*This volume centers on dreams in Greek medicine from the fifth-century B.C.E. Hippocratic Regimen down to the modern era. Medicine is here defined in a wider sense than just formal medical praxis, and includes non-formal medical healing methods such as folk pharmacopeia, religion, 'magical' methods (e.g., amulets, exorcisms, and spells), and home remedies. This volume examines how in Greek culture dreams have played an integral part in formal and non-formal means of healing. The papers are organized into three major diachronic periods. The*

Jitterbug Perfume is an epic. Which is to say, it begins in the forests of ancient Bohemia and doesn't conclude until nine o'clock tonight (Paris time). It is a saga, as well. A saga must have a hero, and the hero of this one is a janitor with a missing bottle. The bottle is blue, very, very old, and embossed with the image of a goat-horned god. If the liquid in the bottle actually is the secret essence of the universe, as some folks seem to think, it had better be discovered soon because it is leaking and there is only a drop or two left.

In 2015, the beautiful jazz funeral in New Orleans for composer Allen Toussaint coincided with a debate over removing four Confederate monuments. Mayor Mitch Landrieu led the ceremony, attended by living legends of jazz, music aficionados, politicians, and everyday people. The scene captured the history and culture of the city in microcosm--a city legendary for its noisy, complicated, tradition-rich splendor. In *City of a Million Dreams*, Jason Berry delivers a character-

driven history of New Orleans at its tricentennial. Chronicling cycles of invention, struggle, death, and rebirth, Berry reveals the city's survival as a triumph of diversity, its map-of-the-world neighborhoods marked by resilience despite hurricanes, epidemics, fires, and floods. Berry orchestrates a parade of vibrant personalities, from the founder Bienville, a warrior emblazoned with snake tattoos; to Governor William C. C. Claiborne,
