Love and friendship at the time of Covid-19. A fairytale floating between reality and imagination which is the key to the friendship between an eccentric cat and a sweet baby girl.

Nick "Wreck" Ranieri investigates the murder of Martha Doyle, a family friend who worked for the police commissioner's wife before her disappearance.

Interest in NFIB v. Sebelius has been extraordinarily high, from as soon as the legislation was passed, through lower court rulings, the Supreme Court's grant of certiorari, and the decision itself, both for its substantive holdings and the purported behind-the-scene dynamics. Legal blogs exploded with analysis, bioethicists opined on our collective responsibilities, and philosophers tackled concepts like 'coercion' and the activity/inactivity distinction. This volume aims to bring together scholars from disparate fields to analyze various features of the decision. It comprises over twenty essays from a range of academic disciplines, namely law, philosophy, and political science. Essays are divided into five units: context and history, analyzing the opinions, individual liberty, Medicaid, and future implications.

*Gabriel John Utterson and his cousin Richard Enfield reach the door of a large house on their weekly walk. Enfield tells Utterson that months ago, he saw a sinister-looking man named Edward Hyde trample a young girl after accidentally bumping into her. Enfield forced Hyde to pay £100 to avoid a scandal. Hyde brought them to this door and provided a cheque signed by a reputable gentleman (later revealed to be Doctor Henry Jekyll, a friend and client of Utterson). Utterson is disturbed because Jekyll recently changed his will to make Hyde the sole beneficiary. Utterson fears that Hyde is blackmailing Jekyll. When Utterson tries to discuss Hyde with Jekyll, Jekyll tells Utterson he can be rid of Hyde when he wants and for Utterson to drop the matter. One night in October, a servant sees Hyde beat Sir Danvers Carew, another one of Utterson's clients, to death. The police contact Utterson, who leads officers to Hyde's apartment. Hyde has vanished, but they find half of a broken cane (the other half having been left at the crime scene). Utterson recognises the cane as one he had given to Jekyll. Utterson visits Jekyll, who shows Utterson a note, allegedly written to Jekyll by Hyde, apologizing for the trouble that he has caused. However, Hyde's handwriting is similar to Jekyll's own, leading*

*Utterson to conclude that Jekyll forged the note to protect Hyde.*

*When your life is built around a father's wrath, how can you trust in the love of Father God? Mercy Roller knows her name is a lie: there has never been any mercy in her young life. Raised by a twisted and abusive father who called himself the Pastor, she was abandoned by the church community that should have stood together to protect her from his evil. Her mother, consumed by her own fear and hate, won't stand her ground to save Mercy either. The Pastor has robbed Mercy of innocence and love, a husband and her child. Not a single person seems capable of standing up to the Pastor's unrestrained evil. So Mercy takes matters into her own hands. Her heart was hardened to love long before she took on the role of judge, jury, and executioner of the Pastor. She just didn't realize the retribution she thought would save her, might turn her into the very thing she hated most. Sent away by her angry and grieving mother, Mercy's path is unclear until she meets a young preacher headed to counsel a pregnant couple. Sure that her calling is to protect the family, Mercy is drawn into a different life on the other side of the mountain where she slowly discovers true righteousness has nothing evil about it—and that there might be room for her own stained and shattered soul to find shelter. . . and even love. Mercy's Rain is a remarkable historical novel set in 19th century Appalachia that traces the thorny path from bitterness to forgiveness and reveals the victory and strength that comes from simple faith.*

June Wright had already published three popular mysteries by the time she created her most memorable detective, the Reverend Mother Mary St Paul of the Cross. The kindly Mother Paul may seem vague and otherworldly, but little escapes her attention—she has a shrewd grasp of everything that's going on beneath the surface. In *Reservation for Murder*, the first of three Mother Paul novels (originally published in 1958), she is in charge of a residential hostel for young women who work in offices and shops in Melbourne. A tense atmosphere pervades the house—many of the residents have received unpleasant anonymous letters, and there is much speculation as to their author. When Mary Allen finds a stranger stabbed in the garden, who dies after uttering a mysterious name, and a few days later one of the residents is found drowned, an apparent suicide, the tension reaches fever pitch. Is there a connection between these two deaths? Or between them and the letters? The police investigation, abetted by the resourceful Mary Allen, proceeds in fits and starts, but meanwhile Mother Paul pursues her own enquiries.

