

Return From Tomorrow

"Now that Maddie has been kidnapped, Rosie, Louisa, and the boys are paying more attention to Evelyn's theories. As the group make their way toward war-torn Chicago, they're under constant threat of capture. Danger and dark surprises lurk around every twist of the road. Evelyn knows they need a strategy to find Maddie. But what the group comes up with may be their riskiest plan yet: infiltrating the Alliance itself"--P. [4] of cover.

At the age of 20, George Ritchie died in an army hospital. Nine minutes later, he returned to life. What happened to him during those nine minutes was so compelling it changed his life forever. This is one of the most startling and hopeful descriptions of the realm beyond ever written. "Space is deep, Man is small and Time is his relentless enemy...." How far is too far? Alan Corday is about to find out. Corday is shanghaied aboard a craft bound for the stars... on a journey at the speed of light, the world he

leaves behind fast vanishing into the past. And nothing in the dark, forbidding reaches of space can prepare him for the astounding discovery he will make upon his return from the stars. "This is indeed golden SF from the Golden Age."

—Publishers Weekly Starred Review

A collection of 270+ heartfelt letters, encompassing hilarity and heartbreak, insight and inspiration from an amazing array of women of influence and integrity writing to their younger selves. Compiled and edited by award-winning author Kim Chandler McDonald, there are messages from Australian and international luminaries from the worlds of comedy, theatre, TV and dance, solo adventurers and Olympic champions, broadcasting and journalism, activism, philanthropy, politics, business, innovation and adventure. A landmark publication, which gathers these voices together for the first time, sharing many never before told stories and truths. All proceeds are being donated to Lou's Place, Sydney's only daytime drop in centre for women in crisis, many of whom are victims of

domestic abuse and violence. With 20 original drawings by acclaimed artist Wendy Sharpe and dedicated pages for readers to write their own letters, this is a perfect book to share with friends and family or to keep as a private treasure. -----Contributors include: Amanda Brown, Amantha Imber, Andrea Durbach, Angela Bogdan, Angie Davis, Ann Reinking, Anne Aly, Anne Dunn, Anne MacPherson, Anne Summers, Annie Maynard, Anntonette Daily, Antoinette Braybrook, Antoinette Gambotto-Burke; Beate Chelette, Beatie Wolfe, Bernadette Black; Carla Zampatti, Carol Fox, Catherine Ball, Catherine Fox, Catharine Lumby, Cathrin Blickling, Cathy Pearl, Céline Schillinger, Charlotte Wood, Chrissy Sharp, Claudia Karvan, Collette Dinnigan; Darcey Bussell, Deanne Weir, Debbie Forster, Deborah Thomas, Div Pillay, Domini Marshall, Donella Freeman; Eliane Miles, Elizabeth Anne MacGregor, Emma Gierschick, Emma Macdonald, Emma-Jane Newton; Fiori Giovanni, Frances Rush; Gabrielle Dolan, Genevieve Clay-Smith; Ingrid Giles, Iris Lapinski, Isabella Cowan; Jacinta Tynan, Jacqueline Arias, Jacquie

squad of Rangers to protect them. But when the Friendship arrives, they find nothing they expected. No interplanetary culture, no industrial base—and no cure for the spore disease. A timeslip in the apparently instantaneous travel between worlds has occurred and far more than ten years have passed. Once again scientists find themselves in a race against time to save humanity and their kind from a deadly virus while a clock of a different sort runs down on a military solution no less deadly to all. Amid devastation and plague come stories of heroism and sacrifice and of genetic destiny and free choice, with its implicit promise of conscious change. The Yesterday's Kin Trilogy Tomorrow's Kin If Tomorrow Comes At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Jones uncovers the fascinating inside story of the making of this film, one of the American Film Institutes's 100 Greatest Thrillers. Every aspect is revealed of the film's development and production - casting, design, shooting, scoring, and editing - to the profound disappointment upon its release. This book is the result of over a decade of archival research and interviews with a dozen key people associated with the film, including Grubb, Gregory, actors Robert Mitchum and Lillian Gish and cinematographer Stanley Cortez. Their oral histories, along with numerous artifacts and film stills, are here deftly assembled into an account that is as compelling as the movie it celebrates.

