

### Riddles Of The Sphinx

When Oedipus met the Sphinx on the road to Thebes, he did more than answer a riddle—he spawned a myth that, told and retold, would become one of Western culture’s central narratives about self-understanding. Identifying the story as a threshold myth—in which the hero crosses over into an unknown and dangerous realm where rules and limits are not known—Oedipus and the Sphinx offers a fresh account of this mythic encounter and how it deals with the concepts of liminality and otherness. Almut-Barbara Renger assesses the story’s meanings and functions in classical antiquity—from its presence in ancient vase painting to its absence in Sophocles’s tragedy—before arriving at two of its major reworkings in European modernity: the psychoanalytic theory of Sigmund Freud and the poetics of Jean Cocteau. Through her readings, she highlights the ambiguous status of the Sphinx and reveals Oedipus himself to be a liminal creature, providing key insights into Sophocles’s portrayal and establishing a theoretical framework that organizes evaluations of the myth’s reception in the twentieth century. Revealing the narrative of Oedipus and the Sphinx to be the very paradigm of a key transition experienced by all of humankind, Renger situates myth between the competing claims of science and art in an engagement that has important implications for current debates in literary studies, psychoanalytic theory, cultural history, and aesthetics.

*"Please, speak softly, we might be overheard," Two college friends run into each other in Paris and one tells the other of a mysterious woman he's been seeing. She sets appointments to meet him and doesn't show up, and she asks him not to write her at her home address but gives him an alias name and address instead. As the tension builds, the friends start to suspect that maybe the real mystery is that there isn't a mystery at all. The Sphinx Without a Secret suggests that the thrill of the chase will always end in disappointment when it comes to love, because sooner or later the chase must end. With charm and a great understanding of the human condition, Oscar Wilde more than succeeds with this suspenseful Sherlock Holmes-like mystery. Oscar Wilde (1854-1900) was an Irish playwright, novelist, essayist, and poet, famous for ‘The Picture of Dorian Gray’ and ‘The Importance of Being Earnest’ to name a couple. He was believed to be a homosexual and met a lot of resistance in his life on that account. He died in Paris at the age of 46.*

*Riddles of the Sphinx is part of the Ancient Greek Heroes series: a collection of original poetry celebrating the heroes and heroines of the myths, stories and legends that came to form the bedrock of the Ancient Greek pantheon.The ancient Greek sphinx was a female monster with the head of a woman, the body of a lion, and the wings of an eagle. The sphinx had been sent by Ares to prey on travelers to Thebes: which she did in a rather unique and memorable fashion. The sphinx asked every traveler she met a riddle. If they were unable to answer, the sphinx devoured them. The difficulty of the riddle ensured that the sphinx was well supplied with fresh provisions for a long time, and the numbers of travelers to Thebes dwindled.One day the intrepid Oedipus approached Thebes to be met by the sphinx and asked her riddle. Much to her chagrin, Oedipus answered correctly: whereupon she destroyed herself. But what, exactly, was the riddle of the sphinx? The top contender is a variation of the following: "What creature walks on four legs in the morning, two legs at noon, and three legs in the evening?" But in other versions of the story, the sphinx asks a different riddle, or even multiple riddles. Without pretending to adjudicate between different story variants, this collection includes the top three riddles that I uncovered in my background reading. Any or all of them may have been asked of Oedipus. Read on to discover all of the Riddles of the Sphinx!*

*This book is the first major study of Canadian women filmmakers since the groundbreaking Gendering the Nation (1999). The Gendered Screen updates the subject with discussions of important filmmakers such as Deepa Mehta, Anne Wheeler, Mina Shum, Lynne Stopkewich, Léa Pool, and Patricia Rozema, whose careers have produced major bodies of work. It also introduces critical studies of newer filmmakers such as Andrea Dorfman and Sylvia Hamilton and new media video artists. Feminist scholars are re-examining the ways in which authorship, nationality, and gender interconnect. Contributors to this volume emphasize a diverse feminist study of film that is open, inclusive, and self-critical. Issues of hybridity and transnationality as well as race and sexual orientation challenge older forms of discourse on national cinema.*

*Essays address the transnational filmmaker, the queer filmmaker, the feminist filmmaker, the documentarist, and the video artist—just some of the diverse identities of Canadian women filmmakers working in both commercial and art cinema today.*
