Though she died penniless and forgotten, Zora Neale Hurston is now recognized as a major figure in African American literature. Best known for her 1937 novel Their Eyes Were Watching God, she also published numerous short stories and essays, three other novels, and two books on black folklore. Even avid readers of Hurston's prose, however, may be surprised to know that she was also a serious and ambitious playwright throughout her career. Although several of her plays were produced during her lifetime--and some to public acclaim--they have languished in obscurity for years. Even now, most critics and historians gloss over these texts, treating them as supplementary material for understanding her novels. Yet, Hurston's dramatic works stand on their own merits and independently of her fiction. Now, eleven of these forgotten dramatic writings are being published together for the first time in this carefully edited and annotated volume. Filled with lively characters, vibrant images of rural and city life, biblical and folk tales, voodoo, and, most importantly, the blues, readers will discover a "real Negro theater" that embraces all the richness of black life.

A powerful fictionalized account of Zora Neale Hurston's childhood adventures explores the idea of collective memory and the lingering effects of slavery. "History ain't in a book, especially when it comes to folks like us. History is in the lives we lived and the stories we tell each other about those lives." When Zora Neale Hurston and her best friend, Carrie Brown, discover that the town mute can speak after all, they think they've uncovered a big secret. But Mr. Polk's silence is just one piece of a larger puzzle that stretches back half a century to the tragic story of an enslaved girl named Lucia. As Zora's curiosity leads a reluctant Carrie deeper into the mystery, the story unfolds through alternating narratives. Lucia's struggle for freedom resonates through the years, threatening the future of America's first incorporated black township – the hometown of author Zora Neale Hurston (1891-1960). And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day.