The 1964-65 World's Fair and the Transformation of America

In this magically evocative novel, William Maxwell explores the enigmatic gravity of the past, which compels us to keep explaining it even as it makes liars out of us every time we try. On a winter morning in the 1920s, a shot rings out on a farm in rural Illinois. A man named Lloyd Wilson has been killed. And the tenuous friendship between two lonely teenagers—one privileged yet neglected, the other a troubled farm boy—has been shattered. Fifty years later, one of those boys—now a grown man—tries to reconstruct the events that led up to the murder. In doing so, he is inevitably drawn back to his lost friend Cletus, who has the misfortune of being the son of Wilson's killer and who in the months before witnessed things that Maxwell's narrator can only guess at. Out of memory and imagination, the surmises of children and the destructive passions of their parents, Maxwell creates a luminous American classic of youth and loss.

Readers are encouraged to listen for and hear Christ's voice even in the midst of chaos, in a volume that articulates that these may be the days to proclaim the master since the first century.

Illustrations by a lettering artist and easy-to-read text reveal ways to be helpful, patient, gentle, honest, generous, grateful, and especially kind.

Nancy Kress returns with *Terran Tomorrow*, the final book in the thrilling hard science fiction trilogy based on the Nebula Award-winning novella *Yesterday's Kin*. io9—New Sci-Fi and Fantasy Books You Need to Put on Your Radar for Fall The diplomatic mission from Earth to World ended in disaster, as the Earth scientists discovered that the Worlders were not the scientifically advanced culture they believed. Though they brought a limited quantity of the

The Last Cowboys: A Pioneer Family in the New West

Return from Tomorrow

Oregon County Missouri History

From Pulitzer Prize nominee and award winning author of Homeland, The Poisonwood Bible and Flight Behaviour, The Lacuna is the heartbreaking story of a man torn between the warm heart of Mexico and the cold embrace of 1950s America in the shadow of Senator McCarthy. Born in America and raised in Mexico, Harrison Shepherd is a liability to his social-climbing flapper mother, Salome. When he starts work in the household of Mexican artists Diego Rivera and Frida Kahlo - where the Bolshevik leader, Lev Trotsky, is also being harboured as a political exile - he

Get Free Return From Tomorrow

inadvertently casts his lot with art, communism and revolution. A compulsive diarist, he records and relates his colourful experiences of life with Diego Rivera, Frida Kahlo and Trotsky in the midst of the Mexican revolution. A violent upheaval sends him back to America; but political winds continue to throw him between north and south, in a plot that turns many times on the unspeakable breach - the lacuna - between truth and public presumption.

"A can't-put-it-down modern Western." —Kirk Siegler, NPR Longlisted for the PEN/ESPN Award for Literary Sports Writing *The Last Cowboys* *is Pulitzer Prize-winning reporter John Branch's epic tale of one American family struggling to hold on to the fading vestiges of the Old West. For generations, the Wrights of southern Utah have raised cattle and world-champion saddle-bronc riders—many call them the most successful rodeo family in history. Now they find themselves fighting to save their land and livelihood as the West is transformed by urbanization, battered by drought, and rearranged by public-land disputes. Could rodeo, of all things, be the answer? Written with great lyricism and filled with vivid scenes of heartache and broken bones, *The Last Cowboys* is a powerful testament to the grit and integrity that fuel the American Dream.*

Based on the award-winning, globally acclaimed film, Tomorrow, by Cyril Dion and Mélanie Laurent. What if highlighting solutions and telling positive stories was the best way to solve the ecological, economic, and social problems our countries are

Get Free Return From Tomorrow

grappling with? In 2012, French writer/activist Cyril Dion learned about a study carried out by twenty-two scientists from around the world that forecasts the extinction of multiple forms of life, and possibly a large part of humanity, by the year 2100. This news barely received any media coverage at all. Convinced that spreading catastrophic news is not effective, Dion decided to explore, along with actress and director Mélanie Laurent and a small film crew, what our world could look like if we brought together some of the best solutions to date in agriculture, energy, economics, education, and democracy. What they found were men and women changing the world: cities that produce their own food and energy, zero-waste systems, businesspeople and towns creating their own currency to prevent speculation and the appropriation of wealth, citizens rewriting their own constitution, and pioneering educational systems. By linking these initiatives together, Dion and his crew bring to light a new philosophy, a community of thought among people who often don't know each other: new blueprints for society.

