spirit. Hot, desolate and dry on the interior, the land and flora in yellows, golds and desert greens, surrounded by spectrum of never ending blues ushering cool breezes at the coast, we circled the island from east to west in a Fiat Panda that served us well up and down the deep hills and down to the sea for 13 days. It's wildness remains, the ancient culture offering a host of riches, most notably an exceeding graciousness and savory cuisine. The unnamed faces and the colors of Sardegna will remain in us, long after this journey.

Cultural Heritage Guide : General Information

Poetry. Cultural Writing. The poet, critic, playwright, and translator Robert Lima writes, SARDINIA/SARDEGNA collects my impressions of the Italian island on the Mediterranean Sea. The isolation of the island, both in terms of geography and cultural traditions, past and present, is at the core of the thematics of this book (Foreword). Lima's meditations on the ancient history and present society of the island take the forms of both poetry and prose. Of the author, critic George Myers Jr. has said, Lima can write critically with the best of them; creatively, however, he writes better than most of them.

An appointment that the people of Cagliari, the Sardinians and the ever increasing number of foreign visitors consecrated as the "Festival of Cagliari". A religious and folkloric festivity without parallel in the whole Cristian world, a procession stranger to be passing of time that would never become out-dated, a rice that opens wide the gates of a Sardinia, to the people that keep choosing it not only for its natural beauties, but for its historical and religious beauties as well.
