

Secrets Damour Erotic Memoirs Of Paris In The 1920s

GONCOURT PRIZE-WINNING AUTHOR Any man—or woman—who wants to hear nothing—or no more—about love should put this book down. Anna and Louise could be sisters, but they don't know each other. They are both married with children, and for the most part, they are happy. On almost the same day, Anna, a psychiatrist, crosses paths with Yves, a writer, while Louise, a lawyer, meets Anna's analyst, Thomas. Love at first sight is still possible for those into their forties and long-married. But when you have already mapped out a life path, a passionate affair can come at a high price. For our four characters, their lives are unexpectedly turned upside down by the deliciously inconvenient arrival of love. For Anna, meeting Yves has brought a flurry of excitement to her life and made her question her values, her reliable husband, and her responsibilities to her children. For Louise, a successful career woman in a stable and comfortable marriage, her routine is uprooted by the youthful passion she feels for Thomas. Thought-provoking, sophisticated, and, above all, amusing, *Enough About Love* captures the euphoria of desire through tender and unflinching portraits of husbands, wives, and lovers.

Meet Tannie Maria: She's fifty-something, short and soft (perhaps a bit too soft in the wrong places) with brown curls and untidy Afrikaans. She is also the agony aunt for the local paper, the *Klein Karoo Gazette*. One day, her life takes a sinister turn when a woman in the area is murdered and she becomes entangled in the investigation ... to the intense irritation of a handsome local policeman. But what else will this amateur detective uncover in a small town marinated in secrets? Warm, poignant and entertaining, Sally Andrew's delightful heroine blends together intrigue, romance and cooking in this irresistible new mystery, complete with a few mouth-watering recipes.

THE SUNDAY TIMES BESTSELLER Sarah K has a secret. By day she's a writer and level-headed single mother; by night she's a submissive, living a real-life *Fifty Shades of Grey* that is thrilling beyond her wildest dreams. But this is no fantasy: Sarah's story is all true.

In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

What do you do when your marriage is so unhappy that you begin to fantasize about your husband's funeral? That's how bad it got for Alisa Bowman. . . So she launched a last-ditch effort to save her marriage. Project: Happily Ever After is her fearlessly honest and humorous account of how she went from being a "divorce daydreamer" to renewing her wedding vows—and all of the steps in between. From bikini waxes to erotica, romance instruction manuals to second honeymoons, the silent treatment to power struggles, she goes where many marriage-improvement gurus have feared to tread. Equal parts funny, poignant, and most importantly, useful, Bowman's story will give other miserably-married folks courage and hope. And in addition to telling her own story, she packs straightforward prescriptive guidance, including a "10-Step Marital Improvement Guide." Readers will laugh. They'll cry. And they can start on the road toward their own happy ending!

What would you do with a considerable inheritance? For one woman with a voracious appetite for pleasure, it's all about satisfying her diverse tastes—in the kitchen and in the bedroom—in this scintillating erotic debut by Antoinette. When London Shelby's beloved and unconventional grandmother passes away, leaving her millions of dollars and a philosophy of "pleasure without pressure," the twenty-six-year old paralegal decides to live in a lavish and sensuous manner that honors the sybaritic spirit of the woman she looked up to. Yet London is not without her demons, and her lifestyle opens her up to emotional upheaval when she falls for a married man. London's craving for Deacon Wayne is overwhelming, and when he moves abroad, her world begins to fracture. Driven to sate the hunger that consumes her, London embarks on a string of clandestine affairs, fully giving in to the dark side of herself. But there are always consequences when one lives for the moment, and there's no guarantee that London will be able to emerge unscathed.

NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." **WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist** • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as "arguably [Israel's] best investigative reporter"—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."—John le Carré

From internationally renowned novelist Anne-Marie Villefranche comes another pair of novels in her series of narratives of impropriety set in 1920s Paris. This volume contains two classic novels of erotica, *Mysteries d'Amour* and *Folies d'Amour*, each detailing a lavish story of desire set in the lusty boudoirs of the city. Villefranche's *d'Amour* novels have previously focused on the pleasures of love, the joys of love, and most memorably, the follies of love, but

this book focuses on love's mysterious nature. From the back streets of Montmartre to the opulent hotels on the Rue de Rivoli, the City of Lights casts an erotic and unforgettable spell. "An erotic tribute to the Paris of yesteryear that will delight modern readers." — The Observer (London)

Learning the Language of Teenage Depression

Rise and Kill First

Love and Terror on the Howling Plains of Nowhere

A Memoir of Childhood

An Erotic Memoir of Paris in the 1920s

Souvenir D'Amour

Cole Porter . . . Josephine Baker . . . Collette . . . Paris in 1922 was the era when that most sensuous of cities gave itself up almost entirely to the pleasures of the flesh. This is the sixth volume in the series Le Monde calls "the most delightful series of erotic entertainments in many a year".

Adults are increasingly concerned about the rising rate of depression in teenage girls and the frequency of alarming behaviors including wild conduct, explosive outbursts, back talking, sexual escapades, drug experimentation, and even cutting, eating disorders, and suicide attempts. The Disappearing Girl, the first book on depression in teenage girls, helps parents understand: • Why silence reflects a girl's desperate wish for inclusion, not isolation • Subtle differences between teen angst and problem behavior • Vulnerabilities in dating, friendships, school, and families • How, if untreated, girls will carry feelings of helplessness, anger, and depression into adulthood Dr. Machoian also offers conversation topics to help girls navigate mixed messages, develop their identity, make healthy decisions, and build resilience that will empower them throughout life, as well as helping parents manage their own frustration.

DIVArlette Farge's Le Goût de l'archive is widely regarded as a historiographical classic. While combing through two-hundred-year-old judicial records from the Archives of the Bastille, historian Farge was struck by the extraordinarily intimate portrayal they provided of the lives of the poor in pre-Revolutionary France, especially women. She was seduced by the sensuality of old manuscripts and by the revelatory power of voices otherwise lost. In The Allure of the Archives, she conveys the exhilaration of uncovering hidden secrets and the thrill of venturing into new dimensions of the past. Originally published in 1989, Farge's classic work communicates the tactile, interpretive, and emotional experience of archival research while sharing astonishing details about life under the Old Regime in France. At once a practical guide to research methodology and an elegant literary reflection on the challenges of writing history, this uniquely rich volume demonstrates how surrendering to the archive's allure can forever change how we understand the past./div

A Real Housewife of New York City reveals the Jewish mother's secrets to life, love and happiness. The Jewish Mother knows what she wants—and what you should want too. Here, readers will learn how to make her methods their own, and give and get love and happiness in great amounts. Jill Zarin, the breakout star of Bravo's hit series The Real Housewives of New York, teams up with her sister, Lisa Wexler, award-winning host of the daily radio program The Lisa Wexler Show, and her mother, the estimable Gloria Kamen, who made a splash on Jill's series last year. With real-life stories from the mother/daughter trio illustrating their wise and witty tips on dating, marriage, money, and more, Secrets of a Jewish Mother is all the advice readers didn't know they needed but will never forget.

From the international best-selling pen of Anne-Marie Villefranche comes another "improper" novel about the affairs of an intimate circle of friends and lovers. In the stylish Paris of the 1920s, games of love are played with reckless abandon. From the back streets of Montmartre to the opulent hotels on the rue de Rivoli, the City of Light casts an erotic spell.

****INSTANT #1 NEW YORK TIMES BESTSELLER* *INSTANT #1 INDIE BESTSELLER* *INSTANT USA TODAY BESTSELLER* *A REESE'S YA BOOK CLUB PICK* "Schwartz's magical novel is at once gripping and tender, and the intricate plot is engrossing as the reader tries to solve the mystery. She doesn't miss a beat in either the characterization or action, scattering clues with a delicate, precise hand. This is, in the end, the story of the anatomy of the human heart." - Booklist (starred review) Dana Schwartz's Anatomy: A Love Story is a gothic tale full of mystery and romance. Hazel Sinnett is a lady who wants to be a surgeon more than she wants to marry. Jack Curren is a resurrection man who's just trying to survive in a city where it's too easy to die. When the two of them have a chance encounter outside the Edinburgh Anatomist's Society, Hazel thinks nothing of it at first. But after she gets kicked out of renowned surgeon Dr. Beecham's lectures for being the wrong gender, she realizes that her new acquaintance might be more helpful than she first thought. Because Hazel has made a deal with Dr. Beecham: if she can pass the medical examination on her own, Beecham will allow her to continue her medical career. Without official lessons, though, Hazel will need more than just***

