When bartender Avery Johnson is asked by her boyfriend Mark if she wants to go on a riverboat cruise, she's skeptical. Mark only barely qualifies as a boyfriend, and she knows he's got an ulterior motive. But against her best judgment, she agrees to go with him, thinking this will be an opportunity for them to rekindle their relationship. She never expects him to abandon her once they board the cruise ship so he can go gambling. Frustrated, Avery heads for the bar, behind which is Dakoda, a gorgeous woman that Avery can't take her eyes off. She's

She's never thought she was a lesbian before, and yet, the sight of this woman makes her feel fuzzy inside... and hot in her center. She has no idea that, in a moment of impulsiveness, she's going to let this woman make her feel pleasure like she's never felt before. She has no idea that her life is going to change after one night with this woman. And she certainly has no idea that she's going to fall for this woman... and fall hard. All her life, Avery had been looking for something, something she didn't know. And now she's in love with a woman... Only, she doesn't know if this was just one night of passion for the stunning Dakota... or the

beginning of something more. River of Love is a novel-length steamy lesbian romance-with-a-happy-ending that tells the story of two women finding unexpected love after a chance encounter on a river boat. A vibrant, enchanting tour of the Seine from longtime New York Times foreign correspondent and best-selling author Elaine Sciolino. Elaine Sciolino came to Paris as a young foreign correspondent and was seduced by a river. In *The Seine*, she tells the story of that river from its source on a remote plateau of Burgundy to the wide estuary where its waters meet the sea, and the cities, tributaries, islands, ports, and bridges in between. Sciolino explores the Seine through its rich history and lively characters: a bargewoman, a riverbank bookseller, a houseboat

dweller, a famous cinematographer known for capturing the river's light. She discovers the story of Sequana—the Gallo-Roman healing goddess who gave the Seine its name—and follows the river through Paris, where it determined the city's destiny and now snakes through all aspects of daily life. She patrols with river police, rows with a restorer of antique boats, sips champagne at a vineyard along the river, and even dares to go for a swim. She finds the Seine in art, literature, music, and movies from Renoir and *Les Misérables* to Puccini and *La La Land*. Along the way, she reveals how the river that created Paris has touched her own life. A powerful afterword tells the dramatic story of how water from the depths of the Seine saved Notre-Dame from

destruction during the devastating fire in April 2019. A “storyteller at heart” (June Sawyers, Chicago Tribune) with a “sumptuous eye for detail” (Sinclair McKay, Daily Telegraph), Sciolino braids memoir, travelogue, and history through the Seine’s winding route. The Seine offers a love letter to Paris and the most romantic river in the world, and invites readers to explore its magic for themselves.

In the new nation of Bharat, in the face of the failure of the monsoon, nine lives are swept together — a gangster, a cop, his wife, a politician, a stand-up comic, a set designer, a journalist, a scientist, and a dropout — to decide the future of Mother India. River of Gods teems with the life of a country choked with peoples and cultures — one and a half billion people, twelve semi-independent nations, nine million gods. us into the miraculous and transcendent moments of everyday life. When Brian Doyle passed away at the age of sixty after a bout with brain cancer, he left behind a cult-like following of devoted readers who regard his writing as one of the best-kept secrets of the twenty-first century. Doyle writes with a delightful sense of wonder about the sanctity of everyday things, and about love and connection in all their forms: spiritual love, brotherly love, romantic love, and even the love of a nine-foot sturgeon. At a moment when the world can sometimes feel darker than ever, Doyle's writing, which constantly evokes the humor and even bliss that life affords, is a balm. His essays manage to find, again and again, exquisite beauty in the

quotidian, whether it's the awe of a child the first time she hears a river, or a husband's whiskers that a grieving widow misses seeing in her sink every morning. Through Doyle's eyes, nothing is dull. David James Duncan sums up Doyle's sensibilities best in his introduction to the collection: "Brian Doyle lived the pleasure of bearing daily witness to quiet glories hidden in people, places and creatures of little or no size, renown, or commercial value, and he brought inimitably playful or soaring or aching or heartfelt language to his tellings." A life's work, *One Long River of Song* invites readers to experience joy and wonder in ordinary moments that become, under Doyle's rapturous and exuberant gaze, extraordinary.

expectant mother at age seventeen.

Four years later, she was a single mom of two, who survived being beaten and raped, and was abandoned without any financial support and nowhere to turn in Hollywood, CA. Naomi has always been a survivor: She put herself through nursing school to support her young daughters, then took a courageous chance by moving to Nashville to pursue their fantastic dream of careers in country music. Her leap of faith paid off, and Naomi and her daughter Wynonna became The Judds, soon ranking with country music's biggest stars, selling more than 20 million records and winning six Grammys. At the height of the singing duo's popularity, Naomi was given three years to live after being

But Naomi was still to face her most desperate fight yet. After finishing a tour with Wynonna in 2011, she began a three-year battle with Severe Treatment Resistant Depression and anxiety. She suffered through frustrating and dangerous roller-coaster effects with antidepressants and other drugs, often terrifying therapies and, at her absolute lowest points, thoughts of suicide. But Naomi persevered once again. RIVER OF TIME is her poignant message of hope to anyone whose life has been scarred by trauma. "Very few scholars in religious studies have achieved Haberman's

the land's capacity to deliver all natural resources the society consumes. This book compares the general differences between Native Americans and western world view towards resources. It will provide the 'nuts and bolts' of a sustainability portfolio designed by indigenous peoples. This book introduces the ideas on how to link nature and society to make sustainable choices. To be sustainable, nature and its endowment needs to be linked to human behavior similar to the practices of indigenous peoples. The main goal of this book is to facilitate thinking about how to change behavior and to integrate culture into thinking and decision-processes.