A Novel

Yesterday's Kin Trilogy

A novel

A haunting, beautiful first novel by the bestselling author of *A Long Way Gone* When Ishmael Beah's *A Long Way Gone* was published in 2007, it soared to the top of bestseller lists, becoming an instant classic: a harrowing account of Sierra Leone's civil war and the fate of child soldiers that "everyone in the world should read" (*The Washington Post*). Now Beah, whom Dave Eggers has called "arguably the most read African writer in contemporary literature," has returned with his first novel, an affecting, tender parable about postwar life in Sierra Leone. At the center of *Radiance of Tomorrow* are Benjamin and Bockarie, two longtime friends who return to their hometown, Imperi, after the civil war. The village is in ruins, the ground covered in bones. As more villagers begin to come back, Benjamin and Bockarie try to forge a new community by taking up their former posts as teachers, but they're beset by obstacles: a scarcity of food; a rash of murders, thievery, rape, and retaliation; and the depredations of a foreign mining company intent on sullyng the town's water supply and blocking its paths with electric wires. As Benjamin and Bockarie search for a way to restore order, they're forced to reckon with the uncertainty of their past and future alike. With the gentle lyricism of a dream and the moral clarity of a fable, *Radiance of Tomorrow* is a powerful novel about preserving what means the most to us, even in uncertain times. Named one of the *Christian Science Monitor's* best fiction books of 2014

Get Free Return From Tomorrow

Come take a trip down memory lane with us. Enjoy seeing familiar places and reading about people you knew. Read about familiar communities such as Myrtle, Couch, Kosh, Thomasville, Alton, Thayer; and many places like Grand Gulf, Eleven Point River, Greer Mill, Many Springs, and many more. Sit back and let nostalgia wash over you as you travel back in time with the history of Oregon County, Missouri in the Ozarks. The Oregon County Historical Society developed and published this book in 1990 as a labor of love. The current club has reprinted this book digitally with issues available in paper and e-book form. More books to follow.

Footloose and broke, the unnamed narrator of *Gone Tomorrow* hops on a plane without asking questions when his director friend offers him a role in an art film set in Colombia. But from the moment he arrives at the airport in Bogotá, only to witness a policeman beat a beggar half to death, it becomes clear that this will not be the story of gritty bohemians triumphing against the odds. The director, Paul Grosvenor, seems more interested in manipulating his cast than in shooting film. The cult star, Irma Irma, is a vamp too bored and boring to draw blood. And the beautiful, nymph-like Michael Simard doesn't seem to be putting out. Meanwhile, the film's shady financier is sleeping with his mother, while a serial killer skulks about the area killing tourists. Everything comes to a head when the carnival celebration begins in nearby Cali. But once the fiesta is over, all that's left are ghostly memories and the narrator's insistence on telling the tale. "Unlike the majority of pointedly AIDS-era novels," writes Dennis Cooper, "*Gone Tomorrow* is neither an amoral nostalgia fest nor a thinly veiled wake-up call hyping the religion of sobriety. It's a philosophical work devised by a writer who's both too intelligent to

Get Free Return From Tomorrow

buy into the notion that a successful future requires the compromise of collective decision and too moral to accept bitterness as the consequence of an adventurous life.”

Star Trek: The Motion Picture (1979) is one of the most beguiling and important science fiction films ever made. Its spectacular realization of Gene Roddenberry’s inspirational future and humanistic storytelling are a cinematic achievement unlikely ever to be matched. At the same time, the film was a deeply troubled production that rolled without a completed script and saw a wholesale change in visual effects companies; barely making its release date. In 1979, Preston Neal Jones was given unparalleled access to the cast and creators of Star Trek: The Motion Picture for what was intended to be a cover story for Cinefantastique magazine. Owing to the late completion of the film and ambitious scope of the manuscript, it was never published; until now. This book is a priceless time capsule, an oral history in the words of 60 of the film’s cast and creators, interviewed as the film was being prepared for release; and nobody had any idea if it would succeed or even be finished on time. From the stars (William Shatner, Leonard Nimoy and the entire cast) to the filmmakers (Gene Roddenberry, Robert Wise) to the brilliant visual effect artists, illustrators, model builders and technicians who realized the 23rd century on screen (costumes, sets, props, models, music, sound FX and more), no aspect of the film’s creation is overlooked. Go behind the scenes of this pivotal sci-fi masterwork and hear the unvarnished, uncensored truth of how it was created.

