A unique blend of espionage thrills and Lovecraftian horror, Hugo Award-winning author Charles Stross's Laundry Files continues with Quantum of Nightmares. It's a brave new Britain under the New Management. The avuncular Prime Minister is an ancient eldritch god of unimaginable power. Crime is plummeting as almost every offense is punishable by death. And everywhere you look, there are people with strange powers, some of which they can control, and some, not so much. Hyperorganized and formidable, Eve Starkey defeated her boss, the louche magical adept and billionaire Rupert de Montfort Bigge, in a supernatural duel to the death. Now she's in charge of the Bigge Corporation—just in time to discover the lethal trap Rupert set for her long ago. Wendy Deere's transhuman abilities have gotten her through many a scrape. Now she's gainfully employed investigating unauthorized supernatural shenanigans. She swore to herself she wouldn't again get entangled with Eve Starkey's bohemian brother Imp and his crew of transhuman misfits. Yeah, right. Mary Macandless has powers of her own. Right now she's pretending to be a nanny in order to kidnap the children of a pair of famous, Government-authorized superheroes. These children have powers of their own, and Mary Macandless is in way over her head. Amanda Sullivan is the HR manager of a minor grocery chain, much oppressed by her glossy blonde boss—who is cooking up an appalling, extralegal scheme literally involving human flesh. All of these stories will come together, with world-bending results... "For all of

Stross's genuine ability to spook and dismay, The Laundry Files are some of the most tremendously humane books I've ever read." —Tamsyn Muir, author of Gideon the Ninth and Harrow the Ninth At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

" A bizarre yet effective yoking of the spy and horror genres. " —The Washington Post Book World The Lovecraftian Singularity has descended upon the world in The Labyrinth Index, beginning an exciting new story arc in Charles Stross' Hugo Award-winning Laundry Files series! Since she was promoted to the head of the Lords Select Committee on Sanguinary Affairs, every workday for Mhari Murphy has been a nightmare. It doesn't help that her boss, the new Prime Minister of Britain, is a manipulative and deceptive pain in the butt. But what else can she expect when working under the thumb of none other than the elder god N'yar Lat-Hotep a.k.a the Creeping Chaos? Mhari's most recent assignment takes her and a ragtag team of former Laundry agents across the pond into the depths of North America. The United States president has gone missing. Not that Americans are alarmed. For some mysterious reason, most of the country has forgotten the executive branch even exists. Perhaps it has to do with the Nazgûl currently occupying the government and attempting to summon Cthulhu. It's now up to Mhari and her team to race against the Nazgûl's vampire-manned dragnet to find and, for his own protection, kidnap the president. Who knew an egomaniacal, malevolent deity would have a soft spot for international relations?

The Umbrella Chronicles encompasses several scenarios, which are based on various plot elements from the Resident Evil series. The main characters include: Rebecca Chambers, Billy Coen, Chris Redfield, Jill Valentine, Carlos Oliveira, Albert Wesker, Ada Wong, Richard Aiken, and Hunk. The first scenario, based on the events of Resident Evil Zero, follows STARS operative Rebecca Chambers, and former Marine Billy Coen as they venture through a train that eventually takes them to a derelict training facility. Once within the facility, they discover they are being stalked by James Marcus, one of the Umbrella Corporation's co-founders and former scientists, who has managed to resurrect himself with the aid of leech test-subjects. After a confrontation, Marcus mutates into a monstrosity, but is subdued by the duo. Chambers and Coen escape as the facility self-destructs. Another sub-chapter within the scenario traces Wesker's actions, now posing as the leader of STARS' Alpha team, as he attempts to escape the training facility. This chapter also introduces Sergei Vladimir and one of his bodyguard Tyrants, codenamed "IVAN". The next scenario follows Chris Redfield and Jill Valentine, as opposed to the actual Resident Evil game, which features the two splitting up. Redfield and Valentine are forced to battle their way through a mansion full of undead residents before stumbling upon a secret Umbrella Corporation research facility in the mansion's basement. The two then discover the facility's most powerful creation, a Tyrant, and destroy it. The scenario features two different sub-chapters, which reveal Chambers' action between Resident Evil Zero and Resident Evil, as well as Wesker's reanimation and escape after his apparent death. The next scenario visits Raccoon City during the events of Resident Evil 3: Nemesis. Valentine returns to the game, and is paired with mercenary Carlos Oliveira, as they attempt to survive an outbreak of the T-virus. After defeating several undead citizens, Valentine and Oliveira encounter Nemesis, an upgraded Tyrant, sent to kill Valentine.[16] They defeat Nemesis and escape Raccoon City before it is destroyed by the United States government in a desperate contingency measure. The scenario also features two sub-chapters, detailing Ada Wong and Hunk's background roles during the main scenario's events. The game's final scenario is composed of new material, which trails Redfield and Valentine as they and other armed anti-bioweapon activists investigate the Umbrella Corporation's final stronghold in Russia. Now leading a group of armed activists, they storm the stronghold, encountering waves of undead soldiers and mutations. Despite their force sustaining heavy casualties, Redfield and Valentine enter the facility's inner sanctum, only to encounter and destroy the Umbrella Corporation's latest creation, the T-ALOS project. The game's final sub-chapter features Wesker infiltrating the facility in an attempt to recover the Umbrella Corporation's most important files. He is confronted by his long-time nemesis, Sergei Vladimir, whom he defeats. In the end, the Umbrella Corporation's secrets have finally been exposed. As a result, the U.S. government succeeds in its legal action against Umbrella's top officials.

Regular readers of Charles Stross's Laundry Files might have noticed Bob Howard's absence from the events of The Nightmare Stacks, and his subsequent return from Tokyo at the start of The Delirium Brief. Escape from Yokai Land explains what he was doing there. Bob's been assigned to work with the Miyamoto Group, checking the wards that lock down Japan's warded sites—a task previously handled by his predecessor Dr. Angleton, the Eater of Souls. This mostly involves policing yokai: traditional magical beings, increasingly grown more annoying and energetic. But then Bob's simple trip turns into a deadly confrontation with the ultimate yokai. It's massively powerful. It's pink. And it says "Hello." At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating possible links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.