her books—she'll need corpses to study. Lucky that she's made the acquaintance of someone who digs them up for a living. But Jack has his own problems: strange men have been seen skulking around cemeteries, his friends are disappearing off the streets, and the dreaded Roman Fever, which wiped out thousands a few years ago, is back with a vengeance. Nobody important cares—until Hazel. Now, Hazel and Jack must work together to uncover the secrets buried not just in unmarked graves, but in the very heart of Edinburgh society.

From the Man Booker Prize-winning author of *The Finkler Question* and *J*, and one of "our funniest writers alive" (Allison Pearson): a wickedly observed novel of old age and new love. At the age of ninety-something, Beryl Dusingery is forgetting everything—including her own children. Her tongue, meanwhile, remains as sharp as ever. She spends her days stitching macabre messages into her needlework and tormenting her two long-suffering carers with tangled stories of her love affairs. Shimi Carmelli can do up his own buttons, walk without the aid of a frame, and speak without spitting. Among the widows of North London, he's whispered about as the last of the eligible bachelors. Unlike Beryl, he forgets nothing—especially not the shame of a childhood incident that has hung over him ever since. There's very little life remaining for either of them, but perhaps just enough to heal some of the hurt inflicted along the way and find new meaning in what's left. Could this be their chance to live a little? Told with Jacobson's trademark wit and style, *Live a Little* is equal parts funny, irreverent, and tender—a novel to make you consider all the paths not taken, and whether you could still change course. Advance praise for *Live a Little* "One of the great comic geniuses of our time."—Lit Hub "A tender story of unlikely love . . . Jacobson treats with compassion the dilemma of old age. . . . Wise, witty, and deftly crafted."—Kirkus Reviews (starred review) "For all of its moments of bleakness, and the occasional flicker of genuine terror, it's rarely less than bitterly funny in its determination to face up to the obliteration that awaits us all."—The Guardian "What a relief to come on a novel which invites you to smile and even laugh."—The Scotsman "The novel's brilliant cover tells it all: hearts and skulls, love and death."—The Jewish Chronicle "A thoroughly enjoyable read. For a literature snob and a language obsessive . . . there is a lot to feast on . . . for someone looking for an emotionally honest storyline, the book also delivers. *Live a Little* is about growing old, but it's also about gender, race, love and politics."—Independent "Tender and funny."—Grazia

NEW YORK TIMES BESTSELLER • An urgently needed guide to the alarming increase in anxiety and stress experienced by girls from elementary school through college, from the author of *Untangled* "An invaluable read for anyone who has girls, works with girls, or cares about girls—for everyone!"—Claire Shipman, author of *The Confidence Code* and *The Confidence Code for Girls* Though anxiety has risen among young people overall, studies confirm that it has skyrocketed in girls. Research finds that the number of girls who said that they often felt nervous, worried, or fearful jumped 55 percent from 2009 to 2014, while the comparable number for adolescent boys has remained unchanged. As a clinical psychologist who specializes in working with girls, Lisa Damour, Ph.D., has witnessed this rising tide of stress and anxiety in her own research, in private practice, and in the all-girls' school where she consults. She knew this had to be the topic of her new book. In the engaging, anecdotal style and reassuring tone that won over thousands of readers of her first book, *Untangled*, Damour starts by addressing the facts about psychological pressure. She explains the surprising and underappreciated value of stress and anxiety: that stress can helpfully stretch us beyond our comfort zones, and anxiety can play a key role in keeping girls safe. When we emphasize the benefits of stress and anxiety, we can help our daughters take them in stride. But no parents want their daughter to suffer from emotional overload, so Damour then turns to the many facets of girls' lives where tension takes hold: their interactions at home, pressures at school, social anxiety among other girls and among boys, and their lives online. As readers move through the layers of girls' lives, they'll learn about the critical steps that adults can take to shield their daughters from the toxic pressures to which our culture—including we, as parents—subjects girls. Readers who know Damour from *Untangled* or the *New York Times*, or from her regular appearances on CBS News, will be drawn to this important new contribution to understanding and supporting today's girls. Praise for *Under Pressure* "Truly a must-read for parents, teachers, coaches, and mentors wanting to help girls along the path to adulthood."—Julie Lythcott-Haims, *New York Times* bestselling author of *How to Raise an Adult*