Self-made Destinies in Cairo

Aliens have landed in New York. A deadly cloud of spores has already infected and killed the inhabitants of two worlds. Now the plague is heading for Earth, threatening humans and aliens alike. Can either species be trusted to find the cure? Geneticist Marianne Jenner is immersed in the desperate race to save humanity, yet her family is tearing itself apart. Siblings Elizabeth and Ryan are strident isolationists who agree only that an alien conspiracy is in play. Marianne's youngest, Noah, is a loner addicted to a drug that constantly changes his identity. But between the four Jenners, the course of human history will be forever altered. Earth's most elite scientists have ten months to prevent human extinction--but not everyone is willing to wait.

“ A dizzying, intimate romance. ” —Kirkus Reviews (starred review) “ Funny, tender, and romantic. ” —Publishers Weekly (starred review) The Hating Game meets Nick and Norah ' s Infinite Playlist by way of Morgan Matson in this unforgettable romantic comedy about two rival overachievers whose relationship completely transforms over the course of twenty-four hours. Today, she hates him. It ' s the last day of senior year. Rowan Roth and Neil McNair have been bitter rivals for all of high school, clashing on test scores, student

Get Free Return From Tomorrow

council elections, and even gym class pull-up contests. While Rowan, who secretly wants to write romance novels, is anxious about the future, she 'd love to beat her infuriating nemesis one last time. Tonight, she puts up with him. When Neil is named valedictorian, Rowan has only one chance at victory: Howl, a senior class game that takes them all over Seattle, a farewell tour of the city she loves. But after learning a group of seniors is out to get them, she and Neil reluctantly decide to team up until they 're the last players left—and then they 'll destroy each other. As Rowan spends more time with Neil, she realizes he 's much more than the awkward linguistics nerd she 's sparred with for the past four years. And, perhaps, this boy she claims to despise might actually be the boy of her dreams. Tomorrow...maybe she 's already fallen for him.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and

Get Free Return From Tomorrow

Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

At the age of twenty, George Ritchie died in an Army hospital. Nine minutes later, he returned to life. What happened to him during those minutes was so compelling that it changed his life forever. In *Return from Tomorrow*, Ritchie tells of his transforming encounter with the Son of God, who led him to encounters with other nonphysical beings at the very doorway of eternity. Ritchie's extraordinary experience not only altered his view of eternity, but it has also altered the lives of hundreds of thousands of readers. One of the most startling and hopeful descriptions of the realm beyond, this classic will inspire readers from all

Get Free Return From Tomorrow

walks of life. It includes a brand-new preface from Elizabeth Sherrill.

Postcards from Tomorrow

This Time Tomorrow

The Lacuna

Book 1 of the Yesterday's Kin Trilogy

I'll Do It Tomorrow

It's 500 years after the nuclear holocaust that devastated the earth's population and left the few survivors dealing with unending winter. At their remote British boarding school, Wellington Jones and Heather McKenna have a lot in common. Both are misfits trying to avoid attention, and both are fascinated by Earl, a tall, calm, older boy with no recollection of his past, but a remarkable knack for showing up when he is needed most. When a blow to the head brings Earl's memory back, he claims that he is actually Merlin . . . a 2000-year-old wizard. Originally published in two volumes in the mid-1980s, Pamela F. Service's creative, futuristic spin on the Camelot legend will appeal to Arthurian purists and fantasy lovers alike.

Harnessing technology for a better future Looking into the future is always difficult and often problematic—but sometimes it's useful to imagine what innovations might resolve today's problems and make

Get Free Return From Tomorrow

tomorrow better. In this book, 15 distinguished international experts examine how technology will affect the human condition and natural world within the next ten years. Their stories reflect major ambitions for what the future could bring and offer a glimpse into the possibilities for achieving the UN's ambitious Sustainable Development Goals. The authors were asked to envision future success in their respective fields, given the current state of technology and potential progress over the next decade. The central question driving their research: What are likely technological advances that could contribute to the Sustainable Development Goals at major scale, affecting the lives of hundreds of millions of people or substantial geographies around the globe. One overall takeaway is that gradualist approaches will not achieve those goals by 2030. Breakthroughs will be necessary in science, in the development of new products and services, and in institutional systems. Each of the experts responded with stories that reflect big ambitions for what the future may bring. Their stories are not projections or forecasts as to what will happen; they are reasoned and reasonable conjectures about what could happen. The editors' intent is to provide a glimpse into the possibilities for the future of sustainable development. At a time when many people worry about stalled progress on the economic, social, and environmental challenges of sustainable development, Breakthrough is a reminder that the

Get Free Return From Tomorrow

promise of a better future is within our grasp, across a range of domains. It will interest anyone who wonders about the world's economic, social, and environmental future.

