Algebra for JEE (Advanced), a Cengage Exam Crack Series® product, is designed to help aspiring engineers focus on the subject of mathematics from two standpoints: To develop their caliber, aptitude, and attitude for the engineering field and profession. To strengthen their grasp and understanding of the concepts of the subjects of study and their applicability at the grassroots level. Each book in this series approaches the subject in a very conceptual and coherent manner. While its illustrative, solved examples facilitate easy mastering of the concepts and their applications, an array of solved problems exposes the students to a variety of questions that they can expect in the examination. The coverage and features of this series of books make it highly useful for all those preparing for JEE Main and Advanced and aspiring to become engineers.

The Islamic world, often regarded as an anathema to civil society, in fact has rich traditions of associational life pursuing "common good". These religious resources have been reinterpreted for the enhancement of civic virtues and participatory politics in contemporary context, that is, democratization. Such pioneering efforts have been clearly observable in Muslim Southeast Asia. In November 1999, the Sasakawa Peace Foundation invited ten Muslim activists and scholars from the region to Japan for exchanging views and experiences among themselves and with Japanese participants. Here their papers and discussions are compiled into a book, Islam and Civil Society in Southeast Asia.