Confessions D'Amour

In Defense of Secrets

Untangled

The author recounts his six-year investigation of a local college professor's death while providing an examination of his small, isolated town, his rocky marriage to a Mexican woman, and his ostensibly autistic son.

A brilliant, sinuous exploration of family and childhood memory by one of the most original British philosophers of the twentieth century. *Germs* is about first things, the seeds from which a life grows, as well as about the illnesses it incurs, the damage it sustains. Written at the end of his life by Richard Wollheim, one of the major philosophers of the late twentieth century, the book is not the usual story of growing up and getting on but a brilliant recovery and evocation of childhood consciousness and unconsciousness, an eerily precise rendering of that primitive, formative world we all come from in which we do not know either the world or ourselves for sure, and things—houses, clothes, meals, parents—loom large around us, as indispensable as they are out of our control. Richard Wollheim's remarkably original memoir is a disturbing, enthralling, dispassionate but also deeply personal depiction of a child standing, fascinated and fearful, on the threshold of individual life.

Anne-Marie Villefranche invites readers to enter an intoxicating world where men and women arrange their love affairs with skill and style, where illicit encounters are as smooth as a silk stocking, and where sexual secrets are kept in confidence only until betrayal becomes advantageous. Both novels, "Scandale d'Amour" and "Secrets d'Amour", were selected by the Literary Guild.

Explores the changes in the way teenage girls are growing up in America, discussing the new norms, from extreme behaviors to lack of basic communication skills.

The Secret of the Blue Trunk

In Danielle Steel's beloved #1 New York Times bestselling novel, two strangers meet unexpectedly and fall in love in the City of Light. As president of a major pharmaceutical empire, Peter Haskell has everything: power, position, and a family that means everything to him. Compromise has been key in Peter Haskell's life, and integrity is the base on which he lives. Olivia Thatcher is the wife of a famous senator. She has given to her husband's ambition and career until her soul is bone-dry. She is trapped in a web of duty and obligation, married to a man she once loved and no longer even knows. Accidentally, they meet in Paris. Their totally different lives converge for one magical moment in the Place Vendôme, as Olivia carefully, silently, steps out of her life and walks away. Peter follows her, and in a café in Montmartre, their hearts are laid bare. Peter, once so certain of his path, is suddenly faced with a professional future in jeopardy. Olivia is no longer sure of anything except that she can't go on anymore. Five days in Paris is all they have. They go back to their separate lives, but nothing is the same. Everything they believe is put on the line, until they each realize they must stand fast against compromise and face life's challenges head-on. Danielle Steel's classic novel is about honor and commitment, love and integrity—and the strength to find hope again. *Five Days in Paris* will change your life forever. BONUS: This edition contains an excerpt from Danielle Steel's *Hotel Vendome*.

