Seven editions and more than nine million copies later, the name Turabian has become synonymous with best practices in research writing and style. Part II provides an overview of citation practices with detailed information on the two main scholarly citation styles (notes-bibliography and author-date), an array of source types with contemporary examples, and detailed guidance on citing online resources. The final section treats all matters of editorial style, with advice on punctuation, capitalization, spelling, abbreviations, table formatting, and the use of quotations.

Style and citation recommendations have been revised throughout to reflect the sixteenth edition of The Chicago Manual of Style. With an appendix on paper format and submission that has been vetted by dissertation officials from across the country and a bibliography with the most up-to-date listing of critical resources available, A Manual for Writers remains the essential resource for students and their teachers.

anniversary edition of this modern classic will continue to spark creative minds for years to come. For a quarter century, more than a

million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun

advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives

the book its title: "Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd

had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to

tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father

sat down beside him, put his arm around my brother's shoulder, and said, 'Bird by bird, buddy. Just take it bird by bird.'"
