England across this period, and examines the reasons for such developments, as well as the many continuities. By putting the events of 1066 firmly in the middle of her account, Judith Green casts new light on the significance of the Norman Conquest. She analyses the changing ways that kings, lords and churchmen exercised power, especially through the building of massive stone cathedrals and numerous castles, and highlights the importance of London as the capital city. The

translating Ovid into Chinese and the emerging role Ovid's poetry has played in Chinese culture, including material culture and comparative studies in a wide international context.

The study examines textual representations of women's laughter and smiling and their imagined connection to female virtue in a wide variety of discourses and contexts of the German Middle Ages, including medieval epic, ecclesiastical texts, conduct literature, lyric, and sculpture. By engaging with the competing, and at times contradictory, views of female laughter, it reaffirms a

disputatious nature of medieval culture, in which multiple views of femininity, sexuality, and virtue stood in a conflicting, yet productive, dialogue with one another. The society that emerges when one looks at medieval German texts is always ambivalent: it thrives on and enjoys talking about sensuality and eroticism, while being constrained by the conventions of polite behavior and the fear of sin; it relies on the ritual use of laughter, while marking it as a sign of lust and perdition. Women's laughter thus offers an important way into understanding medieval views of gender

*proved to be in which people laughed, and this from late antiquity to the eighteenth century. The contributions examine a wide gamut of significant cases of laughter in literary texts, historical documents, and art works where laughter determined the relationship among people. In fact, laughter emerges as a kaleidoscopic phenomenon reflecting divine joy, bitter hatred and contempt, satirical perspectives and parodic intentions. In some examples protagonists laughed out of sheer happiness and delight, in others because they felt anxiety and insecurity. It is much more difficult to detect premodern sculptures of laughing figures, but they also existed. Laughter reflected a variety of concerns, interests, and intentions, and the collective*
