors. It provides guidelines to help applied researchers or graduate students review existing scales for possible adoption or adaptation in a study; create their own conceptual framework for a

scale; write checklists, true-false variations, and Likert-style items; design response scales; examine validity and reliability; conduct a factor analysis; and document the instrument development and its technical quality. Advice is given on constructing tables and graphs to report survey scale results. Concepts and procedures are illustrated with "Not This/But This" examples from multiple disciplines. User-Friendly Features *End-of-chapter exercises with sample solutions, plus annotated suggestions for further reading. *"Not This/But This" examples of poorly written and strong survey items. *Chapter-opening overviews and within-chapter summaries. *Glossary of key concepts. *Appendix with examples of parametric and nonparametric procedures for group comparisons.