A is for seed, B is for eggs, C is for milk -- what's going on here? The seed is tomorrows Apple, the eggs are tomorrows Birds, the milk is tomorrows Cheese! Explore a wonderful world of possibility with an imaginative alphabet puzzle that encouraged young readers to look beyond the obvious.

When Ellie and six of her friends return home from a camping trip deep in the bush, they find things hideously wrong -- their families gone, houses empty and abandoned, pets and stock dead. Gradually they begin to comprehend that their country has been invaded and everyone in the town has been taken prisoner. As the horrible reality of the situation becomes evident they have to make a life-and-death decision: to run back into the bush and hide, to give themselves up to be with their families, or to stay and try to fight. This reveting, tautly-drawn novel seems at times to be only a step away from today's headlines.

Fleeing home from his military service in Afghanistan when his wife dies in an apparent freak household accident, Dr. Mike Scanlon struggles with the tragedy, his inability to bond with his new baby daughter and a downsizing in his medical practice only to discover a shocking secret that changes his understanding of everything. By the Edgar Award-winning author of *Come Home*. 300,000 first printing.

“ A sweet, life-affirming tale . . . with a liberal sprinkling of magic. ” —Marie Claire (UK) “ Filled with family secrets, intrigue, and magic aplenty. ” —Booklist Bestselling author Cecelia Ahern follows *The Gift* and *P.S. I Love You* with the mesmerizing story of a teenaged girl coming face-to-face with grief, growth, and magic in the Irish countryside, after a mysterious book begins to reveal her own memories from one day in the future. Perfect for long-time fans of Ahern, as well as for younger readers coming to her for the first time, *The Book of Tomorrow* ’ s strong voice and sophisticated storytelling mark an instant new classic from this already beloved author.

A thrilling and richly drawn family drama about a daughter ’ s quest to understand her mother ’ s mysterious death. On the morning of her seventieth birthday, Georgianna Grove receives an unexpected letter that calls her back to Missing Lake, Wisconsin, where her mother was murdered sixty-six years earlier. Georgie ’ s father had confessed to the murder the next morning and was carted off to a state penitentiary. Haunted by the night that took both her parents away and determined to unearth the truth, Georgie takes her reluctant family on what will become a dangerous canoe trip up the swollen Bone River to return to Missing Lake. Acclaimed novelist Susan Richards Shreve, celebrated for her “ refined explorations of parent-

Get Free Return From Tomorrow

child relationships ” (Washington Post), captures the tenor of the times with clarity and elegance as she follows both Georgie and her parents on parallel trips up the Bone River, weaving together the hope of June 2008 with the injustices of June 1941. Georgie must untangle a web of bigotry, loss, and half-forgotten memories to finally understand her parents ’ fate. More News Tomorrow is a stirring and irresistible portrait of a family drawn together in search of truth.

Motivated by potentially turning Flushing Meadows, literally a land of refuse, into his greatest public park, Robert Moses—New York's "Master Builder"—brought the World's Fair to the Big Apple for 1964 and '65. Though considered a financial failure, the 1964-65 World' s Fair was a Sixties flashpoint in areas from politics to pop culture, technology to urban planning, and civil rights to violent crime. In an epic narrative, the New York Times bestseller Tomorrow-Land shows the astonishing pivots taken by New York City, America, and the world during the Fair. It fetched Disney's empire from California and Michelangelo's La Pieta from Europe; and displayed flickers of innovation from Ford, GM, and NASA—from undersea and outerspace colonies to personal computers. It housed the controversial work of Warhol (until Governor Rockefeller had it removed); and lured Ken Kesey and the Merry Pranksters. Meanwhile, the Fair—and its house band, Guy Lombardo and his Royal Canadians—sat in the musical shadows of the Beatles and Bob Dylan, who changed rock-and-roll right there in Queens. And as Southern civil rights efforts turned deadly, and violent protests also occurred in and around the Fair, Harlem-based Malcolm X predicted a frightening future of inner-city racial conflict. World's Fairs have always been collisions of eras, cultures, nations, technologies, ideas, and art. But the trippy, turbulent, Technicolor, Disney, corporate, and often misguided 1964-65 Fair

Get Free Return From Tomorrow

was truly exceptional.

