The Creative Curriculum comes alive! This videotape-winner of the 1989 Silver Apple Award at the National Educational Film and Video Festival-demonstrates how teachers set the stage for learning by creating a dynamic well-organized environment. It shows children involved in seven of the interest areas in the The Creative Curriculum and explains how they learn in each area. Everyone conducts in-service training workshops for staff and parents or who teaches early childhood education courses will find the video an indispensable tool for explainin appropriate practice.

Steps to Success is an instructional model for students who are deaf or hard of hearing in grades K through 12. It is designed to develop skills that will enable a student to become an effective listener, a successful communicator, a proficient reader, and a knowledgeable consumer of goods and services related to hearing needs. Steps to Success works well as a stand-alone habilitation program or a collaborative habilitation tool when used in conjunction with a language curriculum, content vocabulary instruction, and an

*The "English Standards of Learning Enhanced Scope and Sequence" for grades 6-8 is a resource intended to help teachers align their classroom instruction with the content found in "English Standards of Learning for Virginia Public Schools," adopted by the Board of Education in November 2002. The Enhanced Scope and Sequence provides teachers with sample lesson plans aligned with the standards and their related essential understandings, knowledge, and skills. School divisions and teachers might use the Enhanced Scope and Sequence as a resource for developing sound curricular and instructional programs. These materials are intended as examples of ways the understandings, knowledge, and skills might be presented to students in sample lessons that have been aligned with the Standards of Learning. Teachers who use the Enhanced Scope and Sequence should correlate available instructional resources with the essential understandings, knowledge, and skills and determine an appropriate pacing of instruction. This resource is not a complete curriculum and is neither required nor prescriptive, but it can be a valuable instructional tool. [This report was edited, designed, and produced by the CTE Resource Center, a Virginia Department of*
