and writing application essays that stand out
From master storyteller Carlos Ruiz Zafon,
author of the international phenomenon The
Shadow of the Wind, comes The Angel's Game –
a dazzling new page-turner about the perilous
nature of obsession, in literature and in
love. The whole of Barcelona stretched out at
my feet and I wanted to believe that when I
opened those windows – my new windows – each
evening its streets would whisper stories to
me, secrets in my ear, that I could catch on
paper and narrate to whomever cared to
listen... In an abandoned mansion at the heart
of Barcelona, a young man, David Martin,
makes his living by writing sensationalist
novels under a pseudonym. The survivor of a
troubled childhood, he has taken refuge in
the world of books and spends his nights
spinning baroque tales about the city's
underworld. But perhaps his dark imaginings
are not as strange as they seem, for in a
locked room deep within the house lie
photographs and letters hinting at the
mysterious death of the previous owner. Like
a slow poison, the history of the place seeps
into his bones as he struggles with an
impossible love. Close to despair, David
receives a letter from a reclusive French
editor, Andreas Corelli, who makes him the
offer of a lifetime. He is to write a book
unlike anything that has ever existed – a
book with the power to change hearts and
minds. In return, he will receive a fortune,
and perhaps more. But as David begins the

work, he realizes that there is a connection between his haunting book and the shadows that surround his home. Once again, Zafon takes us into a dark, gothic universe first seen in *The Shadow of the Wind* and creates a breathtaking adventure of intrigue, romance, and tragedy. Through a dizzyingly constructed labyrinth of secrets, the magic of books, passion, and friendship blend into a masterful story.

Narrator Gladys Cailiff is eleven years old in 1938 when a worldly schoolteacher turns the small town of Threestep, Georgia, upside down. Miss Grace Spivey defies the traditional curriculum and racial boundaries alike, regaling her charges with readings from the Thousand Nights and a Night and casting a gifted African American student as "chief engineer" of the town's annual festival, newly reinvented as the Baghdad Bazaar. But her progressive actions are not without consequence and ultimately culminate in a night of death-defying stories that take readers on a magic carpet ride from a schoolroom in the South to the banks of the Tigris (and back again).

In this important, entertaining book, one of the world's most celebrated psychologists, Martin Seligman, asserts that happiness can be learned and

cultivated, and that everyone has the power to inject real joy into their lives. In Authentic Happiness, he describes the 24 strengths and virtues unique to the human psyche. Each of us, it seems, has at least five of these attributes, and can build on them to identify and develop to our maximum potential. By incorporating these strengths - which include kindness, originality, humour, optimism, curiosity, enthusiasm and generosity -- into our everyday lives, he tells us, we can reach new levels of optimism, happiness and productivity. Authentic Happiness provides a variety of tests and unique assessment tools to enable readers to discover and deploy those strengths at work, in love and in raising children. By accessing the very best in ourselves, we can improve the world around us and achieve new and lasting levels of authentic contentment and joy.