The former Stanford University sailing coach sentenced in the Varsity Blues college admissions scandal tells the riveting true story of how he was drawn unwittingly into a web of deceit in this eye-opening memoir that offers a damning portrait of modern college administration and the ways in which justice and fairness do not always intersect. For eleven years, John Vandemoer ran the prestigious Stanford University sailing program in which he coached Olympians and All-Americans. Though the hours were long and the program struggled for funding, sailing gave Vandemoer’s life shape and meaning. But early one morning, everything came crashing down when Vandemoer, still in his pajamas, opened the door to find FBI and IRS agents on his doorstep. He quickly learned that a recruiter named Rick Singer had used him as a stooge in a sophisticated scheme designed to take advantage of college coaches and play to the endless appetite for university fundraising—and wealthy parents looking for an edge for their college-bound children. Vandemoer was summarily fired, kicked out of campus housing, his children booted from campus daycare. The next year of his life was a Kafkaesque hellscape, and though he was an innocent man who never received a dime was the first person to be convicted in what became known as the Varsity Blues scandal. A true story that reads like a suspense novel, *Rigged Justice* lays bare how a sophisticated scheme could take advantage of college coaches and university money—and how one family became collateral damage in a large government investigation that dominated national headlines.

This edited volume addresses sustainability efforts in cities and metropolitan regions around the world; focusing on four key areas: environment, economic, sociopolitical, and cultural sustainability. It includes chapters about applications to urban regions focusing on the movement from sustainable development to resilient urban centers.

The last instalment in the Tales of MI7 series! Ruby's Parker's retirement hangs like a dark cloud over MI7. She herself has only a vague idea what the future might hold - both personally, and in terms of national security. But for many of her team, she's irreplaceable. To cap it all, there's a massive organisational overhaul on the cards at Thames House. Everyone's nervous, and with good reason. In the middle of all this uncertainty, there's an assassin at large. He's already murdered a British returnee from Syria who claimed to have 'information' about the latest Russian plot to destabilise Western Europe. He may also be pursuing her sole British confidante. And he's definitely seeking an American secret servicewoman named Daisy Hallenbeck. There are reasons to think Daisy knows precisely what's going on but, disturbingly, she seems to have fallen off the map. Not even the US embassy knows where she is. John Mordred is assigned to investigate. He finds himself up against the clock in a completely unconventional way. Among his top priorities is that Ruby Parker doesn't leave MI7 with the words 'unsolved case' against her name.

My Life in Christ

Coming Home to Crimson

**Africa and the Global System of Capital Accumulation offers a groundbreaking analysis of the strategic role Africa plays in the global capitalist economy. The exploitation of Africa's rich resources, as well as its labor, make it possible for major world powers to sustain their authority over their own middle-class populations while rewarding African collaborators in leadership positions for subjecting their populations into poverty and desperation. Middle-class obsessions such as computers, mobile phones, cars and the petroleum that fuels them, diamonds, chocolate - all of these products require African resources that are typically obtained by child or slave labor that helps to generate billionaires out of foreign investors while impoverishing most Africans. Oritsejafor and Cooper demonstrate that "primitive accumulation," believed by both Adam Smith and Karl Marx to be a process that precedes capitalism, is actually an integral part of capitalism. They also validate the thesis that capitalism incorporates racism as an organizing tool for the exploitation of labor in Africa and on a global scale. Case studies are presented on Nigeria, Cote d'Ivoire, Ghana, Liberia, Congo, Tanzania, Somalia, Angola, Namibia, Sao Tome and Principe, and South Sudan. There are also chapters analyzing the interests of Russia and China in Africa. This book will be of interest to students and scholars of African politics, development, and economics.**

**Study Guide Student Edition**

**THIS is the story of my life in Christ. Now, what does living in Christ mean? It means that one is FOR Christ, that one not only accepts Him, but that one lives in Him. Living in Christ has little relationship to the more commonly accepted situation of living as a Christian, or living a Christian life. Living AS a Christian means that one has accepted the tokens of Christianity, that one agrees in the divinity of Christ, that one is a member of a Christian congregation, in a largely Christian community, in a Christian nation. Thus, one can lead a Christian life without knowing Christ and without changing one's existence in the slightest degree. If a person leads a Christian life, and it does not transform one's existence, then one can be sure that he does not KNOW Christ. Knowing Christ is the only manner in which one can go beyond oneself, and the only manner in which one can go beyond one's world. In knowing Christ, one is immediately lifted out of the mechanical life of the human existence, one transcends the common existence. One is no longer a human machine, leading a hopeless, mechanical life, repeating the same meaningless motions like a robot throughout the years of one's earthly existence. What was Christ's ad-monition? "Take up the Cross, and follow Me." But, in explication of this admonition, the New Testament**

**contains many significant references to the condition of sleep, and Christ's exhortations to mankind to awaken. Now, what does this mean? It means that Christ did not wish to be followed by robots and sleepwalkers, He desired man to awaken, and to attain the full use of his earthly powers. Not only are mechanical men of no use to Christ, but they are quite dangerous, they present endless difficulties in the establishment of Christ's Kingdom on earth.**

A heartfelt story of a father and a son, of grief and reconnection--and an albatross who needs to find her way home. Javier has a secret. On one of his father's fishing trips, still hurting from the loss of his mother, he finds an albatross caught on the hooks--alive, if only barely. Against the orders of his father, who has been distant and disparaging, Javier smuggles the bird to safety and begins nursing it back to health. Every day the albatross accepts a little more food, but she shows no sign of wanting to use her wings. And if Javier's new friend refuses to fly, how will she ever find her way home? From award-winning author Nicola Davies, with dramatic watercolors by Salvatore Rubbino evoking the setting of Chiloé Archipelago, off the coast of Chile, comes a stirring tale of loss, loneliness, and the power of empathy.