Tomorrow's Alphabet

A Fable

To the Stars

In this exhilarating novel by the best-selling author of *The Storied Life of A. J. Fikry* two friends—often in love, but never lovers—come together as creative partners in the world of video game design, where success brings them fame, joy, tragedy, duplicity, and, ultimately, a kind of immortality. "Utterly brilliant. In this sweeping, gorgeously written novel, Gabrielle Zevin charts the beauty, tenacity, and fragility of human love and creativity. *Tomorrow, and Tomorrow, and Tomorrow* is one of the best books I've ever read." —John Green On a bitter-cold day, in the December of his junior year at Harvard, Sam Masur exits a subway car and sees, amid the hordes of people waiting on the platform, Sadie Green. He calls her name. For a moment, she pretends she hasn't heard him, but then, she turns, and a game begins: a legendary collaboration that will launch them to stardom. These friends, intimates since childhood, borrow money, beg favors, and, before even graduating college, they have created their first blockbuster, *Ichigo*. Overnight, the world is theirs. Not even twenty-five years old,

Get Free Return From Tomorrow

Sam and Sadie are brilliant, successful, and rich, but these qualities won't protect them from their own creative ambitions or the betrayals of their hearts. Spanning thirty years, from Cambridge, Massachusetts, to Venice Beach, California, and lands in between and far beyond, Gabrielle Zevin's Tomorrow, and Tomorrow, and Tomorrow is a dazzling and intricately imagined novel that examines the multifarious nature of identity, disability, failure, the redemptive possibilities in play, and above all, our need to connect: to be loved and to love. Yes, it is a love story, but it is not one you have read before.

Journey through the beautifully hand-lettered messages by award-winning illustrator Jessica Hische. This uplifting and positive book - now a New York Times best seller - encourages kids to promise that tomorrow, they will try new things, do their best, and be brave. Tomorrow I'll be all the things I tried to be today: Adventurous, Strong, Smart, Curious, Creative, Confident, & Brave. And if I wasn't one of them, I know that it's OK. Journey through a world filled with positive and beautifully hand-lettered words of wisdom, inspiration, and motivation. As this book reminds readers, tomorrow is another day, full of endless opportunities--all you have to do is decide to make the day yours. "Jessica Hische, one of the great designers and typographers, now shows herself equally adept at creating gorgeous and immersive images for young readers. This is a joyous burst of color."--Dave Eggers, author of Her Right Foot

#1 NATIONAL BESTSELLER “The pages brim with tenderness and an appreciation for what we had and who we were. On the eve of her 40th birthday, Alice’s life isn’t terrible. She likes her job, even if it isn’t exactly the one she expected. She’s happy with her apartment, her romantic status, her independence, and she adores her lifelong best friend. But her father is ailing, and it feels to her as if something is missing. When she wakes up the next morning she finds herself back in 1996, reliving her 16th birthday. But it isn’t just her adolescent body that shocks her, or seeing her high school crush, it’s her dad: the vital, charming, 40-something version of her father with whom she is reunited. Now armed with a new perspective on her own life and his, some past events take on new meaning. Is there anything that she would change if she could?

It's the night before the big game or competition. Athletes have put in endless hours of practice time to prepare for the event. Their physical training is

complete, but how can they be assured of being at their peak condition mentally? Based on author Dr. Rob Gilbert's 30 years of consulting with thousands of athletes, "Read This Book Tonight To Help You Win Tomorrow" includes: - Over 120 of the greatest sports motivational quotes ever assembled. - 40 power statements for game day to perform your best under pressure. - What the greatest upset in sports history can teach you about never giving up. - Overcoming competitive fears, nerves and doubts. - The simple mantra that helps athletes block out distractions. - 5 must have rules for going all out. - Getting rid of the "Mental Emergency Brake." - Striking the right balance between caring too much and caring too little. - Proven methods to loosen up and play your best. - Decision vs. action. Why athletes must know the difference. - Tommy Lasorda's secret weapon to help athletes win. - How focusing on effort instead of outcome boosts performance. - Maximizing athletic ability, being a team leader and playing out of your mind. - Eliminate the 14 killer words that destroy performance.
