The Echoes from these people have enriched my ministry enormously as have the Echoes from my family and background in County Mayo. I pray that some of the Echoes will enrich your spiritual journey. The true crime author of Body of Proof investigates the case of an Iowa woman charged with murder for killing her abusive husband. Scott and Dixie Shanahan lived in a gray ranch along Third Avenue

in the sleepy Midwestern town of Defiance, Iowa. With a population of less than 400, everyone in Defiance knew the home for its recurring episodes of screaming, mayhem, and horrific domestic violence. Then one day, Scott Shanahan was gone. Some thought the abusive husband had packed his bags and left town. After months went by with still no sign of the volatile wife beater, people began to ask questions. But what really happened to him was so shocking that even long-time law enforcement officials were aghast by the sight and awful smell. When Dixie was arrested for Scott's murder, she made a credible claim of self-defense. But how did she manage to live with her husband's rotting body inside her master bedroom for fourteen months? In *Dixie's Last Stand*, investigative journalist John Ferak explores a tragic tale of marital abuse to ask: did Dixie Shanahan deserve to be convicted of murder?

The remote farming community of Murdock, Nebraska, seemed to be the least likely setting for one of the heartland's most ruthless and bloody double murders in decades. But on the night of Easter 2006, Wayne and Sharmon Stock were brutally murdered in their home. The murders garnered sensational front-page headlines and drew immediate statewide attention. Practically everybody around Murdock was filled with fear, panic, and outrage. The Stocks were the essence of Nebraska's all-American farm family, self-made, God-fearing, and of high moral character. Barely a week into this double murder investigation, two arrests brought a sense of relief to the victims' family and to local residents. The case appeared to fall neatly into place when a tiny speck of murder victim Wayne Stocks blood appeared in the alleged getaway car. Then, an obscure clue left at the crime scene took the investigation down a totally different

path, stretching into Iowa, Louisiana, New York, Texas, and Wisconsin. By the time this investigation was over, the charges against the original suspects were dismissed and two new individuals emerged from the shadows. Author John Ferak covered the Stock murders from the very beginning, including all of the trial proceedings. When the criminal prosecution finally ended in 2007, he remained puzzled by one nagging question: Why was the blood of victim Wayne Stock in a car that was ultimately proven to have no connection to the murders? Over the next few years, the astonishing "bloody lies" were revealed, culminating in a law enforcement scandal that turned the case on its head and destroyed the career of Nebraska's celebrated CSI director, David Kofoed. Author Joseph D. Harrington has written an informative and insightful history of the Nisei (Second-generation Japanese Americans), working for the U.S. armed forces in the Pacific during World War II. This is no whitewashed narrative, as it

exposes U.S. internment camps, prejudices, and the frustrations of patriotic Japanese-Americans who wanted to fight for their country, but were initially rebuffed. As the book relates, not all Nisei were in favor of fighting, and even those that did encountered another kind of prejudice at first, from Hawaiian-born Nisei who more than occasionally felt that continental Japanese-Americans just didn't measure up, linguistically-speaking. Like other children of immigrants, the Nisei were, to a large extent, caught between Japanese tradition and U.S. culture. The concept of honor, an essential element in Japanese-American family life, ended up serving U.S. military interests well. The author has done an outstanding job of uncovering names and telling little-known stories. Especially fascinating are