A celebration of the liberating power of consciousness—a triumphant book that lets us witness an indomitable spirit and share in the pure joy of its own survival. In 1995, Jean-Dominique Bauby was the editor-in-chief of French *Elle*, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

How do we create a universe of truthful and verifiable information, available to everyone? In *The New Enlightenment and the Fight to Free Knowledge*, MIT Open Learning's Peter B. Kaufman describes the powerful forces that have purposely crippled our efforts to share knowledge widely and freely. Popes and their inquisitors, emperors and their hangmen, commissars and their secret police—throughout history, all have sought to stanch the free flow of information. Kaufman writes of times when the Bible could not be translated—you'd be burned for trying; when dictionaries and encyclopedias were forbidden; when literature and science and history books were trashed and pulped—sometimes along with their authors; and when efforts to develop public television and radio networks were quashed by private industry. In the 21st century, the enemies of free thought have taken on new and different guises—giant corporate behemoths, sprawling national security agencies, gutted regulatory commissions. Bereft of any real moral compass or sense of social responsibility, their work to surveil and control us are no less nefarious than their 16th- and 18th- and 20th- century predecessors. They are all part of what Kaufman calls the *Monsterverse*. *The New Enlightenment and the Fight to Free Knowledge* maps out the opportunities to mobilize for the fight ahead of us. With the Internet and other means of media production and distribution—video especially—at hand, knowledge institutions like universities, libraries, museums, and archives have a special responsibility now to counter misinformation, disinformation, and fake news—and especially efforts to control the free flow of information. A film and video producer and former book publisher, Kaufman begins to draft a new social contract for our networked video age. He draws his inspiration from those who fought tooth and nail against earlier incarnations of the *Monsterverse*—including William Tyndale in the 16th century; Denis Diderot in the 18th; untold numbers of Soviet and Central and East European dissidents in the 20th—many of whom paid the ultimate price. Their successors? Advocates of free knowledge like Aaron Swartz, of free software like Richard Stallman, of an enlightened public television and radio network like James Killian, of a freer Internet like Tim Berners-Lee, of fuller rights and freedoms like Edward Snowden. All have been striving to secure for us a better world, marked by the right balance between state, society, and private gain. The concluding section of the book, its largest piece, builds on their work, drawing up a progressive agenda for how today's free thinkers can band together now to fight and win. With everything shut and everyone going online, *The New Enlightenment and the Fight to Free Knowledge* is a rousing call to action that expands the definition of what it means to be a citizen in the 21st century.

"Damour draws on decades of experience and the latest research to [propose] the seven distinct--and absolutely normal--developmental transitions that turn girls into grown-ups, including parting with childhood, contending with adult authority, entering the romantic world, and caring for herself. Providing ... scenarios and ... advice on how to engage daughters ... [this book] gives parents a broad framework for understanding their daughters while addressing their most common questions"--Dust jacket flap.

Finalist, French-American Foundation Translation Prize In an age that prizes political and personal transparency, **In Defense of Secrets** champions the secret as what permits relation and ensures our humanity. Psychoanalyst and philosopher Anne Dufourmantelle drowned in 2017 in an attempt to rescue two children caught in the ocean. Her work lives on, though, in this provocative and necessary book. Through etymologies and case studies, personal history and incisive commentary on contemporary society, **In Defense of Secrets** returns us to the fundamental psychic scene of the secret. The secret, for Dufourmantelle, is not a code to be cracked or a firewall to be penetrated but a dynamic and powerful entity that permits relation and that ensures our humanity. Tracking the secret through art and literature, philosophy, psychoanalysis, and sociology, from the Inquisition to the present, Dufourmantelle's writing spirals around the question of the secret's value. In our age, when political and personal transparency seem to be prized above all—lives posted on the Internet, information leaked, whistles blown, taboos absent except with respect to the secret itself—**In Defense of Secrets** champions what remains hidden, private, veiled, hushed, just out of sight. The secret is on the side of nature, not science; organic growth, not technology; love's generosity, not knowledge's grasp. For Dufourmantelle, the secret is a powerful and dynamic thing: deadly if unheard or misused, perhaps, but equally the source of creativity and of ethics. An ethics of the secret, we can hear her say, means listening hard and sensitively, respecting the secret in its secret essence, unafraid of it and open to what it has to say.