Devoted to publishing high-quality research and cases focusing on professional responsibilities of accountants, this volume explores topics such as whistleblowing, sustainability reporting, and ethical tax standards.

A wounded warrior After the catastrophic loss of his best friend in battle, Army Ranger Tyson Brooks trades in his fatigues for a badge, moving to Eden's Ridge, Tennessee to rebuild his life and find a way to live in a world without Garrett. But no amount of protecting and serving the citizens of Stone County is enough to override the guilt that he simply didn't do enough. An incurable romantic Romance author Paisley Parish has spent her whole career chasing the perfect hero and finding all the real life options lacking. Until she runs into her high school sweetheart—the one who left her for the Army. The old spark is definitely still alive, but the man carries far more scars than the boy. A second chance to save each other When Paisley becomes the target of malicious harassment, the police have no suspects, no leads, no way to make her feel safe. As her stalker escalates, she turns to the one guy she knows can protect her. Ty's determined to put a stop to the harassment, even if it means moving in with the woman who's so much more than the girl he used to love. He just has to remember to guard his own heart in the process.

This book explains the macro-drivers of growth behind the economic development of Bangladesh. Few countries in the developing world have shown as exciting a promise of economic prosperity as Bangladesh. The promising nature of the Bangladeshi economy raises interesting questions pertaining to whether good governance may lead to sustained economic growth. This book looks at the strategic interventions on macro-level, specifically the policy interventions. This book will be a useful reference to making sense how economic transformation can be strengthened through state-sponsored activities and how states can inculcate a culture of innovation which can be regarded as one of the underpinnings of economic growth.

Poems that call forth the sacred in every day, the ordinary and commonplace connections to nature, family, home, landscape, church life, and spiritual practices.

This work explains elite behaviour in authoritarian systems and proposes why elites withdraw their support for the incumbent when faced with popular uprisings. Building upon foundations drawn from institutional authoritarianism and synthesised with local context from the substantial scholarship on the Middle East and North Africa, the book argues that the elite supporting autocrats come from three distinct cadres: the military, the single-party and the personalist. Each of these cadres possesses its own distinct institutional interests and preferences towards regime change. Drawing on these interests, the study constructs a theoretical framework that is assessed through testing it against three variables. Utilising an analytic narrative, the research finds that the withdrawal of elite support is the consequence of long-term processes that see distinct cadres marginalised. First, increased incumbent preference for personalist elements destabilises regimes as the military and single-party cadres reconsider their positions. Second, neoliberal economic policies, implemented via structural adjustment, accelerated this personalisation as the state's withdrawal from the economy. This, in turn, affected the ability of the military and single-party elites to access patronage. Finally, the degree of military involvement in the formal political sphere contributes to shaping the nature of the system that replaced the incumbent regime under examination. Building upon a wide range of

**literature the book argues that interest realisation determines whether or not elite actors support regime change in authoritarian systems. The volume will be of interest to scholars researching politics, social sciences and the Middle East.**

This study argues that Romeo and Juliet, perhaps Shakespeare's most popularly-known play, repays thorough investigation - read afresh, the play is an extraordinary exploration of domestic conflict, social relations and linguistic practice. Drawing upon recent criticism on history and literature, and the rarely-discussed work of eighteenth- and nineteenth-century women critics, Sasha Roberts presents new readings of Romeo and Juliet and its early modern cultural context. Concisely-argued chapters address a wide range of themes - including rival texts, body politics, ethnic identity, adolescence, sexuality, masculinity, relations between women, family dynamics, ritual behaviour, language, bawdy, and the commodification of romantic love - and examine the play's striking imagery of disease, blood, beds, and wombs. Clearly written, this lively and accessible study of Romeo and Juliet will be of interest to readers both new to and familiar with the play.

This book integrates four distinct topics: young people, citizenship, new media, and learning processes. When taken together, these four

topics merge to define an arena of social and research attention that has become compelling in recent years. The general international concern expressed of declining democratic engagement and the role of citizenship today becomes all the more acute when it turns to younger people. At the same time, there is growing attention being paid to the potential of new media - especially internet and mobile telephony - to play a role in facilitating newer forms of political participation. It is clear that many of the present manifestations of 'new politics' in the extra parliamentary domain, not only make sophisticated use of such media, but are indeed highly dependent on them. With an impressive array of contributors, this book will appeal to those interested in a number of spheres, including media and cultural studies, political science, pedagogy, and sociology.
