Other Realms: Volume One

For fans of James Rollins and Matthew Reilly comes the next exciting, globe-trotting adventure in Andy McDermott's explosive series featuring American archaeologist Nina Wilde and ex-SAS bodyguard Eddie Chase. The Bible's last book hides a secret that could end the world. In the heart of Iraq, on the eve of Operation Iraqi Freedom, a CIA special forces unit met with Arab rebels near long-hidden ancient ruins, a place from which the Americans were direly warned to stay away. But team member Ezekiel Cross didn't listen and made an astounding discovery—one worth killing for. Now Cross is a ruthless cult leader on an ominous mission. Convinced that he's unlocked the secrets of the Bible's Book of Revelation, he's determined to gather four stone angels that will trigger God's promised End of Days. And he's not alone. A former U.S. president, with a vision of all-out religious warfare, plays a role in the dark plot. But while Cross may have the clues to tracking down the remaining angels, he hasn't been able to match them to real-world locations. For that he has coerced famed archaeologist Nina Wilde into assisting him, using her husband, ex-special forces soldier Eddie Chase, as collateral. With Eddie held hostage, Nina is forced to recover relics of untold power from Rome to Israel. She must find a way to halt Cross's mad quest, because the last piece of the puzzle is at hand—and with it comes the most terrifying revelation of all. Praise for *The Revelation Code* "There is no end to the mischief that husband and wife team Eddie Chase and Nina Wilde can get into; no archaeological mystery is safe; and if X marks the spot you can bet that that's where you'll also find Nina and Eddie, no doubt looking a bit battered. . . . This is such a strong series and I can never get enough of it. *The Revelation Code* is a fine addition to it, combining a great plot and mystery with a new phase in Eddie and Nina's relationship. I cannot wait to see what happens next. Nothing will be the same again."—*For Winter Nights* "A fun, frantic read that moves along at a breakneck pace, even through heavy scenes of torture, religious insanity, and political posturing . . . big-time popcorn adventure fun, complete with a dose of history and humor."—*Beauty in Ruins*

*Other Realms: Volume One* is the first book in a new series that collects original short stories by fantasy and sci-fi author Shaun Kilgore. In this volume, you'll be taken to far off fantasy worlds filled with magic, adventure, and the games of noble houses and the plights of brave warriors. This book contains ten stories, including "A Reckoning," "Death To The Messenger," "Midwinter Night," "Oathsworn," "The Beast Of Mern," "The Prophet's Return," "The Risen Queen," "The Ruling," "The Traitor," and "Winds Of Fate."

Destiny Allen, a Web designer for software giant Scenaria Security Systems, finds herself involved in a deadly puzzle that blurs the boundaries between the virtual and the real. At stake: the infrastructure of modern America. Her resources: Dina Gustafson, a college friend, and Karl Lustig, an Israeli technology journalist with friends in dark places. The challenge: sort the good guys from the bad before the lights go out. A fast-paced technology thriller, *Web Games* is about real risks and virtual worlds, about Internet threats as close as tomorrow's nightly news, and about the ever-escalating warfare between black-hat hackers and modern society.

Of all the books of the Bible, few are as fascinating or as bewildering as Revelation. Its images grip the imagination: four grim horsemen, the Antichrist, the ten-horned beast, the ultimate battle at Armageddon, and, of course, 666, the "mark of the beast," variously interpreted to signify everything from Hitler and Krushchev to credit cards and the Internet. Is the book of Revelation a blueprint for the future that needs decoding if we want to understand current events? Is it a book of powerful imagery, with warnings and promises for the church throughout the ages? Or is it essentially an imaginative depiction of historical events in the first century? *Four Views on the Book of Revelation* explores the four main views in which Revelation is understood: preterist, idealist, classical dispensationalist futurist, and progressive dispensationalist. The interactive Counterpoints forum allows each author not only to present his view, but also to offer brief commentary on other views presented. This evenhanded approach is ideal

for comparing and contrasting stances in order to form a personal conclusion about the interpretation and meaning of Revelation. The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians. Counterpoints books address two categories: Church Life and Bible and Theology. Complete your library with other books in the Counterpoints series.

