This book explores conflict through the discerning lens of Integral Theory, applying Ken Wilber’s AQAL model to a real-life case study, the River Conflict. Coauthor Richard J. McGuigan was a mediator in this ongoing dispute over fishing rights on the Fraser River in British Columbia, a situation where commercial, recreational, and First Nations fishing interests clashed. Voices of the various stakeholders are featured prominently, giving a vivid sense of a seemingly intractable situation. McGuigan and Nancy Popp set the stage for their Integral analysis of the River Conflict, then move expertly through four chapters aimed at understanding the conflict from the four dimensions of human experience: individual, collective, interior, and exterior. The result is a powerful picture of just how “integral” conflict is. This quadrant-by-quadrant analysis is well-punctuated by sidebar observations, insights, and tips for conflict practitioners or students, giving readers new to Integral Theory additional**

To top it all off, her only ally who hadn't been incapacitated is...a Blue. Yet Kallie isn't about to let that stop her. She might be outmatched, and in over her head, but she's also stubborn as hell.
