Understanding and Using English Grammar is a classic developmental skills text for intermediate to advanced English language learners.

This book provides grammar exercises for students working with a teacher. The book can be used in any order depending on the personal needs of the students and the exercises are not arranged in order of increasing difficulty, but are marked with asterisks to indicate their relative degree of difficulty.

Welcome to the second edition of Avanti! In the new edition our priorities remain the same as those of the first edition, to provide an introductory language course that meets the needs of both instructors and learners. Three significant characteristics set Avanti! apart from other first-year Italian texts: First, Avanti! satisfies students' desire to communicate in everyday situations right from the start and to explore Italy's rich and unique culture in meaningful ways. Second, Avanti! responds to instructors' concern that most textbooks attempt to cover too much material in the first year. We have designed an elementary course that reflects reasonable expectations for the amount of material that most beginning learners can acquire in one year of classroom instruction.

Third, the methodology of Avanti! is firmly grounded in current findings of research in second language acquisition and foreign language pedagogy. The materials provide support for instructors, particularly those with limited experience, whose goals are to teach mainly, if not exclusively, in Italian, and to create the student-centered, communicative classroom environment that is promoted by this research. The title Avanti! was chosen to convey the forward-thinking approach of this exciting new program.

Examples, Exceptions, Exercises, and Everything You Need to Master Proper Grammar Complete English Grammar Rules is a comprehensive English grammar guide covering both basic and advanced grammar rules. Learn proper English grammar with simple, in-depth explanations, featuring key exceptions, common grammar mistakes, and thousands of real-world usage examples, plus valuable grammar exercises-every topic includes a grammar quiz. With Complete English Grammar Rules, you'll be able to: Quickly master basic English grammar while learning more advanced topics along the way. Easily identify nouns, pronouns, verbs, adjectives, adverbs, prepositions, and other parts of speech. Master verb tenses and conjugation, including irregular verbs and exceptions. Learn about every type of sentence and avoid common writing mistakes. Test your knowledge with grammar quizzes designed to help you retain the most important information. Finally, you can get answers to all your questions about grammar. Complete English Grammar Rules gives you all the rules of grammar, all in one place, logically organized in a user-friendly format. Preface Grammar is without a doubt one of the most daunting aspects of the English language, an area riddled with complexities, inconsistencies, and contradictions. It has also been in a state

of flux for pretty much its entire existence. For native speakers of English, as well as for those learning it as a new language, grammar presents a very serious challenge to speaking and writing both accurately and effectively. Having a single, reliable, go-to reference guide should therefore be indispensable to those trying to learn, improve, or perfect their speech or writing. This book is that guide: a clear, unambiguous, and comprehensive source of information that covers all the relevant topics of English grammar, while still being easy to understand and enjoyable to read. Every topic in the book has been broken down into basic units. Each unit can be read and understood in its own right, but throughout the book you will find cross-references to other sections and chapters to help make it clear how all the pieces fit together. If you're having trouble understanding something, try going back (or forward) to other related topics in the book. Finally, it must be mentioned that, because English is such a flexible, inconsistent language, the "rules" that are often bandied about are usually not rules at all, but rather guides that reflect how the language is used. Accordingly, the guidelines contained within this book are just that—guidelines. They are not intended to provide constrictive or proscriptive rules that confine everyone to a particular way of speaking or writing. Learning how the English language works will enhance your engagement with speech and writing every day, from the books you read, to the e-mails you write, to the conversations you have with friends and strangers alike. As such, mastering grammar is not an exercise that is confined to the classroom. While it is certainly important to learn the structures, styles, and rules that shape the language, the key to truly learning English is to read and listen to the way people write and speak everyday, from the most well-known authors to the people you talk to on the bus. Take the information you find in this book and carry it with you into the world. -P. Herring