An engaging exploration of the style that permeates all things French—perfect for anyone looking to achieve that classic French flair For Harriet Welty Rochefort, an American who has lived in France for many years with her very French husband, it's clear that the French truly are singular in the way they live, act, and think—from the lightness of their pastries to the refinement of their Hermes scarves. They simply exude a certain *je ne sais quoi* that is a veritable art form. The French revel in the moment, appreciate the time spent in preparing a perfect feast, pay attention to the slightest detail--whether flowers on the table or a knockout accessory on a simple outfit--and work hard when not enjoying their (considerable) leisure time without an ounce of guilt. Their *joie de vivre* can come where you least expect it: for the French it's better to have a *chagrin d'amour* than no amour at all, and for the Frenchman a day without discord is a day without a kick. They have fun (yes, fun !) when they fuss and feud, squabble and shrug. When it comes to *joie de vivre*, Harriet is convinced the French are unbeatable. With good humor and genuine affection for the prickly, paradoxical, and pleasure-seeking Gauls, she takes the reader on her own personal journey through the often byzantine French mindset, sharing tips and tricks such as how to diet like a Frenchwoman and project confidence like a true Parisienne. In her signature warm, witty, and entertaining voice, Harriet shows how *joie de vivre* permeates the French way of life, precisely because it doesn't include a "pursuit of happiness." Fortunately, she discovered, you don't have to "pursue" happiness in France. It pursues you.

Ten-year-old Ernest lives a flat, colorless life. Each day is the same: he comes home right after school, eats a healthy snack, and does his homework. Enter Victoria, the new girl in class. Victoria instantly falls in love with Ernest, and bulldozes her way into his life. Much to Ernest's surprise, he likes it. Bit by bit, color seeps into Ernest's humdrum existence--and he begins to realize that life can hold an endless variety of love, friendship, adventure, and change."Quirky characters, heightening suspense, and hilarious situations are deftly combined in this tender novel, which examines a few of the large and small ways people affect one another." --Booklist, starred review

A Novel of Rumi

Project: Happily Ever After

Le Prix d'Amour, a vibrant Paris cabaret, is caught in the crossfire of the occupation. Everyone is being watched, and some of *Le Prix's* colourful performers are hiding dangerous secrets. Monsieur Maurice manages *Le Prix d'Amour*, a successful Parisian cabaret, which boasts glitzy performers and sassy showgirls. But with the German occupation in June 1940, Maurice treads a fine line between his German patrons, the French police and the Gestapo as he hides the dark secrets of his performers. Two of his lively showgirls, Lily and Poppy, soon join Maurice in the hunt for an informer who threatens to betray them. With the Allied landings, the tension builds and Maurice is pushed to his limits as his performers finally take the fight to the invader in their own flamboyant way. *Secrets and Showgirls* portrays an occupied Paris in which exotic cabarets

existed uneasily under the heel of the invader. It follows the antics of Maurice, Lily and a glittering array of characters, but never loses sight of the battle to survive that characterised the life of the everyday Parisian.

Meet Tannie Maria - recipe writer turned crime fighter - and before she has time to take her Venus Chocolate Cake out of the oven, our glorious heroine finds herself embroiled in another mystery. In this wonderful sequel to *Recipes for Love and Murder*, Slimkat the bushman finds his life under threat and Tannie Maria is determined to find out who wants to kill him. But her boyfriend is keen to keep Tannie out of danger, and she's pretty sure he's hiding something so Tannie has mysteries of her own solve . . . Blending a perfect whodunnit with lovable characters, Sally Andrew really does have the perfect recipe for a crime series.

2014 Forest of Reading, White Pine Award – Winner, Nonfiction The true story of how a young Québécois nun ended up a prisoner of war in Buchenwald and how her daughter discovered her secrets. In this true story, Armande Martel, a young nun from Quebec, is arrested by the Germans in 1940 during a stay at her religious order's mother house in Brittany. She spends the war years in a German concentration camp. After her return to Canada, she leaves the Church, finds the love of her life in Montreal, and adopts Lise Dion. Growing up, Lise is familiar with only a few facts of her mother's past. It's when she clears her mother's small apartment after her death that Lise Dion discovers the key to the blue trunk, which was always locked. This key unlocks the mystery of Armande's early life, and Lise decides to write *The Secret of the Blue Trunk*.
