The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

This volume aims to help you to establish profitable, affirmative client relationships so you can avoid unnecessary risks associated with malpractice and disciplinary complaints. It provides information about law firm management structure models, use of ethics, and general counsel. Included is the Model Partnership Agreement Form and coverage of liability insurance, no goodwill, severance, and vacations, as well as potential problems including withdrawal, disability, death, and payment obligations. Section Two - Client Intake and Fee Agreements - walks you through the intake process, including how to effectively gather information on new clients, manage the client selection process, make judgments, and use engagement and nonengagement letters.

This study was conceived in the winter of 1984, in response to the profession's efforts to achieve counselor licensure. Licensure of counselors brought about the concern of what defines the practice of a professional counselor. The study had its origins in two sources: (a) the National Board for Certified Counselors' and staff members' functioning and (b) a commitment by NBCC to strengthen the credentialing of counselors and incur the expense to conduct a study of this magnitude.

Aimed at parents of and advocates for special needs children, explains how to develop a relationship with a school, monitor a child's progress, understand relevant legislation, and document correspondence and conversations.