**For millennia, humanity has wondered, "Who are we and where did we come from?" Religions tell us we are flawed, limited, even evil. They promise reward or retribution for believing the right things about the right God and keeping our faces down and our knees bowed. Billions unquestioningly obey. Science skeptically scoffs at these old myths. It has reduced the entire universe - and humanity along with it - to a mathematical and mechanistic accident. Billions consider themselves too smart, too educated to believe in crazy old myths or to see any reality beyond the natural world. Are either of these explanations satisfying or complete? Are we just atoms bumping into other atoms or souls to be saved by the decree of ancient Gods? White House correspondent Maria Love had never considered such questions. Suddenly and unexpectedly, she finds herself thrown into a world where everything we've been told turns out to be wrong. Now, with the help of a member of the Anunnaki elite, she tries to reveal history's greatest deception as the fate of Earth and Nibiru hangs in the balance.**

**From Arthur C. Clarke, the brilliant mind that brought us 2001: A Space Odyssey, and Stephen Baxter, one of the most cogent SF writers of his generation, comes a novel of a day, not so far in the future, when the barriers of time and distance have suddenly turned to glass. When a brilliant, driven industrialist harnesses cutting-edge physics to enable people everywhere, at trivial cost, to see one another at all times—around every corner, through every wall—the result is the sudden and complete abolition of human privacy, forever. Then the same technology proves able to look backward in time as well. The Light of Other Days is a story that will**

Realizing her mistake too late, Meredith screams "Yes!" and instantly finds herself transported to a mysterious island, alongside hundreds of other Candidates like her, each pulled from human history with seemingly little in common. *On a scale of 1 to 10, with 1 being not happy at all and 10 being very, very happy, how happy would you say you are right now, BEFORE reading this book? Now remember that number. Inside "Happy As a Rat In a Trash Can" Don challenges the reader to raise that number just as a student would be challenged to raise up school grades. Don says this book is about YOU! It is about you becoming a little more faithful a little more grateful a little more understanding a little more forgiving a little more thoughtful a little more caring and a lot more loving Why? Because these are the things that beget happiness. In early 2008 Don's Mom went to be with the Lord. She was a person just like your Mom... very loving and invariably, always in your corner. Her Christian values were instilled in him and are presented to the readers throughout this book. Don presents his points with a sense of humor (as reflected in the title) but never does he joke about the seriousness of becoming a happier person. He'll explain why faith is necessary and how the Law of sowing and reaping is creating the world YOU live in. He'll give you a simple question to ask yourself whenever confronted with the tough choices that life brings to all of us. This book's objective is to raise your level of happiness even if you are already a happy person. Don't be surprised if those around you start to wonder what got into you! *NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.*

*A truly remarkable story of a woman who went through 37 years of hell to then experience the appearance of an Indian guide called White Arrow who changed her life completely. After ten years of being a Medium helping others, White Arrow asked her to send seven symbols he had given her, to the American Indians in Montana. The explanation of the symbols were to send her on a path that no man has ever taken or witnessed before; Montana, Egypt, Mexico, Amazon, Jerusalem and North Dakota. Over one hundred and fifty drawings that have been translated by experts gave proof that her guide had been here before as Jesus Christ. White Arrow has come with friends from other Galaxies to help him on his mission to save the dying Earth - to stop men destroying the very thing that we need to survive: The Rainforests of the Earth. Aliens, Moses, The Virgin Mary, Imhotep, Isis, Horus, Albert Einstein etc - all must be read and heard. This is a book that must be read by men and women everywhere. A warning at the end of the book that will leave us with fear if we do nothing. A book that will leave everyone wondering how this all came about.*

How John Wrote the Book of Revelation is the first of its kind, and introduces genetic literary reconstruction to Biblical studies. It enables the reader to produce prior drafts of Hebrew and Christian Scriptures, thereby allowing the reader to apply the literary science of genetic criticism to a book in the Bible. How John Wrote the Book of Revelation takes the most difficult book to understand in the Christian Scriptures and reveals the sequence in which it was written, from the very first line to the final parallel. This provides the reader, for the first time, with the experience of observing how a Biblical book was written, and does this from an intimate perspective, as though they were looking over John's shoulders as he crafted it. How John Wrote the Book of Revelation is the first book that teaches the reader how to read Revelation the way it was written. After centuries of blind guess work trying to divine meaning, and weak interpretations of symbols, this book finally presents a clear, precise, and consistent method. It is a guidebook to identify all the rich symbols and their meanings within Revelation. Inside the pages of this book is the all-encompassing theory of construction for the book of Revelation. It includes three prior drafts of the book of Revelation, along with hundreds of charts and illustrations. How John Wrote the Book of Revelation is like no other book that has been written before, and sets a new paradigm for all Biblical works.
