Samkhya is one of the most important six systems of Hindu philosophy. Its contribution to our knowledge of Reality and the world is crucial. Vedanta, one of the other six systems of Hindu philosophy, accepts most of the basic concepts of Samkhya. Not only Vedanta but also modern science, cannot be understood in all their nuances without first understanding the tenets of Samkhya. This English translation of Isvara Krsna's Samkhya Karika with the gloss of Vacaspati Misra is by Swami Virupakshananda, who was a senior monk of the Ramakrishna Order and a prolific writer. The book comprises word for word meanings, a free translation and questions and answers.

In conformity with the objectives and recommendations of the latest National Curriculum Framework, we have developed Get Smart–A Multi-skill English Language Course comprising Coursebooks for Primers A and B and Primary Classes (Grades 1 to 5), and Workbooks and Literature Readers for Primary Classes (Grades 1 to 5). This series adopts an eclectic approach which keeps the child in the centre of learning and encourages teacher-student interaction as well as collaborative and experiential learning. This series follows the latest teaching-learning pedagogy and lays emphasis on the four language skills–listening, speaking, reading and writing–along with vocabulary and grammar. It combines the advantages of structural and communicative approaches. The universally accepted themes and language-learning activities have been blended for the progressive development of learning abilities, besides teaching life skills and values for the learner’s holistic development. Special Features of the Coursebooks • Themes include a wide range of universally-accepted prose and poetry. • Warm Up comprises a hands-on exercise or activity having direct relevance to the theme of the text. • Use Word Check tests whether the learners have understood the difficult words taught in the text. • Sum-up Text includes exercises covering textual questions that develop and test factual, inferential, evaluative and predictive understanding of the lesson. • Word Wise hones the pronunciation and vocabulary skills of the learners through a wide variety of topics. • Grammar Check consists of explanations and examples followed by exercises that not only help learners understand grammatical concepts but also apply them in various situations. • Listener’s Lap develops the listening skills of the learners through interesting texts, short poems, anecdotes, etc. along with the exercises based on these texts. • Speaking Track paves the way for the learners to participate in dialogue, role-play, choral speaking and other activities to enhance their communicative skills. • Pen Down includes different types of creative writing exercises used in everyday communication. • Finish Line at the end of every lesson, focuses on cooperative and collaborative activities that the learners may use in real-life situations.
